Yes, Mistress N.J. Cole

Em Grayson had everything she wanted: the perfect life, the perfect job, nothing to hold her back. Or so she thought until she attended a BDSM convention in Las Vegas that turned her world upside down and had her questioning everything. Approached by an old friend about a business opportunity in Reno, she's forced to look at her current situation and make life-altering decisions.

Violet Jennings is a quiet submissive who longs for acceptance in her life. She begins to find an inner peace while working as a receptionist in a BDSM club. When she meets the mysterious M, she's driven by a need to serve more than ever before.

Together, will these two be able to find the happiness that has eluded them? Will the need to dominate and serve be enough? Or will they find more than they were looking for?

Veronica says

I received a free copy of this book to read and review for Wicked Reads.

Yes, Mistress is a lovely piece of erotic BDSM fiction. Very early on Mistress M tells us that sex isn't love. When I read that I knew this book would be good.

Told from the point of view of M, a dominatrix and a woman who group up in a well to do family, the story takes us from a point in M's life where she is single and care free to a wonderful end she did not see coming.

As this is erotica there are many love scenes and while the story does have its ups and downs it doesn't have huge amounts of drama.

There only drawback for me was Violet calling M Mummy. For me that was a little creepy. It is explained why this is done but I still struggled with it. Aside from that I really enjoyed this story and I'm hoping the author is planning to write Colton's book for us.

DNF @79%

My first F/F BDSM book. It did not work for me.

Too sweet, too far-fetched, I started to skip pages and I decided to stop reading it.

Rob says

I like BDSM. I like lesbians. I like sex. This book was about a love that developed between two women within a BDSM relationship. What's not to like right?

Ah, I really don't know what it was about this book. I should have loved it but I didn't.

For the first time ever, I found myself skipping past the sexual encounters. There's only so much pussy licking and clit pinching I can read before I get bored and it gets tedious. The sex scenes were all a bit rinse and repeat for me.

I've decided I don't like Domme stories. I don't feel that she exuded the authority or the intimating atmosphere that a good Dom can. That's not a criticism of this book, it's just my own personal preference.

While the book was well written, I felt it lacked a good substantial storyline.

I'm giving this book 3*. That's pretty much for the first few sex scenes, until the yawns set in and for being a bit different.

Arabella ~?AB?~ says

Yeah, Ok I don't think FF is my thing. I still love this authors storytelling though so I'll be checking out her future works.

FantasyLiving says

I enjoyed this story.

Em and Violet were a lovely couple with some pretty hot sex .

I liked the progression of their relationship over the years. There was low angst, and no real drama which made for a nice easy love story.

Warning for those looking for lesbian only erotica, this has fmf and ffm scenes (two scenes in total) from about 70%, as well as a few F/m scenes as part of Em's job as a Dominatrix.

There is also some switching which threw me off. It lowered my rating. I did not enjoy that scene, even though it was short. It didn't prevent me from enjoying the rest though.

Some minor editorial issues. But nothing to jar me from the story.

I am interested in the M/f book that follows, and will look more into this authors collection.

Bdsm themes : humiliation, Domme, Dominatrix, pegging, bondage, whips, impact play.

****I received a free copy of this book to read and review for Wicked Reads.****

Mistress M,(Em) is a professional Dominatrix who works in a BDSM club in Philly. When she attends a convention in Vegas she run into a friend that offers her an opportunity she can't pass up. When decides to move to Reno, she knows instantly that she has made the right decision. Especially since that decision has her seeing more of Violet. She watched Violet (a submissive) scene with Eric in Vegas and she's been unable to get Violet out of her head.

This is a very sweet love story. I enjoyed it the whole way through. It is a very erotic story. The character development had me invested. I am not new to reading BDSM books, but this is the first F/F I have ever read. I did find the use of "Mommy" to be a little weird, but it didn't distract me too much from the story line.

This is the first book by this author for me I think it was done very well. I can't wait to read more by Ms. Cole. I loved Eric and Colton and I am hoping that the hinting to another book involving Mary lets me see more of Colton!

Dee says

2.5 stars

Parts of this book were good, others were a bit of a train wreck. I love erotica, normally have no issue with BDSM; but all the marking, biting/bruising, claiming "Mine" Mommy play, fisting, DP, pegging, MF, FF, MFF scenes overwhelmed the story.

I've tagged this as taboo due to Violet's backstory of incest. I almost threw the towel in when I read this. "My dad came in my room, furious that I'd told mom. He was even more pissed that she'd told him that if he wanted to fuck me, he could just do that from now on. He said he didn't want me anymore either..."

