## **The Evil Day** R.G. Yoho

The man was a heartless wolf, a traveling sickness, an oozing wound on the soul of humanity, and he was terrorizing the Arizona Territory with a relentless and twisted passion. He loved deeply, he killed quickly and often with no remorse or regret. The blood and death fed his twisted mind, and his hunger would never allow him to stop the killing.

Back in the old West, women were a rare and treasured item, especially women as beautiful as Joe Clément's young bride Jenny, with her slender figure, striking red hair and pleasant disposition. So when Joe is ambushed and his wife is abducted, this seasoned gun fighter will stop at nothing to get her back.

Then his good friend, Kellen Malone, arrives on the scene to help, only to find his own bride, Rachel, could soon meet the same fate. Will the combined guns of Kellen and Joe be enough to end the reign of terror and bring this evil to justice? Read this latest story in the Kellen Malone adventure series and experience the romance, intrigue and terror of the Old West.

### **Miriam says**

WARNING: Violent Content.

This western will keep you up at night as you follow Kellen Malone's search for a psychopathic serial killer loose in Jerome Arizona. Set in the old west, the book is full of gunfights and murder. Fortunately, most of the violence is briefly described leaving the reader to fill in the details of the horrific murders.

Steeped in the traditions of L'Amour, Grey, and Johnson, Yoho crafts a western that won't let go until the end.
