## **Nowhere** Bink Cummings

On the outside my life seems simple. I'm an average woman with a love for motorcycles. A high school teacher who's a single mother. But what you don't know is what lingers just beneath the surface...

The desires

The needs.

This hunger that can never be fully satiated.

Part of me knows it's bad. That I shouldn't crave what I do. But the other half doesn't give a fu\*k.

I'm split in two. Which is how I've spent most of my life.

Torn in half by conflicting emotions. By the man I desire, but shouldn't. By the secrets that I hide from almost everyone.

Then...

One day, everything changes...

My world is turned upside down and I'm left falling...

Falling toward something special.

Toward a sense of belonging that I find in the strangest of places. With someone I never thought I'd be with in my wildest dreams.

I'm Gwen Donovan and this is my journey to love and self acceptance.

Let's just hope, that in the end, it doesn't bite me in the ass.

Warning: Contains shameless adult sexual content, taboo situations, graphic violence, profanity that'd make your grandmother blush, a woman who has multiple orgasms, a vast array of possible triggers including past sexual assault so expect anything. And whatever the hell else that makes it unsuitable for folks under the age of 18.

This is NOT a Standalone.

Part 1 of a Duology.

81k Words in Length.

## **Naughty Mom Story Time says**

**This was one naughty and deliciously erotic story.**

Nowhere has got to be Bink Cummings's best work yet. It had a level of eroticism that her other books didn't and had be burning hot from the beginning.

I'm a huge fan of Bink Cummings' work. Her writing style is my absolute favorite because she has the knack of making me feel a part of the story. The characters don't just narrate a story, they speak to me. So when I started Nowhere, I'd already heard how hot it was from others that read it, but I didn't realize how true that was until I read it for myself. Damn! It was SMOKIN' HOT. 4% in and I was already wishing for alone time and hating that I was stuck at work. Shoot, if I had B.O.B with me, I would have locked my office door during my lunch hour. It was THAT sexy.

Nowhere is the story of Gwen Donovan. A thirty something school teacher and single mother with a hidden desire for dark kink and a very complicated relationship with her stepbrother and Crimson Outlaws MC V.P., Nash McQueen.

But when Gwen gets the chance to get away for a bit, she had no idea that things would change and a man she couldn't stand would be the one to fill the emptiness she felt. Wesley King is cocky, sexy and rich. He makes no excuses for who he is and has no problem with any of it. He knows who he is, what he likes and what he wants and does what he pleases. But when Gwen spends more time with him, she sees a side to him she never thought existed. And he gives her the comfort and confidence she needed to embrace that darker side of her that she battles daily.

She struggled so much with reconciling her school teacher self with the wanton, sex crazed, kink loving goddess within and Wes holds no judgement and even loves that side of her. It was like they fed off each others desires and when they finally connected, it was amazing.

Nowhere was a great story of self-discovery and I enjoyed traveling that road with Gwen. She was a strong woman from the get-go but by the end, she was so much stronger. It was practically empowering. I cannot wait to find out what happens next when Somewhere is released.

**Nowhere leading to somewhere fantastic**

What can I say about this story except that it was amazing! Bink is on an auto click via amazon for me. The way she writes and tells the story, it pulls you in from the first paragraph. You will be hooked and drawn to this story like a moth to the flame. She has an artistry with words, moving you through the plot and story and it goes. No spoilers but here's my review.

Gwen - one of the best heroines ever written for me. Hands down! I loved how real she is. She has goals, fears, dreams, and kinky wishes. I cannot say enough good things about her. You read and can hear her speaking to you in your head and you wanted to laugh, cry, and hit things at the same time.

Nash - holy cow what a character. I had my moments where I wanted to find a shallow ditch for him. I cannot wait to see where this story leads for him. He made some choices that had me screaming at my kindle. Then he does something and you turn to goo.

Wes - I really didn't like him at first but Bink quickly had me jumping on the Wesley train. Garrett helped that a bunch. There were times Gwen swooned and I was right there.

Garrett - he stole the show for me. My heart just burst with warm gushiness with him. Bink wrote him in a way that just made you want to be with him.

So the storyline is fantastic. The heat will be turned up as you read. You will squirm, want a cold shower, and to be Gwen all at the same time.

