An Awesome Collection of Stories.

The Witch The Wolf and The Vampire - A K Michaels.

peri is a young witch on the run, living on the streets under the radar of 'them', Taking jobs as a bounty hunter to earn money.

Josef and Gabe returning to their hotel one night come to the aid of a young woman who has just apprehended a man.

Both men are drawn to this young witch and take her back to their home while she recovers. determined to find out her story, Josef uncovers why she lives in fear and both men know they'll do anything to protect her, they come to realise just how special Peri is to them and know they'll never be able to let her go.

This is a fabulous story full of excitement and adventure, 1 incredible powerful sexy vampire and a gorgeous huge wolf shifter. You'll need a fan when these protective sexy men show peri exactly how they feel about her !

A fantastic read that you won't want to put down.

Frippe House - Eden Elsworth.

Not a story to read at night when you are home alone - yes this story did spook big to me lol

What would you do if you inherited a house that turned out to have a malevolent spirit ? I'd run as fast as my little legs could carry me but not Becky Frippe, nope, she's determined to bring to an end the curse that's plagued her family for generations.

Again and again this Authors talent and imagination never ceases to amaze me. I look forward to seeing what she comes up with next.

The Reaper and the Cop - Mina Carter.

Wow just WOW, what an awesome read, Laney is feisty, sarcastic, petite and a Reaper ! Troy is a big strapping Hot cop who is one of the few humans who can see the supernaturals and feels he needs to protect Laney from the monsters, boy is he in for a shock when he realises the 'monsters' are scared of her.

This story had me in its grip from the beginning and ended way too soon, can't wait to read more.

Her Dragon to Slay - Julia Mills

One smoking Alpha male Dragon shifter and the sassy independent woman who just happens to be his mate. When Kyndel bumps into Rayne, well, trips over him actually she's throw head first into a whole new world. This is a hot and steamy read with a large dose of danger and betrayal that leaves this tight knit band of guardsmen shocked to their core.

A very enjoyable read.

Darkness unleashed - Stephanie Rowe

OMG what an incredibly awesome read !

Angels, Demons, Warriors, love, lust, loyalty, a trip to hell, this book has it all and more. This story had me up till the early hours unable to put it down, needing to see what happens next.

This author weaves a tale that has you gripped from the beginning and doesn't let go, a plot full of unexpected twists and flows seamlessly to create a roller coaster ride that leaves you wanting more.

This is the first thing I have read by Stephanie Rowe but I will definitely be searching out her other books, her quality of writing is extraordinary and is something I can't get enough of.

A truly exceptional talent.

Conjuring Darkness - Melanie James

This supernatural story is steeped in the Myths and magic from a biblical time involving witches, Demons and sacrifices.

Lexi and Ryan have a great connection creating a sexual chemistry that is both hot and tender. As the adventure to find Lexi's sister Kate unfolds, twists are revealed and dangers are faced, no spoilers but Lexi in the desert ! I didn't expect that and the ending leaves you reaching for the next book.

What a great anthology for a great price. You can never go wrong with all of these fantastic writers. Here is reviews for a select few stories from this.

A Love For Somnus by Nicole Garcia : Somnus, the God of Dreams, will never love again. After losing his love a hundred years ago, he swore to keep himself from feeling again. Yet when he meets Lailani Love, there is a strong pull to be with her. Lailani has suffered her whole life with Endometriosis and the daily pain it causes her body, let alone the inability to have children. Going to a party at the hospital with her sister brings that emotional pain back. Yet she sees the handsome man she met the night her niece was born there as well, Somnus, how could she ever forget him, after saying his name over and over again. She always hoped to see him again. Yet the emotion of her life compel her to leave and wait in her sisters car, when a strong pain grips her. The next thing she knows, Somnus has caught her and everything goes dark. Somnus takes Lailani home and waits for her to wake. Later when Somnus has a terrifying dream of him and Lailani together he vows to stay away from her. Yet his friends (Hercules) and fate won't let that happen. Somnus eventually learns more about himself and the truths in his life. Will these truths keep him away from Lailani or draw him closer.. Nicole lets the story take you where it needs to go, which never goes wrong. . It was a sexy and exciting read. I couldn't put it down.

Conjuring Darkness by Melanie James : The cover of this wonderful book, had me at first. The story inside, kept me going. Amazing, intriguing and author Melanie James totally surprised me. I really wasn't sure where this story of Lexi was taking me. Receiving a cryptic letter from her sister, Lexi sets out on a journey and adventure with the ever so sexy Ryan Kidd. Battling real live dangers as well as supernatural, this book has you mesmerized with what is going to come next. Even the ending surprised me! A wonderful read you will thoroughly enjoy! I highly recommend Melanie James.

