Caro says

I loved reading this book. I couldn't wait to see what was going to happen next. I liked the humor, the emotions, and the back and forth bantering between the family. I loved the characters too and am looking forward to reading more in this series. I got to the end and was: no no no no no. It's not supposed to end like that. I was totally left hanging. We're supposed to get our HEAs. Sooo not cool! But of course, I still want to read more. I loved the way this was written and the fun of it made it really fun to read. Another Kindle freebie novella and a great hook, line and sinker for the series. It's got me caught. Enjoy!

Riverina Romantics says

WHAT. THE. HELL!!!

It just ended!! I should have read the blurb instead of getting in a lustful haze over the cover and diving straight into the book. It is only a prequel!

It was good. I actually really enjoyed it. Sol was funny and smokin hot. Anyone that can ride a bull is mighty fine in my books and definitely worth drooling over....but then it just ended. I'm starting to have heart palpitations and get all mushy, eagerly anticipating a hea...then is farking ends!!!

Damn you Suzie Quint with your sexy writing style. You hooked me and you damn well know I will buy the next book just to see what happens. You cheeky minx.

Michele says

Quickie Review:

My introduction into Suzie Quint's writing was a really good one. All's Fair was a short story--a prequel, actually--into Sol & Georgia's complicated relationship. But it was filled with some nice genuine emotions, a steamy love scene, and even a hilarious conversation that had me laughing out loud. I'll definitely be checking out the other books in this series now.

Wendy says

I've fallen in love with these sexy McKnight brothers!

Jae says

I guess this must be a short introduction to what would be going on in book #2. Not much to absorb, other than the hot and heavy sex scene. I hope in book #2 Sol will come out more of a dignified and caring man. Because his sneaky behaviour towards his ex-wife (and the mother of his child) in this book was downright childish.

Pete says

I had to stop laughing to type this.

The story was short but funny and resonated with me, a horse guy. Obviously Suzie has either read a lot of rodeo stories or has attended a bunch, because she has all of the fun lingo associated with the sport.

The best was, "***He's more fun on the road than a horse trailer full of buckle bunnies.***" In case you don't know, buckle bunnies are female rodeo groupies.

I might stop laughing enough to go get some more of her books for sure.

Kristin says

"What?! That's it?!" That is pretty much how I felt when this book ended. I will admit that I read the second book in the storyline before reading this little snippet of Sol's. Even so, I still enjoyed Sol's quirkiness and his softer side since you don't really see too much of it in "Knight of Hearts".

The story starts out with Sol taking his daughter Eden to a carnival which just so happens to be the place that his ex-wife is currently on a date. Once he "bumps into" Georgia and her date he talks Eden into going on a ride with her mother so that he can have some one on one time with the new beau. After he works his magic, Sol has the guy running from Georgia. Which of course infuriates her once she finds out what made the guy turn tail and run from her. However, when Sol gets injured while bull riding she is put on the spot to watch over him for the night to make sure that he is okay... and the old flames start to rekindle.

I wished there was more to the story because I really like Sol's character. And for not being brought up down south around bull riders, I was fascinated by the short glimpse into Sol's life.

Favorite part...

The absurd things he tells Georgia's date was pretty hilarious. And I must agree with Sol, that if someone could believe the junk that was spewing out of his mouth, then it's best for Georgia that Sol scared him away. "Just so you know. I still love George-Georgia. But the changes..." Sol shook his head. "They just don't turn me on. That don't mean I won't get a couple of my cowboy buddies and stomp you if you hurt him... her."

Cindi says

I'm kicking myself for not remembering I had this on my Kindle. It took seeing a comment by the author

about something else to remind me. Oops! Otherwise I would have read it awhile back.

Great intro for what I hope will be a full-length book about Sol and Georgia. Sol was introduced in *A Knight In Cowboy Boots*, which I loved. He seemed so serious in that book so it was very refreshing to see his sense of humor in this short story. One scene at the carnival had me laughing out loud. Georgia (the ex wife) is hilarious in her anger. The two of them together..... wow!

Lots of laughs and one helluva steamy sex scene. I can't wait to read how everything plays out between Sol and Georgia.

Sophia says

Sol McKnight is a bull-rider and tough as it comes, but he still wants the woman he has loved since highschool and who divorced him. Georgia still loves Sol, but she can't handle the bull riding so she can't let him charm his way back into her life.

All's Fair is a short-novella setting things up for Sol and Georgia's story later in the series. I enjoyed meeting them and their daughter and getting a feel for the story.

Ashley Willis says

All's Fair is a fun Novella about a divorced couple (Sol and Georgia) who, despite their fighting, still harbor a spark for one another. Thank god for that because it leads to a very steamy love scene. If you like hot cowboys, especially adrenaline seeking bull riders, you'll love Sol. He's a bit of an alpha, but his love for his ex-wife makes him an endearing alpha. Without giving away any spoilers, the way Sol goes about bedding Georgia is hysterical. I'd recommend this book for a quick evening read that will leave you smiling. You might even need a cigarette when you're through.

willaful says

[the couple aren't together at the end (hide spoiler)]

Rose says

[

Loc.332-337 *I've seen Sol's ex (Georgia). This guy must be dumb as a stump to believe she was a man."* Georgia gasped. Sol had said she'd been a man? She couldn't move. Could barely breathe. A red haze settled in front of her eyes. *"I'm going to kill him,"* she muttered and started forward. Arms encircled her from behind, lifting her off the ground. Near her ear, Terry (one of Sol's rodeo friends) yelled, *"S*

Talina Collier says

I wasn't sure if I was going to like this book. But boy, was I ever wrong!! I loved the entire story. I love how Sol ran the guy his ex-wife was seeing, off. Haha! That was funny, the story about her being a man, George! Then I was taken in by the accident and Georgia taking care of him. The passionate, hot and steamy sex scene that played out in my head as I read the passionate, hot and steamy love making they shared. Woa! Very intense and very erotic! Loved reading this book. I look forward to reading more from this author!

Nikki says

[but no HEA left me slightly disappointed (hide spoiler)]

Cathy says

This novella was free for Kindle.

I laughed out loud at this novella. Some very, very funny bits in here.

Sol McKnight and his ex-wife, Georgia, share a daughter, Eden. Sol is still in love with Georgia so is naturally upset whenever she dates. He pumps Eden for information but restrains himself from calling these men unflattering names.

When Eden passes up a carnival trip with Mom and her date, Mike, to be with Sol he sees it as an opportunity to size up the competition - so off he and Eden go to the carnival.

What follows as Sol "confides" some things to Mike was a riot.

I will definitely be looking for the book that follows this prequel.