Wow, I love this story from one end to the next, I couldn't put it down for anything. It's all I thought about for 2 days was this story. I can definitely say this story blew my mind and got me out of the horrible book funk I was in. Bink really knows how to write a story and her characters are amazing they have so much life to them that you can't seem to get enough. When the end of the story came I was in utter shock, like I couldn't wrap my head around that it was over I wanted more and now I'm left craving more and more. The events that take place in the story are mind shocking great and really gets your blood pumping. Beware you might get all hot and bothered over and over again. Blushing is a big possibility. I do recommend reading this story with an open mind cause if not some of the story might not appeal to you, hell it was amazing for me and I'm able to admit that I want more asap. I would love to sit here and talk and talk about this story but I'm also one that if I say too much then spoilers happen and I so don't want that to happen. Just read it. **MUST READ!!!!** Gwen, Nash and Wes are amazing. Gwen deff blew my mind, she was one I couldn't really figure out what was going on in her head, I loved it. She had me on the edge of my seat over and over. Now if I had to pick between Nash and Wes I most deff am #TeamWes, read the story and maybe you can see my reasoning for that.

\*\*\*I received this story for a gift and was not asked to leave a review\*\*

5- Mind Blown Stars! Let Your Inner Kink Run Wild!! In love with a woman!

Amazeballs! This was a roller coaster of a lifetime! This roller coaster started with anticipation and then BAM! you were thrown into a curve of arousal and then the peak where your mind is blown with toe curling releases and then hit every other emotion along the ride of love, heartbreak, happiness, anger, hope.

Bink, definitely NAILED it!!! This book was/is phenomenal. She incorporated Biker, Stepbrother love, BDSM, Billionaire, Strong female and Alpha Males. What more can you ask for?? It was Hot, Kinky, Beautiful, Emotional and Sweet! I could not put it down!!!

Gwen, a teacher, fought her inner conflicts with the angel on her right, telling her how she should act and feel while the devil on her left shoulder wants her to live and let her wild side loose. She is everything that is amazing. Gwen is a badass, down to earth, good-hearted, loving, caring, non-materialistic, speaks her mind woman (I love her!) :)

Nash, is a hot alpha male, a biker who is very protective of his Gwennie!

Wes, AKA Hugh Hefner to me!!! ;) He is one hot alpha billionaire with a whole lot of sweetness at times.

I can't go into too many details as I don't want to ruin the high you are going to get when you start reading this AMAZING book. But let's just say the relationships between the characters are unique! You will fall in love with all the characters for different reasons. There is just so much depth to this book! You feel as if you are part of it!

I highly recommend this books, trust me you will not be able to put this down... Bink draws you in and does not release you until the end!!!

Happy reading y'all...

Bink, you are like a fine wine, sister!

Much love!

Nowhere  
Bink Cummins  
4.5 stars

This is the first installment of releases coming our way from Bink. This one is quite different than we are used to from her. Its really good but let me say again its different.

Gwen has a secret. One that will absolutely blow your mind of course and I have to be honest I was somewhat thinking to myself that I didn't know if I was going to be okay with this book. However hang in there as there is a reason for the madness. A horrible reason. To say that I understood is not exactly the correct words but I felt for her and my heart broke.

Nash is Gwen's step brother. The relationship is one of a connection but again the story is somewhat a jaw dropper. Nash is a complex character to say the least.

Then there is Wes – who you will first hate but a few pages later love. Or at least I did which again made me look completely different at Gwen as I did from the beginning of the pages. I grew to love Wes more and

more throughout the book as we need to remember things aren't always what they seem on the outside.

This is NOT a standalone and the end will be the kicker for you. The person I loved the most ... there is a little boy. Someone that I wanted to grab on to and let him fill my heart with happiness as I experience in my "real" life. A brilliant mind on a beautiful and special child that was just perfect and unique. I hope that if this book does anything for readers it sheds light on the wonderful babies out there and adults who live with a label.

We love Bink's feisty books and the constant banter that she gifts us with but this book made me really think. It dug deep in to several issues – the main one being folks concentrating on what they see on the outside instead of looking to see whats on the inside.

Thank you for the ARC Bink ... as always it was an honor. This one truly is one fantastic yet brutal read. Brutal to the heart ...

Review to post to Ramblings from Beneath The Sheets.

### **Melissa Mendoza says**

"Nash's lips moving over mine might feel like home. Every part of him does. From the way he smells. To the way his thick hair runs through my fingers."

