Betrayal

Naomi Chase

Betrayal Naomi Chase

"A writer with a gift for erotica, mystery, and intrigue." --*Romance in Color*

Some people know better and do worse...

Since she was acquitted of murder, Tamia Luke has been on a mission to prove she's a changed woman--especially to the love of her life, Brandon Chambers. She thinks she's succeeded--until Brandon reveals that his ex-girlfriend is pregnant, and it's his duty to marry her. With time running out, Tamia is determined to have one last rendezvous to win him back. But she's stunned when the man who blackmailed and betrayed her suddenly reappears on the scene--with an offer she can't refuse, though she knows she may regret it. And when Tamia finds her life on the line once more, will she die harboring another secret--or live to commit another betrayal?...

Delaney Diamond says

Wow, what a rollercoaster! I'm still reeling from the dizzying twists and turns and the unexpected outcome. Chase finished the series with a bang, and it was a great way to wrap things up. It was not only interesting to see how all the characters' lives were interwoven, but every loose end was tied up.

So this story opens with Brandon still treating Cynthia in an appalling manner. Granted, she had no business going to see Tamia, but him not answering her calls or texts seemed so ridiculous and immature, esp. when they lived together and she simply wanted to know where he was because he didn't come home. Then he had the audacity to say she wasn't the person he thought she was. Meanwhile, *he's* doing a Dr. Jekyll and Mr. Hyde impersonation.

Cynthia, however, took a detour into crazy town and showed her true colors, and so did a lot of people, a couple of whom took me by complete surprise (view spoiler).

I have to admit to being a bit bothered by how comfortable Tamia was with Dominic. She enjoyed being with him way too much during the period she and Brandon were apart—not just sexually, but at one point she envisioned herself married to Dominic. She was way too torn about her feelings between them, and I guess I wanted it to be much clearer that Brandon was the one she was really feeling. There were moments when I had my doubts.

There were a couple of scenes that were intense and emotional (i.e. Brandon barging into her apartment and taking her against the wall—ooh la la!), and the beat down that Brandon gave Dominic was soooo overdue because Dominic was taunting Brandon and being a complete a\$\$\$. I guess he thought Brandon wouldn't do anything in front of all those people—but he thought wrong. LOL.

- Lots of hot, raunchy sex, a constant throughout the series
- Twists and turns that blew my mind
- Warm fuzzies, shown through the emotional connection between Brandon and Tamia
- DRAMA!

Final thought: The three books in this series are recommended for anyone who likes dramatic fiction. You won't be disappointed.

Marie says

It has been a little over two years since Deception hit the stands. To say this was a long, excruciating wait is the understatement of the year. Was it worth it? Hell yeah! Once again Ms. Naomi Chase delivered a book full of tears, laughter, anger and frustration. She weaved a tale that leaves you unsure who you should be rooting for and who you want to go "straight gangsta" on yourself. This was another emotional rollercoaster ride that left me reeling. I anxiously waited over an hour for Amazon to deliver my pre-order and I could not put it down. Thank you again for another heart-wrenching story.

A word of warning, this is not a stand alone book, if you have not read Exposed or Deception, you will be missing out on a lot of key information.

Oh and Ms. Chase: To #19 HELL YEAH!!

Kim says

Wow, an explosive page turner from the first page to the last. I can't believe Brandon and Tamia finally got their happy ending....well done.

Natasha says

What can I say, that was definitely a roller coaster of emotions! One minute I'm team Brandon, the next I'm team Dominic and then I'm like forget them both lol! Still love Tamia and despise Cynthia. My love hate for Fiona leans more to the likeable side. All kinds of secrets were revealed, putting all the pieces to the missing puzzle together, even the pieces you didn't know we're missing. This book will have you shaking your head, cussing characters out, loving them, hating them, along with wishing some a happy ending and hoping others see their demise. But you gotta read to find out what fate each is given. Another good book and I'm looking forward to the next installment I got a sneak peak at....just when you think all's well that ends well...

Samara says

What can I say other than Naomi Chase is a true master of the arts! This book was the long awaited book in the Exposed Series and it was well worth the wait. I went through so many emotions from, anger, depression, frustration, rage, and then hope. Believe me there were times in this book that I was completely and thoroughly done with all four main characters. Tamia and Brandon had been through so much, Naomi weaved this story with so many twist and turns, but it got to where I wanted it to be. So I have to say, to all those Dominic fans, all of you including him, can have several seats! Brava Naomi Chase Brava!

