## **Redemption** Lilliana Anderson

Choose your hero wisely.

Have you ever wanted the power to decide who the heroine of a story will ultimately end up with?

Now is your chance with Drawn 2 where you have a choice of TWO sequels in which the characters follow TWO different paths to lead them to your chosen 'happily ever after'. This is not two stories told from different points of view. This is not an alternate ending - it's an entirely separate path that readers who choose to read both sequels will appreciate the 'sliding door' moments that set our characters off in a different direction.

Different choices. Different fates.

You hold the power You get to choose - Damien... or Aaron.

In Drawn, we met Etta and watched as her obsessive relationship with Damien sent both of them into world of darkness and self-destruction. We also met Aaron, the constant in Etta's life - the man who was willing to do anything it took to keep her safe.

Two Men. One woman. A decision that will change everything...

That decision is yours...

Three years have passed since Damien lost Etta. His obsessive and irrational behaviour drove her away and destroyed his life.

For three years he has languished in prison. Every day he had but one thought - Etta. She is the holder of his soul and he can't see a life without her in it.

When he is finally released and tracks her down, he is faced with something he didn't expect. His daughter, and Aaron.

Damien needs to redeem himself in the eyes of the woman he loves. He needs to prove to her that he is the kind of man she can build a life with - even if that means telling her all of his secrets and possibly ruining everything for good.

### **Dusty Dietrich says**

I could read this book over and over again!! I was literally on the edge of my seat the entire time!

Getting to choose who Etta was ultimately with didn't change the fact that we don't know what's going to happen in the story. in fact, this was such an amazing idea of Lilliana's! I LOVED the way this story played out (obviously because I loved Damien) this gives the readers a chance to be a part of the ending!

I already knew that Etta would ultimately end up with Damien in this book. What I didn't know was how that was going to happen, what was going to happen to Aaron, or obviously how the baby would play into it. I LOVED knowing the ultimate fate of Etta but still have surprises thrown my way!

Overall this story was PERFECT and such a great idea! I give props to Lilliana for going out on a limb and trying something new! it was great! !

### **Viveca Benoir says**

When I have a Lilliana Anderson book in my hands I devour every word. Damien, mentally and emotionally tortured, emotionally in pain, desperately wanting her, Etta, his soul mate, and yet going down the wrong path, despite himself. We left him in the last book, not knowing where to go, what to do. This beautifully written, easy to read book, brings us further into his mind, into his life, and takes us further, deeper into Aaron's mind too. I wanted Damien, from the last book and so I chose this book (of the two possible endings to the last story)...My excuse? Well, we all love a bad boy, don't we?

BUT as I read this book, I decided I wanted Aaron too, and I cried that I hadn't chosen him. The 'what if's' - Etta had chosen him, how would things turn out then? I now know what happens with Damien, and you won't get any spoilers from me...Now I HAVE to have the other book as well. I want Aaron too. :)

---

### **Alicia says**

I really enjoyed this book I was hoping that Damien and Etta would find their way back together after the ending of the first book, just because of the connection they shared. I also liked the way we got the point of view of Etta, Damien and Aaron. I really feel the emotions the Author is trying portray in her characters. I really enjoy her writing style as well.

I'm excited to see what happens when she chooses Aaron!!! Happy Reading!

---

### **Books2fashion says**

Wow! How do you choose your hero? I have always loved Damien and Aaron both. But did I ever think that you could have a choice who your hero was? Hell no! But in this series you can choose who is your hero.

Never have I read a series where I could choose who I wanted to have the HEA with. But with the Drawn Series you can. Either Obsession or Redemption. In Drawn I was obsessed with Damien. He was the hot lover that gave you the hottest sex ever. He was Dark and Dangerous. I love Dark and Dangerous and Damien was my man.

In Drawn you read how obsessed Damien and Etta were with each other. How she just couldnt ever get away from him. He had a way with her that she couldnt live without. But she had to make a choice and live without him or she was going to destruct herself. Aaron her really first boyfriend was always there picking up the pieces for her.

In Redemption Etta leaves Damien and he goes crazy destroying his life and everyone around him. Getting in bar fights and hurting people. He goes to prison for 3 years! The whole time in prison he has one goal to get out and go get back his girl. Hes draws pictures of her while hes there and its all he can think about.