Heat Rating:

5+ Dirty girl stars!!! Bink has outdone herself with this one... and that ending... gah I need more!

Gwen doesn't have a normal life, like most people. She prefers the darker things, especially when it comes to sex. Multiple partners, BDSM, you name it she loves it. During the day she's a school teacher, a mom and a bike racer. But at night when the devil inside her talks, she heads to Nowhere, her stepbrothers MC where she knows she can get her sexual needs met. To say that Nash and Gwen have an unusual relationship would be an understatement. There's a deep attraction between each other, but they don't act on it, besides the occasional kiss, or when he's her anchor/watcher while she participates in sexual activities with his MC brothers. The complicated part is she's in love with Nash and he has a snooty girlfriend in the way. Things get complicated when Gwen is given an opportunity to hide away for thirty days with a man she loathes, Wes, think a young, sexy Hugh Hefner if you will. While under his care for thirty months, feelings develop and lines are crossed....

This book is dirty, sexy and full of intense action. Your heart breaks for Gwen when she's let down by Nash and then her battle with Wes. It's the ultimate... who does she choose... and then that ending... OMG I don't know if I can be patient enough to wait to see what happens!!!

Amount of Sex - 4.5 / 5

How Explicit - 4.5 / 5

BDSM/Fetish - 2.5 / 5

Romance - 4.5 / 5

OVERALL - 4.5 / 5 (Rounded to 5)

I love a naughty, dirty, steamy romance and Nowhere by Bink Cummings is just that! Many spicy hot stories tend to fall short on the story line, but not with Bink! Her stories are never just a cookie cutter romance and true to form... Nowhere is an excellent book!

Nowhere kept me on my toes with lots of twists and turns and a ton of sexy hot scenes. At first, I was rooting for Gwen and Nash (her step brother) and loathing Wes (the rich guy). Then, I began to like Wes and began disliking Nash. My emotions were all over the place and I loved every second of it! I can't wait for the second book!

You will need extra panties on this one!

I didn't think it could happen. Never did I imagine I could love a character as much as Bink in MC Chronicles, but guess what? I do and her name is Gwen.

Seriously, the first glimpse of this woman and we realize she is bad ass. Who wouldn't love a motorcycle riding, dirty sex having, hot babe? Yes, everyone does, including Nash, and Wes.

These two men are sex on a stick and Gwen is one lucky lady. Except, I believe they are going to make her pick one. Uh huh, not me. I would want both of them. So what? I'm greedy. Let's hope Gwen is able to decide which man she loves the most.

And Bink? I need the answer NOW!!!

Raw, sexy, emotional and yeah, kinky in all the best of ways! This isn't your typical erotic romance! One might even call it taboo. But don't let that deter you from reading this incredible story! Right out of the gate, it gets hot and heavy with one of the most carnal scenes I've ever read! So steamy, you'll need a fan and a change of undies...if you know what I mean. And it only gets better as you turn the pages. It will suck you in and leave you breathless, craving more.

You can't help but love Gwen (h). She's a strong, independent, loving single mom and teacher. She can hang with the boys and isn't afraid to give in to her inhibitions and kink when her inner wh\*re comes out to play. And oh does she like to play!! Trust me when I say, you will want to be like Gwen! The men in her life (yep, I said men, but that's all you're gonna get! So get to one-clicking!) complement her completely in their own way. They are complete opposites, aside from the fact that they are both fierce, protective and cocky, sexy Alpha males who aren't afraid to take what they want. -Who doesn't love that?!

This book has everything a true romance reader loves and wants, plus more!! It's sweet and sensual with amazing characters. Full of love, laughter, angst, and tears. Along with those "awwww" moments, heartbreak and happiness, shock (a Big one!), anger and lots and LOTS of sexy time- this is one read you do not want to miss out on!

The unique writing style of Bink Cummings is one you will get hooked on, if you aren't already! She pulls you into a book as if you are a character yourself. She gives you all the feels, straight to the heart. And never disappoints when it comes to a story that promises a good time

Having read all of her work, I have to admit, Nowhere is Bink Cummings' wildest ride yet!

