## Preschool Basics Workbook Joan Hoffman

The School Zone Basics series can be used to reinforce what is being taught at school or introduce new skills to a child who needs more challenging material. The introduction of each skill is presented with clear examples and an appropriate amount of practice.

## From Reader Review Preschool Basics Workbook for online ebook

### Online Eccentric Librarian says

*More reviews (and no fluff) on the blog <http://surrealtalvi.wordpress.com/>*

This is a nicely sized (about 60 pages) workbook full of nicely illustrated exercises suitable for a preschooler. At the back is an answer key that is also in full color and includes the images (making it much easier to double check answers). The exercises have a nice variety but naturally integrate with each other regardless of subject - numbers, colors, sounds, etc. In all, a great workbook.
