A Tale of Two Cities: A Christmas Novella Alexandra Warren

When people think of a holiday for love, they automatically come up with Valentine's Day.
But who's to say that's the only one?

Director, Dallas Bryant, isn't looking for love this holiday season, but that all changes when Madison Walker and a mistletoe come in the picture. :)

A Tale of Two Cities Collection:
Cute & Sweet Millennial Meets Over a Holiday,
All With One Thing In Common; Cities.

Note: This is a short novella with a happy-for-now ending.
If you prefer your stories longer, I'd recommend checking out another Alexandra Warren project. :)

Big city/rockstar isn't usually my trope, but this was just too cute! I loved how Madison was just one step ahead of him the whole time, he didn't stand a chance. I can't wait to read the rest of this series!

Chefgirlardee says

Madison and Dallas were quite a match. I liked how their careers connected both of them. I also enjoyed the linked cameos from former book characters from Alexandra Warren's previous books. Danielle and Madison were so much fun together. Especially the whole "Merry Dick-mas" song lyrics. Super cute novella for this time of year!

Leah Stevens says

Loved this holiday series!!!!

I've so enjoyed this holiday series. I believe Madison and Dallas may be my favorite couple. I love how previous couples were seamlessly blended into the stories. Danielle was a super hilarious supporting cast! She certainly added some laugh out loud moments!

Deena says

Nice!

I'm absolutely loving this series! Although I must admit it completely flew over my head that the characters are all named after cities ??.. This is definitely a novella, but still very satisfying. Cute characters and storyline.

I missed Reagan/Gavin and Alexis/Jaden's stories, so off to Amazon I go!

Porscha Sims says

Greatness

I loved this one just like the other two. Hoping for a New Years book too. That scene in the basement was everything, didn't think Madison had it in her but loved that she did!!! If you haven't read the Halloween and Thanksgiving books you most certainly should.

Lee Holden, E. says**Great read**

Great read, I enjoyed the characters and storyline. Dallas and Madison are a good match. They have the same goals and ambitions. All the characters in this novella upbeat and fun. I recommend this book.

Kizzy says**Great Story**

It was nice seeing the characters from the other books. Kind of like an epilogue so to speak. I love how Dallas' first impression of Madison had nothing to do with what she was wearing!!!

Fatima says**Dallas Bryant ?**

I've read 3 Christmas stories in one day and this was the best one I've read so far! I loved Madison and Dallas's chemistry. I also liked how the author seamlessly added characters from her previous books in the story. I would look like to see a full length novel on Madison and Dallas.

Tatasha Phillips says

Good read!!! Felt like it could have been some more or well be some more from this couple. (Hint Hint)

Vernell Howard says**My Fave!**

This one was my favorite because Madison and Dallas were modest people. Their aura and chemistry spoke volumes considering they worked in an industry that is so demanding and all about the glitz and glam, but I'm glad they made a love connection in spite of their friends with benefits title. Great Read! More! ReneeG ?

Terra Robinson says

Short but sweet!

Perfect length for the busy holiday season? I really enjoyed Madison and Dallas' story! I also love how the author references her previous works by having those characters cameo. I've been catching up on all of her releases, and the references help me decide what to read next! Good story!

Cute Love Story

I am totally loving these quick holiday reads. I hope there is a New Years Novella coming as well. Madison and Dallas were really cute together. Being in the same industry I can see a long term happily ever after for them. This instant attraction to each other and the chemists was a recipe for love at first sight. As always I like the catch up on past characters Akexis and Jaden and Zalatah and Gabriel. Can't wait to see what amazing stories that you have in store for us in 2019 Alexandra. Merry Christmas and Happy New Year.

Daphne says

Loving the cities collection

Dallas and Madison did not disappoint! Danielle was hilarious with her rendition of the Christmas songs. The appearance of previous characters was a nice touch. The laughs were plenty, 32 hoodlum elves took me out!! Is Boston going to take us somewhere for the new year???....

Tamika Andrews says

Merry @#\$!mas!

Alexandra out did this one bringing so many of our favorite couples back and great editing. I love Za and Gabe!!! They are my favorite. But Dallas and Madison was steamy. I love her timid nerd thing with her secret side only for Dallas. Proves even celebrities prefer that down to earth struggle to make it thing. Great read! Happy Holidays!

Kendra Thompson says

Reading gold!

I have been a fan of this author for sometime and I always recommend her work to fellow readers. This story was everything I really enjoy how her characters are weaved into new adventures. The characters are always

solid and even in a novella you will not be disappointed. Wonderful read waiting on her next treasure to be released.