In the Meantime Etta leaves town and sets out to start a new life. Aaron again picking up the pieces and helps her to start a new life somewhere no one knows shes at. Aaron and Etta try to make a life together but Damien keeps popping up in Etta's mind and Aaron sees this. Hes torn from the life he has with Etta here but she just cant get Damien out of her mind.

Damien gets out of prison and goes to track Etta down. He finds her plus a surprise he had no idea he had, a Daughter! He is bound and determined to take back what is his and to when the love of Etta back. He has to win back her trust and her love. Plus he wants to be part of his daughters life.

Will Etta ever trust him and love him again? Will Damien prove to her he can love her without all the dark and dangerous feelings she has towards him? Will he ever get to know his daughter? Which hero will Etta choose? Will it be her everything or will it be with her hero that saves her time and time again, Aaron?

I give this 5+ stars. How can you choose your hero wisely after reading these books. Because to me there is a hero in both books and its the same person. I LOVED THIS STORY!! I couldnt get enough of it and couldnt put it down. You will have to read this because your not gonna know who the real hero is or who your choice is.

### **Vickie\*\*\* says**

So after some thinking, I've decided to go with Damien as the hero, rather than Aaron.

In my opinion I thought the choices given to us was very clever, I don't see why people are so unhappy with it.

I chose this book with a small intention of reading Aaron's book after, but now I'm just thinking that it's wrong, for Etta to end up with someone other than Damien.

Sure their relationship was extremely unhealthy and borderline obsessive from both sides, but those 3 years apart did benefit them.

Damien learned to control his madness, and Etta?? well I mean I think she changed when she realized Damien has changed.

I'm still kind of curious to about Aaron's book, but I don't want to find out what happens with Damien in that one, seems a tad bit too heartbreaking. So i'll just pretend that never existed.

---

### **Tawney says**

I loved, loved, loved reading this book! From the first book to this one I have been rooting for Damien and Mia this story delivers on that in every way!

---

### **Crystal says**

This book is for those who read Drawn and fell in love with Damian. It shows a little more to the ending of Drawn and then goes into the details of what happened after Etta showed up at Damian's and found Bec there.

I loved that this book has the points of view of Damian, Etta, and Aaron. You get a feel for what all three are going through during the time of about 3 years plus an epilogue. The way all of it unfolds and how the choices change the ending was well thought out.

We find out more about Damian's background and events that have changed him through life both pre-Drawn and post-Drawn. He becomes more human in this book and his weaknesses are shown. If you had a doubt of his feelings for Etta before, this book will show the depth of his feelings.

Etta makes decisions that will not only affect her, but all the people she cares about. Everyone has to live with her choice and not all are happy about it when it's done. Hindsight is 20/20 and once years go by things can't be changed.

This book shocked me in many ways as far as Aaron and how things unfold with him. That's all I'll say as I don't want to spoil the book for anyone. I love how the time elapsed. I think there's just enough info for the reader to know what was going on without it being too much information, yet enough for the story to evolve.

I give this book 4.5 stars and have to go read Drawn-Obsession now because I'm really curious as to what events are different and how it changes the book. I love that Lilliana listened to her readers to see how passionate we were about who we wanted Etta to be with and had a great idea with a dual ending.

---

### **Phyl says**

I choose Damien i truly believe they are meant to be. She may love Aaron but it's not in the same way she loves Damien. TBH Aaron will always be her second choice not bc she's selfish or mean or may it is but it's Damien she feels for

---

## **AB says**

I really think this is a terrible idea. A reader has faith in the author that they know where they're going with a storyline. I really enjoyed the first book but I won't read either of the "book 2s". I don't want to decide my own ending. I would become an author myself if that was what I wanted.

---

## **Karen says**

I anxiously awaited the ending to the Drawn series and picked Damien as the first of the 2 endings to read. I am anxiously awaiting reading Aaron when it comes out.

As usual Ms Anderson does a great job character building. It does take a bit to get through the background and into the meat but it is worth it. All in all I gave 4 stars. Which for me is a pretty good rating, I give most books 3 stars. I rated her first book in the series 5 stars but this book didn't have quite the punch the first did one. I think that comes from already knowing the ending before getting to it.

---

## **Shelby Whitman says**

This book is delicious and filled with excitement! Anderson does an amazing job at keeping the reader turning the page to see what happens next in the whirl wind romance of Etta and Damien, after Etta dramatically left Damien in the prequel Drawn! Hands down a cannot set down book! Highly recommended read!

