Wild about the Witch

Cassidy Cayman

Wild about the Witch Cassidy Cayman

Still trapped in the eighteenth century, Lizzie Burnet is in the clutches of a madman, desperate to escape and reunite with Quinn so she can prove her love to him. Even if it means never getting back to her own time.

Quinn is on his way back to Scotland, hell-bent on finding his sister and pretending Lizzie didn't break his heart.

All the while, Catriona is having the time of her life in the present, as Piper struggles to fight off the evil she thought she'd finally vanquished.

And plan a wedding.

Be sure to read the entire series in order!

Ella Foisy says

Only my opinion

How well this author writes her characters. I started reading the series with the time travelers with the muirrs .I have waited impatiently for each book. Keep up the good work.

Patti Ashley says

Rather confusing

The time travel plot was jarring as they just seemed to pop in and out with no concern for history. Why put an inexperienced traveller on a public train alone and then tell her not to interact with anyone.

Kat Green says

Great continuation story

Nice read to catch up on the other characters adventures. Waiting for the next installment. Curious to see what goes on in the next one.

E Reader says

A great series

I love this series, this book continued a carefully woven tale that has people in their time and the past; which creates an incredible story. One that is tough to put down and one you can't wait to read the next in the series. Totally love this series!

Autumn Storm says

All my favorite people in one book and their happy endings bring me lots of smiles. The teaser for the last book in the series has me a little concerned...

Roxie says

Can't get enough...

I absolutely LOVE this series and all the characters. Yes, I wanted to wring Catie's bratty little neck at times but I also love her! I enjoyed imagining her new experiences in the 21st century & picking up some of the vernacular like "It sucks!" I loved getting to meet Shane too. I have to admit, I was annoyed with Lachlan not wanting her to stay. I couldn't understand his reasoning behind it and thought it was selfish...until the end of course when he changed his mind ;) Other than that, I love those Fergusons. As much as I'm ready and looking forward to starting book 7, I'm also a little sad that the story's coming to an end. Without question, I will actively be seeking out more of Cassidy's books. Thanks for the ride :-)

Eileen says

ok

Gurpreet K. Cheema says**Wonderful love story**

She is lost to her time her brothers are trying to get her to time but likes the current century but he likes the boy from her time. Read on for more.

Susan says

Best one of the series!

Marcella Roderick says**Good read**

This was a wonderful series with great characters I truly hope there are more to follow. I recommend you read them in order but great all the same.

Barbara Williams says

Thoroughly enjoyed this book of the Highlander series.

Kim says

Much better than the book before it. I learned to like Lizzie and come to respect her as Quinn's choice.

Still loving Oliver and his little plan with Mellie. Looking forward to the series conclusion.

Karen Griffin says

Great books but about 3 books too long.

Another time traveling story featuring the same characters with the same basic plot. Getting bored with the series. I have one more to go so will read til the end but will avoid such a long series (8 books) in the future. Should have made it into only 3 books and I would have been happier. Seems like just a way to make more money for the publisher. Wait a bit and maybe they will make them a set for less money.

Kay says

Loved the book. A major twist that I never could have predicted. Great character development and looking forward to rest of series.