Dark Love by Claudy Conn : Chazma is devastated by her parents murder. She knows she will find answers in Ireland, so she takes a job as a librarian for Lord Jethro Mc Bain. She has a strong attraction to him, but sees darkness around him, so she can't fully trust him. I love how Claudy brings in all aspects of the paranormal in this wonderful story.

Exquisite Breath of Darkness by Candice Stauffer : I loved this story of Mia and Joseph. Joseph and immortal and Mia a Lycan, though she doesn't know it yet. It is an exciting journey you will be glad to take with them. It will also make you want to read the rest of this series

Most of all this wonderful anthology of paranormal stories benefits The Epilepsy Foundation. Get yours today.

Bought this on a whim - a cheap e-book collection with proceeds going to charity, what could go wrong? EVERYTHING. DNF this after 14%, read the first three stories and did not like a single one of them.

### *Mina Carter - The Reaper and the Cop*

One star, maybe two. Got to the sex too fast (yes, just take the injured woman home and fuck her) and didn't like the voice of the mc.

### *Julia Mills - Her Dragon to Slay*

Minus a million stars. Terrible writing, awful schlock. Far too long. Skimmed after a few chapters (seriously, what short story has 20+ "chapters", some of them only two pages long?!) and no. Just no. Everything about this was appalling.

### *Stephanie Rowe - Darkness Unleashed*

Two stars, could have been three but omg the aaaaaaangst. Writing was solid but it just went on and on and just lost me with the dramaaaaa towards the end, followed by the 180° turn into a kitschfest for the epilogue.

Just.. no.

### Her Dragon To Slay by, Julia Mills

The detailed description of the large cast of characters really made me "see" and know each of them. Kyndel is a breath of fresh air as a strong woman in her own right. She is not some tall, slinky blonde. She has curves and always felt a little over weight. She has freckles and reddish hair with emerald green eyes. She cares about the people around her and is quick to help those in need. The only thing she is afraid of is walking alone in the dark, which is exactly how she meets Rayne Masterson. He quite literally crashes into her life on her walk home from work in the dark. It's all about the universe and destiny from there.....This is a steamy romance of two mates finding each other, a story of the unconditional loyalty of brotherhood and all the laughter, games and fun they have together. This is also a story of unimaginable loss and betrayal.....

### A Love For Somnus by, Nicole Garcia

This is really Somnus and Lailas story, but, pretty much everyone gets in on the act. Actually, between Olympus and the Underworld, it's turning into a regular Peyton Place.

Jupiter, the King, has been keeping some pretty significant secrets that I sure didn't see coming. ....So, anyway, there are a couple hiccups to cure and get over for Somnus and Laila, but, O.M.G. when they do, hot, hot, hot is all I can say. At the start of this story, I just wanted to cry for Somnus. Then I spent the rest of the time chuckling, sighing, and Oh hell noing it. This book had me right up to the very last sentence..... Again, didn't see it coming at all! I am already wanting the next installment.

### Conjuring Darkness by, Melanie James

I was totally captivated by the whole story line of magic, witches, an amulet and a love that transcends time

and space.

The characters are all well developed and the journey flowed smoothly so it's like I could actually see it play out in my mind's eye.

The relationship that grows between Lexi and Ryan is a mutually erotic romance, no games, just an amazing love that plays well within the story line as an ancient evil spirit and seven witches battle to open a portal buried centuries ago and recently uncovered that will release hell on earth! It comes down to an amulet. And just guess who has this amulet!!!!

Chasing Magic by, Gena D. Lutz

The final trial, what every witch spends years working toward. Freedom to use magic outside the covens watchful eye..... Anika Webb is preparing for her final, and is carefully brewing her spell. ...Her boyfriend Drake, a very powerful Warlock, also happens to be son to the High Priestess. Pretty cool, right? ..... right up to when we get to Tamara, Anika's best friend, more like sisters really. Well, not so much anymore for Tamara. She has let jealousy for all of Anika's accomplishments eat away at her until blinding hatred drives her to sabotage the final trial. There are other things to deal with along the way, such as the Alpha Werewolf, Dante and his Crimson Wolves....An Imp, Cerin, half demon, half fairy, complete with a small side effect, and an accidental fairy who refuses to be human again.

