Molly says

A silly series that creates more questions than it answers. It's great for formulating theories as well as predictions. The class dynamics should be very familiar to those of the Magic School Bus generation.

Wasif says

The great birthday party and a great gift. but He can't do somethings because of his looks.

The collection of "The adventures of the Bailey School Kids" stories are among my all-time favorite children's books. Witty, mischievous and fun, these short and silly books continue to bring giggles to the young and old. Just as I have enjoyed them as a kid, my own children also love them today. I even catch myself re-reading them (alone) from time to time. What can I say? I guess I'll always be a BSK kid at heart.

Hannah Belyea says

All the Bailey School Kids have begun to take piano lessons from a mysterious mansion owner, only to start suspecting that he may in fact be a knight in hiding! Dadey will please young readers with this mystery in yet another charming entry!

Read these all in while I was in middle school and loved them, giving them a 3.5-4.0 for my past 12 year old self.

Jerome says

Eddie's grandma arranges for him to receive piano lessons from a certain Lance E. Lott, who has moved into Bailey City from England. The man owns many suits of armor, a round table, and a white horse and exhibits

the behavior and mannerisms of a different era. He also seems to be mad, constantly talking of his desire to take over Bailey City.

Funny and intriguing.

The kids jumped to conclusions again, but this story was still really cool. I just find it a little annoying that they think everyone is out to destroy the town, or harm them in some way. I mean, they could be right in some cases, but sometimes these people they mistaken for monsters, or mythical creatures are just harmless.

Anyway.

I wish a Medieval festival would come to my city. I always wanted to go to one of those types of things.

I also wish Mr. Lott stuck around some more. He seemed to be really cool. I would totally take piano lessons from a knight.

Alishia says

The Bailey School Kids, are 4 kids with a knack for finding Bailey City's strangest residents and foiling their plots.

In Knight's Don't Teach Piano Mr. Lance E. Lott has come to bailey city to teach piano lessons, but the kids are fairly sure he is not who he seems to be.

These are great children's books...there is a hint of mystery, but they never get too scary. Each book has between 10 and 12 chapters which is perfect for getting your little one started reading.

Miri says

The Bailey School kids suspect that their new piano teacher is really Lancelot a knight from the past, and that he's planning to take over Bailey City.

Fred Kohn says

Sorry, I just found this rather trite. Maybe you gotta be a kid to get it.