Wilki J says

Not much time has pass since Tamia Luke's acquittal of murder, and not nearly enough time to even catch a breather from the 'Exposed' [book 1] lies that disrupted her life or the 'Deception' [book 2] that left her relationship tattered with the one man she has truly desired and loved, Brandon. With his sense of responsibility, Brandon is set to marry Cynthia out of duty but Tamia still wants her chance at happiness. But when Dominic comes back into her life and unseen danger becomes eminent, the betrayal is of profound proportions and comes to a head quickly.

Ok, whew, first let me say this book was the most highly anticipated book I have ever waited on in my life as a reader. I was on pins and needles as the countdown to its release winded down. I wondered would it live up to two years in the making... and did it ever! I can't explain the emotions I went through reading this book. It

took me from Tuesday (release day) to Saturday to finish this book: why? Because it was that amazing! Like a hot cup of cocoa on the coldest winter morning. I read very slow to savor it: on one hand I wanted to know what happens, but then again it was so good I did not want it to end.

The plot was sensational! I enjoyed the fact that the timeline allowed for easy following from one book to the next; it was consistent and accurate with what occurred in books 1 and 2 in the series. The story line provided me with more and then some. There was nail-biting suspense that left my stomach in knots. The drama was oozing from every articulated word that leapt from the page. It was like it played out in my mind; like I was there. And let's not forget the characters' development and their interactions. O.M.G, I swear it was as if it was real life and I nosily stumbled upon them and watched their every move. Characters such as Brandon and Tamia have to be based off of real people N.C knows because they were just that vibrant and captivating; especially 'B'! Their development from book to book was on point and I saw growth and in some cases the true colors of the major and minor characters within this series. Their salacious interactions kept my mind spinning and heart racing!

There were no frivolous fillers; even the most minute details gave me life as I read. Every question I ever had from books 1 and 2 were answered by the end of this book and I loved that the conclusion and epilogue were carefully thought out and not rushed. My mind is still mulling over this book as I contemplate my next read. Naomi Chase put her whole leg..not even foot into this book and the wait was so worth it as I knew it would be! I look forward to the next in this series!

Kudos 'Oh Ruthless One' (as we so affectionately call you lol)!

Sophie Sealy says

When was the last time you read a book and when done immediately decided you were going to read it again? This book does that to you. This is the book you stay up all night to read, the book you call out sick to read, the book that will cause immediate withdrawal once done and the book that you will not be able to put down once you start.

Betrayal is THE highly anticipated follow-up to 1. Exposed and 2. Deception. Normally when writers wait so long after a cliffhanger they give the readers a rushed job, they fill the book up with past events and one event to solve the cliffhanger but not Maureen Smith aka Naomi Chase. What she gave the readers should be the blueprint on how a follow-up book should be written. A master of her craft her gift with the pen is absolutely fierce. The story flow so smoothly after the last and she did not filled it with walks down memory lane. The story contained so many twists and turns that guessing the outcome of any given situation proved fruitless. The twists were so intricate that you'll sit on the edge of your seat to see how she's going to pull it off and pull it off she did. If you have been following the saga of Tamia, Brandon, Dominic and Cynthia then you are in for a delicious treat. Warning: not for the faint of heart and its recommended that its read slowly with a chill glass nearby. Sorry did you think I was going to tell you who Brandon picked? Nope no spoilers from me.

Deloris says

This book rocked my world!

Victoria says

*****SPOILERS*****READ AT OWN RISK.....

Man oh Man oh Man... I was like a crack head knocking on doors at 4am... This book was for Sure my best read of 2014..... and I have had some good ones.... it was stressful, its damn erotic, it was comedic relief... Dre Mom... had me in stiches..... I WANTED to kill CooCooCyn... I wanted Dom to break by back and then go home and Life Brandon..... My heart was broken when I found out Lou was involved.... that one Hurt... I am still on my Betrayal High.... You did your thing on this entire Series.... but then You Never disappoint.... I loved that CooCooCyn got hers in the end... you never know where you will run into family..... I loved how Fiona handled CooCooCyn..... I was happy to see Tamdon finally together.. even though I was pissed that she slept with Dom.. I wanted her to wait because I knew Brandon would get his brains back soon enough.... I know I know he was with CooCooCyn but I still wanted her to wait....I am so excited to get to read Dre and Brook story and I can even learn to like Honey if Beau wants her but it will take a minute..... This Authors Pen is the Truth!!!always....

MZURAQT says

The long awaited characters are back!!!!!!

Tamia Luke is trying to let the past go and move on with her life. Easier said then done she can't let go without a least trying one more time to get the her true love Brandon back. Things seem to be going well but she also knows that the odds are against her since she is going head to head with his Fiancee Cynthina. Hoping that one last time with Brandon will rekindle the love they once had she realizes its either all or nothing, but when Tamia finds herself in another set of lies and scheme will she be able to hold on to the secrets for the sake of love and friendship or will she find her self back in the life she once knew.