This is a quirky, romantic and thrilling read from start to finish, except that I don't think it's over yet. You see, while speaking to the High Priestess, Anika forgot to tell her a couple of things in all the excitement. But hey, there's always tomorrow, right?

You need to read this yourself to learn about the result of the final trial, and what became of Tamara?

Come and be captivated for a while.....

Exquisite Breath of Darkness by, Candice Stauffer

I really enjoyed this story and being able to journey along with Mia and Joseph. Believe me, it is quite a journey that has you holding your breath with fear and at times, suspense at other times.

The last chapter really made me change my mind about Eli and his convictions. I hope we see more of him in the future.

This book can be a stand alone read, but I strongly recommend reading this series from the beginning as there are appearances by previous favorites and their stories are too good to miss.

Absolutely great adult paranormal romance!

Dark Love by Claudy Conn

A remarkable tale of murder, lust, mystery, magic, revenge, love and a power so dark it ripples at the edges of reality itself. That said, I'd also like to say, there is just something so enchanting about Ireland which is where Chaz takes a job in order to continue her investigation. Her parents have been brutally murdered by what seems to be a serial killer and she is consumed with the need to avenge them. There is a mystery to be solved if she is going to find their killer.... Chaz is also coming into her own as a witch. All these stirrings of power and lust she is feeling are the last things she wants to be focused on. Then she meets Lord Jethro McBain..... dark and dangerously handsome. He is unlike any other man she has ever encountered, He makes her feel things she has never felt before. She can feel the power, it almost sizzles around him. ....The scene in the study is sinfully erotic. But Chaz is determined to stay on task, so she must avoid Jethro, who she just knows is hiding something from her. Can she trust him? Hell, can she trust herself?

This first review is for the following book:

The Witch, The Wolf and The Vampire, Book 1

Honest review (more reviews will follow)

I was reading a romance novel and had this book constantly in my thoughts so I gave up on reading the other book to read this and I'm so glad I did because I loved it. The book is exceptionally written and I loved the way it included most characters thoughts/pov's, I had a lump in my throat at a certain part and tears at another (I won't give any spoilers away) but I will say that I've finished the other 3 books in this series and totally recommend them. So happy reading peeps totally recommended :)

## **Kristine (A Cozy Booknook) says**

I have the pleasure of reading several of the stories offered in this collection and they're great!

Her Dragon to Slay by Julia Mills - this is the first in her Dragon Guard series. The story will quickly grab your attention and leave you wanting more when you finish. I love this series!

The Witch, The Wolf, and The Vampire by AK Michaels - This is the first book in that series and I loved it! I've found a new favorite author with this book, I loved it! The story quickly grabbed my attention and kept me turning the pages to see what would happen next. The characters are interesting, and multi-layered, for example, the witch is very innocent in many ways but so wise and smart in many others. I can't wait to see what happens next!

Darkness Unleashed by Stephanie Rowe - This is the seventh book in the Order of the Blade series. This is a great book, it will definitely take you on a roller coaster ride. This is a story that has so much depth, emotion and conflict, it will have you hanging on for the ride and leave you wanting more when you finish the story. I like this series more with each book I read. Stephanie Rowe does a masterful job of painting pictures iwth her words, making it seem as though your right in the middle of what's going on. I look forward to reading more!

I've read books by several of the other authors in this collection and haven't been disappointed. This is a great opportunity to read books by authors you may not have tried yet; and it's for a good cause! I would definitely recommend this collection!

## **Sheryl says**

I am giving this review for author AK Michaels for her story The Witch, the Wolf and the Vampire.

Peri ran away from a coven when she was 15 to save her life from being killed and she has been running for 6 years. She has survived living on the streets and now finds herself waking up in a lavish bedroom. Josef has lived a long life and never expected to have his heart captured by the girl sleeping in the bedroom and he

finds his heart starting to melt when ever he looks at her. Gabe had a troublesome childhood and was always in trouble until he is saved from death 1 night by Josef and now he also is loosing his heart to the girl sleeping in the guest bedroom.

This book is a great read for any paranormal romance lover because you have a witch, a werewolf and a vampire as the main characters and they all interact as a a threesome. The story line has action,mystery, suspense and romance from start to finish.

Together Gabe and Josef try to keep Peri safe from the coven and Peri slowly finds that Gabe and Josef both offer her something she has longed for over the years she has been running, a safe home and being loved.

