Beyond Hereafter Kimberly Stedronsky Adams

Vivian wanted the fairy tale.

Keaton wanted *her*.

Finally together, Vivian and Keaton are ready to become a family and have their happily ever after... but real life isn't always like the movies.

As Keaton strives to regain his strength in the aftermath of the killings, Vivian supports him and plans for their lavish wedding. Their new daughter is the light of their lives, bonding them in a way they never thought possible.

Keaton is stunned when the script of a lifetime lands on his desk. He is convinced that he can both direct and star in the classic remake, diving into the project and working relentlessly to bring the movie to life on the silver screen.

Behind the scenes, Vivian is devastated as Keaton succumbs to his alcoholism. After an unspeakable night, she finds herself at Luke's door, asking for his help when she realizes that she can no longer be strong for Keaton alone.

As Luke steps in to help mend their broken family, Vivian struggles with her heart, refusing to give up on Keaton. Tension rises as the couple sets the classic love scenes on fire, attracting attention all over the world with their onscreen chemistry.

When the credits roll, they must decide if their future is together... or if their love belongs on the cutting room floor.

4.5 Stars

Marissa says

4.5

Michelle Johns says

Excellent! Kimberly you have done it again.

I loved every word and it was the perfect ending to the perfect love story.
Love the references - that was awesome.

Tracy Parker says

Overall good series

Not too predictable and ending was good. The story was relatable and you rooted for them to get together.
This book also deals with addiction and how it affects others.

Rael111 says

Book 3. Actress and mother, big hollywood director. What can go wrong? Well keep reading and you will soon find out that there is so many twists and turns in this series. So much drama!!
I enjoyed it!

Hazera says

2016?! You kidding me!

Jen~KU Book Reviews says

What a ride! I truly enjoyed the conclusion to the Movie series. Kimberly Adams delivered a great finale and I'm going to miss these characters!

Amy J Romance Author & Reader Events says

4.5

So happy I read this series. Love love love V and Keaton.

He is swoony and charming. She is young, dumb, but caught up in him.

Their relationship comes full circle and we see the demons and the co-dependency unfold and what happens when ignored.

The author does a good job with merging fiction , romance, and some real life.

Tracy Lawson says

So I actually really enjoyed this book much more than the previous two I thought the story flowed better and wasn't as over dramatic it had the perfect amount of drama and angst PLUS Vivian didn't get on my nerves as much which is also a bonus.

Overall there was something compelling about this series was it the best written books I've ever read no not by a long shot but they were addicting which in this case is classed as a win so I would for sure definitely recommend them.

Annie says**Loved this series**

So excited to have the conclusion of Vivian and Keaton's story I couldn't wait to read it. While I enjoyed reading it - it did at times seem a little rushed. The strength of these books was always the wit and banter between K and V ... this was lost a little bit this time with Keaton's almost unforgivable act. I have absolutely loved this series.

Donna says

When a favorite author takes some time off (3 years), a reader can go into a bit of a book depression, especially when in the midst of a series. Then said author pops up and gives the world Beyond Hereafter, the final book in said series and the reader is BLOWN AWAY!!! OMG, I don't like the wait but it was SOOOO worth it!! If you have been following Keaton and Vivian, get a seatbelt, get a helmet, get some tissues and find a door to lock yourself behind. You will not want to put this book back once you start and IT IS A BUMPY ride!!! I wanted to hurt someone, I wanted to hug someone and I wanted to scream. I LOVE this author, I LOVE these characters and I LOVE this book and series. Get it, read it and fall in love with the Movie Trilogy, you won't regret it!! 5 fabulous, it's been a long time coming, thank god, it's finally here stars!!!
