Diana and Shaaron take you on a journey to what it would have been like living in the time Golden Atlantis. This book is filled with many helpful exercises and information. The picture they paint is beautiful. They do explain where things started to deteriorate and how the fall occurred. I really enjoyed this book and valued all the information about how to raise our energy and work our lives towards a lighter more peaceful way.

Karen says

This is a great introduction to many types of healing and New Age ideas. It is pretty basic and introductory, but it is a perfect, sweet, and innocent approach.

Ben Vermaas says

Utter and complete shite.

Katie Golby says

I had a past life reading and found out that I was a priestess in Atlantis, so I was highly interested in this book, and it didn't disappoint. Fascinating information with lots of exercises, it's a great book

Theora R. says

Fluffy rubbish.

Will Jeffries says

Diana Cooper hit the nail on the head with this book. It is definitely fun to read. After reading this book, I had to buy the ATLANTIS CARDS that she puts out as well. What an amazing tool to help a person connect with their inner divine nature. Also, the channeler Wendy Kennedy - who channels the 9th Pleidian Collective - highlights and gives more detail into the Atlantis Period in history - if you are interested.

Personally, I am eagerly looking forward to the day when a movie director, like Oliver Stone or anybody really, comes out with a real-life movie of Atlantis!! That will be the day.

Charlie says

best book ever buy it! you wont regret it!

Barbara says

quite informative and complete, I'm looking forward to seeing a realistic movie about Atlantis, like Avatar kind. It would be awesome