This is book 1 of the series by author A K Michaels and any paranormal romance book reader would love to get this in their collection it is that much of a great read and very hard to put down once you start reading it.

All of the books in this collection is simply amazing stories and a must for any paranormal romance book lover.

**DELIGHTFULLY WICKED !!!**

OMG! What a fabulous collection! It's like an all you eat buffet by the who's who of the authors we all know and love! And the icing on the cake - it's for a very worthy cause! All proceeds benefit The Epilepsy Foundation. I personally have witnessed the devastating effects of epilepsy first hand by seeing a family member suffer from this debilitating disease for years, so I would like to shout a big thank you to every single author who participated in this effort. I am familiar with quite a few of the authors in this set and I've read their stories individually but several of them are new to me and this will give me the opportunity to try their work without having to break the bank. The Witch, The Wolf and The Vampire is one of my favorite series of all time by the very talented A K Michaels. Her Dragon to Slay by Julia Mills is the first book in her bestselling Dragon Guard Series which I love! Mina Carter is another of my very favorite authors and her contribution to this set is The Reaper and the Cop and believe me when I say, it gives you thrills and chills! Melanie James is another of my favorites and her story, Conjuring Darkness will leave you breathless! Well, that's enough from me; I want to read the other stories in this great set. I've given you only a little hint of what you'll get in this remarkable collection! So, what are you waiting for me??? Get busy! Try it! Buy it! You'll love it! And remember, it's for a very worthy cause! Happy Halloween everyone!

Her Dragon To Slay by Julia Mills

REVIEW - 5 Stars

In this book we have Kyndel she is a strong woman made that way by her grandmother after the death of her parents. After losing her grandmother Kyndel never forgot her grandmothers words and has lived by them. While walking home from the gym through a park one evening Kyndel knows someone is hurt she doesn't see anyone at first however. Then out of no where a gorgeous man with the bluest eyes she has ever seen lands on the ground. He is severely hurt and Kynel can't walk away. Something is pulling her to this man causing her to throw all caution aside. She takes him back to her place and puts healing herbs on his back. The tattoo on his back is like calling to her.

The man wakes the next day and has now told her everything about him. Kyndel doesn't know what to believe but her faith and inner self says she can trust this man.

Rayne is the leader of the Dragon Guard and he lets Kyndel know the person he fought was actually after her.

Many things transpire and someone who the Dragons thought was one of them well lets just say it's a shocker. Read the book !!! This book is well written, and If you are a Dragon shifter lover like myself then you are going to love this book. Totally recommend it !!!!

Author Melanie James has ROCKED IT with her Paranormal Writing !!!

Ryan is a very good friend of Kates husband Kurt and he is pulled into this mission along with Lexi.

Sparks fly between Lexi and Ryan but not too fast and I really enjoyed that about the book.

REVIEW - 5 Stars

In this book we have Anika a witch and her boyfriend Drake who is a warlock but a good one who fights the dark ones. We also have Tamara who at one time was Anika's best friend but one day while Anika is making up a potion of sorts Tamara decides to throw something into the batch and it makes the potion evil. It escapes and all hell breaks loose. Its up to Anika and Drake to stop it but will they be able to do so before anything seriously bad happens?

The author has given in this book many different varieties of paranormal creatures

We meet Faing who is Anika's pet dragon , we meet werewolves who no one really knew were even in town.

We also meet an Imp and then we have a fairy.

The book was hilarious in some spots and pretty suspenseful in other areas. I enjoyed it !!!

REVIEW - 5 Stars

In this book we have a young witch named Peri. She has been working for a bounty hunter in order to make only cash so that she had no paper trail to lead anyone to her. While out on a job one night she encounters Josef a Vampire and Gabe a werewolf who are best friends for over 100 years. Yea the ODD COUPLE I want to call them. Love it !!

Someone or something is after Peri and Josef and Gabe are determined to protect her no matter what. But when they find out who it is that hurt Peri they know the situation must be dealt with. Josef is a very powerful and rich vampire and he has called in some of the best to find out what the situation may be with Peri and what he first learns is nothing but less than SHOCKING.

Peri starts to learn about her powers and she also endures a very heartbreaking scene.

I can honestly say I enjoyed this book. It gave great detail about each character and helped me get to know them.

And wow they figure out they are all 3 mates .. And a mating is soon to come. .

What an AMAZING list of Authors within this MASSIVE Anthology, with all proceeds going to the Epilepsy Foundation. With that in mind, I'd like to personally thank everybody who played a part within

making this boxset.

