## Leaving Sarah June Mendez

The fading lights of the departing train force Josephine Trent out of the shadows...

She could barely stifle the scream that rose to her throat as waves of self-loathing, relief and pain threatened to smother her. Her actions leave her in a state of shock and disbelief, as the image of her baby being snatched out of her hands manifested itself before her eyes.

This desperate step sets off a chain of events that would plunge their lives into an abyss so dark that the annihilation of two beautiful souls was inevitable.

#### **Absolutely loved it!**

A very touching storyline. A must read! Beautifully written with emotions and from the heart. Can't wait for the sequel. Seriously June hope you are working on book 2.

A lot of times I rate a book based on the number of people that I can recommend it to and I found that I could recommend this book to a lot of people. And every single person that I recommended this book to loved it. My grandmother even said that she would have rated this book very high only if she had a Goodreads account! So I guess this 5-star rating is from both her and me.

### **Debamitra says**

An excellent first time novel. I actually raced through it . A story told from the heart about a woman betrayed by her destiny and her daughter who despite having better circumstances still has to bear the burden of her mother's fate.

This book deserves to be read - because it is refreshingly different from what the Indian writers are churning out - the IIT-IIM love/friendship vs career/profession formula written in a stiff manner. Leaving Sarah is a much more graceful read and quite an engrossing one at that.

Sucked into the book from the very first chapter!!! As she reveals the part of life we all don't really want to accept, I was deeply moved. While reading I couldn't seem to pull myself away from its pages. I so wanted to finish the book in one sitting but it wasn't possible. Every chapter had its gripping moments and you couldn't wait to know what was happening next. The relief, sadness and joy you feel for the characters of this book is all built up and brought to life. The Author has done a fantastic job and one can hardly believe it's her first!!!