While two of the main character are in a lesbian relationship, Em is bisexual and there are several brief scenes of her fucking men in the ass, as she was so apt to say. Toward the end, there's some hardcore MFF action as well, story this is not strictly lesbian.

This is a book you'll either dig, or not. All I can say is approach with caution.

Contains - Fisting, squirting, biting, claiming, collaring, rimming, pegging both FF and MF, past abuse; incest.

Philomena Callan Cheekypee says

Wow this is a thoroughly enjoyable and oh so hot read.

I really don't want to say much more than the synopsis tells you. The synopsis gives you enough to tease yet this book is so much more. Love Em and Violet. These characters are wonderful.

This is a really hot book. Be warned its an f/f read with maybe a few m/f/m scenes:) It's a hot erotic bdsm story that I was glued to.

Thankfully this is a standalone with no cliffhanger. However there is a sequel that I really need to read as soon as possible:)

Mummy's Naughty Corner says

Book gifted from the author in exchange for an honest review.

Cover :- 3 stars

Sex/steamiiness :- 4 stars

Story line :- 5 stars

Characters :- 4 stars

Overall rating :- 4 stars

Personal rating :- 4 stars

Book Pairing:- F/F with a bit of M/F M/F/F

Did it give me a book hangover :- Yes

Why I chose this book?

I was offered the chance to join the blog tour

What I liked about this book.

- * The writing flowed well
- * The storyline was good.
- * The sex scenes were hot.

What I didn't like about this book.

Nothing really it was good just didn't blow me completely away but still worth the read.

Would I read more from this author?

Yes

Would I recommend this book?

Yes

Bella says

While it wasn't Pulitzer prize winning writing, obviously, it was brilliant. I rarely read smut but this one intrigued me and I am glad I took the leap and read it.

There should however be a trigger warning on this book, and no that is not a spoiler people; it's about warning people who might be triggered. So that aside, totally worth the read. The characters were adorable and very likable.

The plot rushed but yeah it's smut. :) LOVED IT!!

Virginia Ronan ♥ Herondale ♥ says

Three things:

- 1.) descriptive BDSM
- 2.) F/F (occasionally F/F/M)
- 3.) smut

At its finest, I may add. *lol*

It was a "pleasure". ;-P

P.S: Thanks for the recommendation, mo chroi! XD

Lunatic says

[
First, I felt awkward about the "Mommy" part. I'm pretty sure my smile disappeared once Violet decided to call Em as "Mommy" instead of "Mistress". Possibly because I like Em as a demanding Domme instead of a nurturing one. When Em was first introduced, the author already established a non-nurturing, agg

Ruthie Taylor says

"I received a free copy of this book to read and review for Wicked Reads."

This is a really good read. It is a standalone which could definitely be expanded upon, as there are a group of interesting side characters (not so subtle request to Ms Cole!). I loved the pace, the tone, the people, the situation. It was neither sickly sweet, nor unduly harsh; the drama was not extreme, the caring and love developed and drew in both the characters and the reader. There was comedy in the form of Peanut; family drama on both sides, but most of all a hot, sexy relationship between two very different women. Fabulous telling of a story about two people falling for each other with a BDSM world. Great couple of twists thrown in for good measure.

This undoubtedly has made its way onto my reread pile, and I shall be checking out other books by this talented author.

Eva says

I have a difficult relationship with BDSM stories. I have no experience whatsoever in this world, but I admit that I am curious about it, at least, up to a certain level. I feel highly detached from the paraphernalia (leather, sexual clothing, collars, etc) and some of the language and attitudes (Mistress, Mommy, Kneeling, etc), but I do enjoy reading about the D/S dynamics and roleplaying.

When reading BDSM stories I usually find myself enthralled and envious of the extreme level of intimacy and trust that BDSM couples develop in these stories. I also admire the fact that sexual intercourse between lovers is rather frequent but usually not gratuitous, as it is usually described as a bonding ritual and, therefore, essential to understand the development of the characters and their relationship. This book did not disappoint on those aspects, at least at the beginning, and I found myself devouring the first pages where the main couple initiates the relationship and bonding process.

However, once the trusting and bonding relationship of this couple is more or less accomplished, which happens at the very first 25% of the book, this story suddenly becomes boring (no drama, no angst) and ends up in a complete disaster when the characters and their relationship development become ruined at the last 25% percent of the book. I cannot not go into much detail on this issue without providing spoilers but, what I can say is that both the characters and their relationship start behaving in the complete opposite you would have expected, and that the story becomes completely contradictory and inconsistent. Which is a shame because I really liked the writing style of this author.
