Mother wanted--by billionaire prince!

A potential prince comes from abroad... with revenge on the Royal House in mind... Adam Ryder is impossibly wealthy in his own right, and he's always known he's the illegitimate son of a Nirolian prince. Elena Valerio's blindness has never held her back. Pam says

I loved it all. The story was fantastic and the characters were great. I really loved the hero and his growth. The heroine was also written very well. I have enjoyed the House of Niroli so far.

Ladyacct says

Good romance, although the hero seemed kind of dishonest to me at first, but the author - I don't know - tried to make it kind of accepted due to revenge.....I actually adored the heroine as she was a really strong, smart, and talented woman.

Weak points though on the story arc though.

Sofia Lazaridou says

There was no bride or royal appointment in this book. It makes me wonder why the author chose that title since it is unfitting. The story is almost like your typical Harlequin. She is strong and caring and more aware of the world than him who I could characterize as blind and stubborn. I don't think I would suggest this book to anyone.