The prestigious attorney, Brandon has accomplished all he he set out to do in life making his family proud, he has everything together or so he thought. With Tamia back on the scene he realize that although she hurt him she is the one he loves. Brandon feel like he has the weight of the world n his shoulder dealing with new position as partner and his fiancee Cynthia. Torn between the two he know he has decide what to do but when is Brandon is his with some ultimate news he knows that is choice has been made for him.

The novel was definitely worth the wait. From page one you find your self right were part two ended. I was on the edge of my seat waiting on events to unfold. I was a bunch of emotions with this one. I felt she made a come back since I was disappointed with part two. The drama and characters were on point. There were no mix-ups or errors. Overall I was very happy with the story. Great Job Naomi Chase

One-Click says

Audiobook

Narration REALLY good - borderline Kick Ass

She does such a great job switching between characters, showing proper emotion, accents, really terrific job Diana Luke!

Well this ends the series,(I think, although there are hints that there's more story with Brandon's brother and sister) and I gotta say I loved it. Total Scooby Doo ending again, but with everything that went on, there just had to be a Scooby Doo recap to pull it all together I suppose.

I read a couple reviews before I started this and in two sentences someone (without spoiler alert) totally gave the outcome away so DON'T READ THE REVIEWS before you start reading if you want to experience the emotional rollercoaster as it should be experienced!

These characters are bat-shit crazy, lippy, saucy, big cheaters (dang near all of them)

If you hate stories with cheating - DO NOT READ - it will piss you off because he's a cheater, she's a cheater, he's a cheater, he's a cheater and he's a cheater - Oh, and she's a cheater! I think that's all of them. Read the first two in the series first, and if you read them, you HAVE to read this one, so that's all I'm gonna say about it!

GREAT BOOK!

Cereise says

Happily ever after! Well for some that is but Im happy for Tamia despite all the drama she had to go through, I am glad to see her receive all that she's ever wanted and that is to live a happy life with everything shes never had. AMAZING BOOK AND EVEN BETTER SERIES. Well done Naomi Chase well done!

John Stokes says

Outstanding! Fantastic! Incredibly & amazingly great. 5 out of 5 stars just doesn't do this book, story, nor entire trilogy, justice. Simply, the best series I've ever read. I've said it before and there's no confirmation needed; Maureen Smith/Naomi Chase is my #1 favorite author. She most certainly scored a touchdown, hit a home run, slam dunked, and scored a goal, all in one, with all 3 of these books individually, and collectively. Without giving anything away, I'm also very please with the way this one ended. Kudos to you, Ms. Chase. You deserve every award that I know you have received, and will receive for this one. Now, I'm just patiently.....nah, who am I kidding; impatiently, awaiting book #3 in the Brand Brothers series, Whatever You Need. If this book is anything like the the 1st 2 in this series, Anyway You Want It, and Whatever You Like, then I'm going to need to wear heat resistant gloves just to hold my kindle when this book is queued up. Man, those 2 were scorchers, and I'm sure #3 will be just as blazing. If you've read Exposed, and Deception, and haven't read Betrayal, yet, drop everything that you are doing, and jump into this book immediately. If you haven't read this series, do not pass go, do not collect \$200. Go directly to some store,

get the 1st book, Exposed, and start reading an absolutely great story, by one the premier erotic thriller writers that I've read, in an awfully long time. I promise, you wont be disappointed.

Alicia says

For the third book in the Exposed trilogy, Chase weaves a story with a strong-willed protagonist adamant on getting what she wants and seeking revenge for those getting in her way. After tragedy, a trial, and now her lover about to marry another for appearances, Tamia softens when Brandon comes around. Likewise, Brandon still wants Tamia, but with her background in pornography and a baby on the way by another, it cannot be. That is until sex, scandal, and lies turn Brandon back to Tamia and their unbreakable bond. She knows they are right for each other and once she figures out who is behind keeping them apart, she exacts her own payback and gets something that will keep them together.

The final book brings Brandon and Tamia full-circle with a resolution that will appeal to readers with action, plenty of steamy sex, and minimal violence making it a tantalizing finish for urban fiction devotees wanting to see Tamia win at all costs. With plenty of characters that have been introduced over the series, Chase gives each of them their comeuppance that never feels unrealistic. The characters are fully-developed with motivations that readers can empathize with. This alone gives the series the boost to be top-shelf.

Fenae says

Enjoyable read! This book has me waiting and wanting to know what happens in the next book. Good fast read.. I don't want to be a spoiler BUT I am glad that Tamia and Brandon finally got to the bottom of things and made it happen.... despite all of their obstacles.

I love how Brandon doesn't have an issue with standing up to his parents when it comes to how he feels.