---

## **Annmarie says**

Spoilers ahead but the fact that theirs a choice of ending kind of negates the spoilers so here goes.... Okay, so I love that Damien gets his HEA. Since I read what happens at the end of Aaron's book I will not be reading it, seriously though, wtf?? My problem with this book is that Etta uses Aaron for years, let's him be a father to a child and then leaves him and moves back home, taking away his daughter whom he loves basically, and breaks his heart all over again. I don't understand how he can walk away from Evie either, I mean that is your daughter that you raised for 2 years!!!! He just gave her up! And Etta was just a selfish B. She hurt everyone involved, so immature.

Oh, and the revelation of his job before, are you kidding me, that's not okay, you had a girl you "couldn't breath without" and that's what you do to make money??? Even if your not sleeping with them your watching and talking them through it!!! I was glad he didn't have sex with them at least, but still, if the roles were reversed, would he be cool with it? Exactly!

He just had so much shit going on with him, I was glad he got happiness. I am serious that I will not touch the other book with a ten foot pole. Even if it's an alternative end, you don't have to \*\*\*\* him off! Ugh, Aaron got a HEA in this book too so why couldn't things be the same for Damien in the other book? I know it's because he was obsessed with her, I don't want to see him with anyone else either, but have him be alone, working on himself and spending time with Evie. Geez, well anyway, I love this book for its nice happy ending FOR EVERYONE! The 3 stars was for, as the title states, Redemption. But Etta's drama was the subtraction of the other stars and the fact that Aaron just let his little girl, that he loved so much, go so easy.

Do you know any father who would do that? Blood or not? Exactly.

---

### **Shannon Deatherage says**

I received an ARC in exchange for an honest review. I absolutely loved it. There are 2 sequels to Drawn. Redemption is for team Damien fans (that's me) and Obsession is for the team Aaron fans.

Redemption starts off where Drawn ended. The story is told for 3 POVs.

Damien's time in prison is a real healing process for him. While most people would assume you would become more violent and irrational Damien over comes his issues. His cell mate is a lifer who after time confides in Damien of his relationship problems that ultimately lead to his destruction and the death of his wife. As the story hits close to home on his and Etta's relationship this realization begins Damien's journey to making things right. Therapy and medication help him rationalize his anger issues.

Aaron is living as Etta's BF and Evie's father. While they are going through the relationship motions Aaron never feels his love will be enough to heal Etta of her anguish over her relationship with Damien. You really start to feel sorry for Aaron and at times super bitterness towards Etta for using Aaron for as long as she does. He gave up everything for her safety and you never see the gratitude you would expect for such a sacrifice.

Etta is trying to cope with life as a mother, healing from her heart ache over Damien and "trying" to make herself love Aaron. Etta has a lot of irrational thoughts and actions and you find yourself at times wishing they'd both tell her to screw off.

After a while her and Aaron come to terms that their relationship will never be more than friendship. Aaron moves on with Shay but still tries to be involved for Evie. When Damien is released from prison an unlikely ally leads him toward Etta and his daughter. Things heat up quick. There is that instant chemistry between Etta and Damien. Trust, lies and old relationship drama follow this couple as they try to heal what was broken and find the happiness they can only find with each other. The HEA was perfect ending to a relationship that didn't look like it could make it. Bravo, I absolutely could not put it down! And I can't wait to start Obsession!

---

### **Lora Borzelleca says**

This one wasn't as climactic as Aaron's book, but I def still liked it. and I LOVED how Lilliana connected the two books by addressing falling off the balcony in Damien's book and how he would sacrifice his life for her....I actually audibly said...awwww...when I read that part...very cute :-)

---

### **Rebeca Teague says**

If you looking for a happy ending pick this book!!!!

I really enjoyed this book, the ending was great, the character development was really great too!

Now the reason why I'm giving this 2 stars is because of the author's choice to write two books with different endings.. At first I thought this was going to be great.. But after reading both book I'm mad, and thinking the author was trying to get more money out of the readers. Seriously both books are 75% the exact same events! same conversations, same everything! I was tired and irritated that I had to read the same thing all over again. As you can see I'm a very curious person and could not content myself on reading just one book.

So here is my advice do not buy both books!!!! I like the redemption book better but only because I like a happy ending, and I like how in this book everybody got what they wanted in the end.
