Candice says

Excellent series. I can't wait for the tenth installment, "Return of the Encala".

Keelie Howard says

I loved this whole series!!! I hate what happened to Daine. Although I did like to read about the all found happiness in the end. Its amazing how Emily and Chev were able to stay together throughout the whole series with all that they had to go through. It broke my heart when Alex and Garrett broke up but I was glad to see that she found true love in the end and that she also got the chance to be a mother like she wanted.

Dalla says

i absolutely loved this series

Stephanie says

I really wish the last 2 books were more focused on Emily. It was a really good despite that.

Cara McWhirk says

While there was a huge plot twist and an interesting story, the one thing I didn't like was the epilogue, just because I felt the author tried too hard to tie in inside jokes from books ago even though it was really random in the moment. Apart from that, I really liked the way Emily was portrayed after Dain's banishment. She hated Garrett because of what he did to Alexis, but she still held a grudge against Alexis and Allen. It just felt like a very "Emily" thing to do. All in all, a decent ending to a pretty good book series, one of the best of the series in my opinion.

Loved it!

Jessica says

This series started off kind of iffy for me, but it got better! I'm a fan now and I'm sorry it's over. I'll definitely check out Nielsen's other series.

Bonnie says

This was the best one in the series. I wish the other books would have been as good. I did get hooked on the characters but Emily was frustrating and I almost stopped reading the series at one point because of her crazy decisions over and over but I stuck it out and was pleased at the end.

Now I would like more of Emily and Chevillier with a more mature Emily.

Liza says

Awww I didn't want it to end so soon. :(I hope Nielsen will change her mind and continue this series since she has immortal characters and more adventures!

Alex says

I'm done with the series! It actually ended well, I finished the last book in a day

Katie says

This whole series was fantastic. It was quick, thoughtfully entertaining and interspersed with small snippets of humor.
