**Stars & Empire 2: 10 More Galactic Tales (Stars & Empire Box Set Collection)** Autumn Kalquist , Isaac Hooke , G.S. Jennsen , Nathan Lowell , Chris Reher , Edward W. Robertson , Jasper T. Scott , Raymond L. Weil , more... Endi Webb , Jay Allan ...less

Conflict and war. They have followed humanity throughout history, and space is no exception. Empires rise and fall, soldiers pour their blood into the sands of alien worlds, grim adventurers explore the edges of the universe, and epic battles decide the fate of millions.

The follow-up to the USA Today bestselling STARS & EMPIRE bundle, this limited-edition second volume features 10 of the bestselling authors in space opera today and a selection of titles pulled right from Amazon's bestsellers lists. Also includes never-before-published bonus stories.

Endi Webb - Initiate (Initiate Series, Book 1)

Raymond L. Weil - Moon Wreck (The Slaver Wars, Book 1)

Jasper T. Scott - The Invisible War (Dark Space, Book 2)

Edward W. Robertson - Titans

Chris Reher - Sky Hunter (Targon Tales, Book 1)

Nathan Lowell - Quarter Share (Trader's Tales From the Golden Age of the Solar Clipper, Book 1)

Autumn Kalquist - Legacy Code (Fractured Era, Book 1)

G. S. Jennsen - Starshine (Aurora Rising, Book 1)

Isaac Hooke - A Second Chance (The Forever Gate, Book 2)

Jay Allan - Gehenna Dawn (Portal Wars, Book 1)

*\*Thank you to the author for providing me with a copy of **Legacy Code** in exchange for a honest review.*

What first attracted me to Legacy Code was the fact that, the story takes place in space! I have read too many books set in a dystopian future and frankly, I was getting bored. Legacy Code was a breath of fresh air in the fantasy genre and I'm thankful that the author gave me a digital copy when I requested for it!

I admit I took some time before I actually got into the story but once I was in, there was no way OUT! Literally. At some point of time, I was confused as to what's going on but when I realise it, IT WAS TOO LATE!

(For my heart! \*sobs\*)

I love how the author wrote the love between Era and Dritain. It's not hot and sexy, but sweet and gentle. Era really surprised me, and I salute her for the things she is willing to do for her child when other mothers in her situation would rather choose the easy way out. Dritain Corinth is the sweetest guy I have ever read about and...and...LET ME BE A KIND SOUL AND GIVE YOU GUYS A HEADS UP.

First of all...YOU MIGHT NOT SURVIVE LEGACY CODE.

Secondly...YOU WON'T SURVIVE IT.

Third...YOU WILL SCREAM AND CRY

Finally...the only thing THAT YOU WILL DO IS TO PRAY THAT THE ENDING YOU SAW IS NOT THE ENDING.

(THOUGH IT UNFORTUNATELY IS.)

I'm not trying to scare you guys or anything but, my dear readers, that is Miss Autumn Kalquist for you.

The author's writing is just...too beautiful. The way she weave her characters to life, it resembles too scarily close to how humans would actually be in the future. When people lose ability to think for themselves and start relying on the leaders, they would lose too many things.

The worst part is, they don't even realise what they have lost.

Alright then, I highly suggest you guys to read Legacy Code and please, read it when you are calm and serene because after finishing the book, calm and serene will NOT appear in your dictionary anymore!

---

Highly recommended for readers who want to read a YA, Sci-Fi novel that will guarantee your heart to suffer from too many feels attack!

### **Jacob R Simmons says**

#### **A true collection...**

A great assortment of truly epic stories. From the depths of sorrow to the fires of vengeance. The hope of an unexpected love or the violence of galactic war. Science fiction, that's right...

---

### **Justin says**

Another great collection of stories. I enjoyed every tale that was included.

---

### **James Davis says**

Mostly blah, but a couple gems. Really liked Quarter Share.

---

### **G. Garrett says**

I love these sets... gets the authors out there and I get to read the first of several series & I have found several authors that I liked and didn't know about, I have gone on to read many of their complete series. Almost all of them infact.

---

### **Keith Gibson says**

good read

---

### **D.J. Morand says**

A beautiful collection of short stories for any science fiction nut. I discovered my newest favorite author from these collections and I hope to find more gems.

---

### **Mike's says**

## **Good book**

I gave this a five star because it was a good read in spite of no aliens. the plot moved along at a good pace the story was full of characters you could meet in any large workforce A air squadron for example I knew one sailor that took clep(college exams) just to see if he could pass them it hooked me I'm going to buy the next one.