\*\*\*\*BATTERIES AND TOYS NEEDED BUT NOT INCLUDED\*\*\*\*

Holy smokes ladies... Bink has done it again if not MORE!!! There was all kinds of HAWTNESS in this book. Between hawt man love to a touch of bdsm to DP??? OMG!!! How does she do it? lol  
Ok so let's move on to the characters because I could go all day on just the HAWT sex alone.. lol

Let's start with Gwen.. This gal is my kind of girl.. lol She LOVES the D and she makes sure she gets to enjoy plenty at least once a month. Besides being a teacher, mother, step sister and daughter, she is a strong independant women with a sassy mouth. (big surprise since all Binks females do.. lol) I loved this gal because she holds no punches and can take it all in stride except being second in anyone's life. In her brothers club all the men just love her and want to protect her starting with her stepbrother.

Nash... \*licking lips\* This man is just scrumptious but not surprised considering every male lead in Bink's books are rock solid in EVERY way ;) Nash is HAWTNESS wrapped in a leather vest and tattoos for days. He may be the VP for his club but sounds like he runs things more than the actual Prez, especially when it comes to Gwen, so he thinks.. lol

Then there is Wes. Yet another HAWT guy but he is a bit different than Nash especially to Gwen. She loathes Wes and gets roped into doing things for him she would have never have thought she would. I had a love hate for this one but overall I enjoyed him.

If you love HAWT sex, strong handed alpha men with a heart then this is a book you will love. Bink never disappoints you with her writing because there is always something for everyone. Soft guy, hard, hard guy, strong women, independent women, and sooooo onnnn!!!! JUST READ IT!!!

5 Hunger that Gnaws its deepest self - Embrace It Stars

OK so where do I start??? So, I have read all Bink Cummings' books and all I can say is this one is so DAMN HOT!!! I mean this one is in a league of its own! Bink has hit that perfect spot we all want, and need, not the spot we crave and yearn for hitting. In this book, we meet Gwen our main heroine, wow she is not afraid to embrace her inner Kink! This girl knows what she wants and knows what she needs to get there. She has a hunger that gnaws at her deepest self and she knows how to feed it.

Gwen recognized that what she likes may be wrong but she wants and needs it anyways. She is the stepsister of the club's VP and they have a unique relationship. Hmm one would assume by this build up that this may be a step brother type book, but is it? As events are told I began to question Gwen, I do not understand all of her yet I do understand her at the same time too. This book left me wanting to find out more and why. But the more I read the more I needed and wanted to understand Gwen more!

Yet along her journey we also meet her stepbrother Nash, oh and he is one bad ass, tabooishly sexy, fine mother f'er. And he has issues too, but WTH is his problem – I need to know.

This story with all its twists and turns and sexual desires leave the readers panting for more. Barreling down the pathway things appear to be so clear on the outside but in True Bink like fashion things are never really what they look like on the surface. You assume this is one type of story then whoa you hit a turn so hard you didn't know it was coming. Is it a Stepbrother book, Millionaire book, A Taboo book, an Alpha male book, or an erotic tale? Dunno - Guess you must read it and find out.

PS keep a spare pair of panties around while reading this – you're gonna need it.

Nowhere is the first book in the Crimson Outlaws MC series. Although not a necessity, to fully get the Bink Experience, I recommend starting at the beginning with MC Chronicles: The Diary of Bink Cummings Volume 1. You will be glad you did!

Every time I read a new release by Bink, I am blown away by her characters. They are real and relatable. Gwen is now my favorite female character. She is a teacher with a bit of a kinky side. She is sassy, protective, nerdy, and strong. We should all embrace our inner Gwen! Bink went places I never thought she would with Nowhere but I am so glad she did! Check it out - you can thank me later.

I was wondering around amazon looking for something different to wind down my reading year with when I came across this book. The authors name had me clicking to see what the book was about, but color me all kinds of intrigued with that warming. Click!

I actually really liked the story. The story goes from bikers, to a gazillionaire, to a BDSM club scene. Yup, covered some bases with this book. I think this is the first book that I've read that covers all 3 of those things at once. So see, different.

Gwen is pretty badass and takes life by the balls. Teacher by day, a motorcycle racer who loves to let her

kink fly free once a month. I say get yours, girl! Get. It! Then you got Nash and Wes thrown in the mix and now Gwen has to decide on a love that will never go anywhere, or embrace a possible new love that can be all kinds of awesome....or not.

I do have to say that the smut is super strong with this book. Oh yeah, it's pretty hot and I had no shame in my game loving all those parts. I will say that I'm looking forward to the next book to see how this all plays out. I'm all Team Wes right this minute.