I will write my reviews as I read the stories within, so currently my review is unfinished.

The Reaper and the Cop by Mina Carter....

Her Dragon to Slay by Julia Mills....

Darkness Unleashed by Stephanie Rowe....

Spark by PM Briede....

Remote Paranoia by Jami Brumfield.... I loved this Case file from the PBI, I was quickly drawn within the story, transfixed to the pages while Devon, Frankie & Fang work to solve the case. Sarah is off with the Amazon's, I'm not really sure what she's doing, hopefully Jami can put some light to her side of things soon. What a case this file is, leaving you guessing, full of twists & turns...

'Remote Paranoia' is "PBI Case File" number 5 in the series, it can be read by itself or you can read the series in order... I would recommend reading it in order. I CAN NOT wait to read what case comes next for the PBI.

Dark Love by Claudy Conn....

Frippe House by Eden Elsworth....

A Love for Somnus by Nicole Garcia.... I loved this book, this is book 2 in Nicole's "A Roman God Romance" series....if you haven't read book 1 'Cupid's Heart' yet, please do before you read "A Love for Somnus" as it's set 2 years after book 1.

Somnus is having a bad day, he's grieving, well he has been for the past century, but the date that Cupid & Val decide to have a special birthday for their son Kane & the other babies from the hospital.... lands on the day that Somnus lost the love of his life (well at least that's what he thought). Arriving at the party he bumps into Lailani, whom he hasn't seen since the birth of Kane & things seem to go from there.... Hercules & the other Gods from Mount Olympus are here & some secrets come out that shocked me.

I found Somnus' story sad at times, but it was beautifully written, I can't wait to read the next book of the series, fingers crossed it's about Hercules. I NEED more of "A Roman God Romance" series & will be keeping my eyes out for all future releases from Nicole.

Let Him Reign by Lane Hart....

Bound by Fire by Tracey Jane Jackson....

Melanie James Conjuring Darkness: This is a story full of action and adventure and kept your interest. I had a hard time stopping, I really wanted to know what happened next and it did not disappoint their were twist and turns around every corner and it keeps you on your toes. Melanie James is a wonderful story teller!!!

Nicole Garcia A Love for Somnus: This is book 2 in the Roman God series, although it could stand alone, I would highly recommend reading the series. I love this series of strong men! Somnus must dig deep to control his powers and find out who he truly is deep inside, while fighting falling for his true mate. Lailani has given up all hope on a future and almost given up on living. These two have a tough road to figure out they are mated and each others salvation. Another great read by Nicole Garcia!

I was given a copy of Spark by PM Briede for an honest review. This is a prequel to her Charlotte Grace Series.

It explains how connected Oliver(his name in the Charlotte Grace Series) and Charlotte is, how early in her life everything started. Actually, how everyone is connected, how she is friends by Wes and Paige, and how he met her husband.

Ms. Briede never disappoints. I have read all of her books, though she loves cliffhangers, she leaves you

wanting more!

Anika the main character is so much fun I loved her right from the beginning and her sexy Warlock Drake, wow talk about sexy hot. And of course Faing (pet Dragon) too cute and Ginger(fairy) hilarious. I can't wait to read more on this author!

OMG!!! Wow my Kindle is still on fire with this one. I read the story \*\*Let Him Reign: An Underworld Romance\*\* once I got the Wicked After Dark Anthology and I was addicted, it was so hard to stop reading so I didn't. I was so engrossed in the book that I finished it in a couple of hours. The story and the characters were so addicting you will LOVE it!!! I highly recommend this book and did I tell you that the sex is HAWT!

The Reaper and the Cop by Mina Carter

### **Jennifer Lessard says**

I was given Let Him Reign by Lane Hart in exchange for an honest review. Let me first start by saying that I am not a huge fan of Paranormal Romance. I have read maybe a dozen of them all together and I have to honestly say this is only the second one that I truly enjoyed! I definitely give this a solid 5 stars. I have come to realize that the difference between the Paranormal Romance novels I have read in the past and this one, is the fact that this one is so well written. The storyline is incredible and it flows so well and the characters in this story are so well developed. I found that I could relate with even the characters with the slightest role of the story. That's how well written this story is. It has suspense, thrill, drama, love not to mention some of the hottest sex scenes written. so my advice is, don't rule out any genre, especially if it's written by an amazing author like Lane Hart! Amazing story Lane! Looking forward to more of your work. Waiting patiently for Linc!
