## **Anomaly** Mansoor Nazeer

Sometimes, love is more terrifying than hate. *Anomaly* is a somewhat unconventional psychological thriller that tells the story of a lover, a killer, and a cop—three unconnected lives that mirror one another in grotesque ways, as they unwittingly cross each other's paths, hurtling towards a desolate end. The train of events set in motion by the killer inexorably entangles the lover, the cop, and other significant lives around them. As the characters grapple with their peculiar predicaments, they grow desperate to take control and make sense of things—a struggle that can only have devastating outcomes.

## **From Reader Review Anomaly for online ebook**

### **Indiebrag says**

We are proud to announce that -ANOMALY by Mansoor Nazeer is a B.R.A.G.Medallion Honoree. This tells a reader that this book is well worth their time and money!

---

### **Pepe says**

I appreciate prose, but frankly, not in my murder / thriller reading. This was too much for my taste, so I was unable to finish it. I just couldn't get into it because of the prose that was overly descriptive and didn't relate to the mystery.

---

### **Una says**

It took me a few chapters to get into this book, but then I was hooked, second guessing the plot line, especially in relation to Nagesh (I was 50% right!).  
This book is very well written - a refreshing change from some other books that suffer badly from poor grammar and editing.

---

### **Mansoor Nazeer says**

Now, the winner of the B.R.A.G. Medallion!
