i got all sad finishing this. nooo!!! genkai noooo! there's still so much to teach!

plot aside, i didn't take a liking to this volume's fighting sequence. oh well. how many ways can you draw a punch? yeah, think about that for a while.

Lauren says

This definitely seemed like a throw back series but I thought the characters were well developed and the action from the series came across well. The fighting scenes were fantastically done and I was really able to get into the story.

Edición argentina, décimo tomo.

Nicole Silverlance says

Fairy tales don't come true and sometimes it can be a nightmare.

Watching Genkai fight is one thing, but reading makes it even more enjoyable. Genkai is the spark of humanity in this story filled with demons and kings of the underworld.

The dark tournament will soon be over and the best of the fights are yet to come.

I'd watched and liked the anime version when I was still a kid.

For now, I got no plans for buying a copy.
