Also how the got their father attention on how she looked and telling him to date her. I really enjoyed the book from the beginning to the end.

### **Francis Ray says**

Break Every Rule is classic Francis Ray. It's a tale of inevitable love. The writing is crisp and concise. It's a joy to read. --Gwendolyn Osborne

“Classic Francis Ray...a joy to read.”—The Romance Reader

“Francis Ray is a literary chanteuse, crooning the most sensual romantic fiction melodies in a compelling performance of skill and talent that culminates in another solid gold hit!”

—Romantic Times

“Francis Ray creates characters and stories that we all love to read about.”

—Eric Jerome Dickey

There was high sexual tension from the start of the story, revealed through Trent's wicked thoughts. Overall, an enjoyable read. A category romance with a lot packed into it, there is even a romance for Janice. It has some memorable one-liners and funny moments. The characters from this story are interconnected with these other stories: "Forever Yours" (7/94), "Only Hers" (4/96), "Heart of the Falcon" (2/98), "Break Every Rule" (8/98), "Until There Was You" (6/99)."

From Publishers Weekly

With Daniel Falcon and Madelyn Taggart of Heart of the Falcon happily married, Ray turns to Daniel's only sister. Dominique Falcon is beautiful and rich. And restless. At 29, she's fled from one city to another, from one job to another, and, after her marriage to a classically abusive man, she flees from men, too. Settled, for the moment, in Dallas, she embarks on a career in photography and immediately alienates her new neighbor

Trent Masters, a successful, handsome and decent man who has, through will and hard work, risen above his unenviable childhood. The question is whether Trent can hold on through Dominique's seemingly inexplicable changes in attitude and Dominique can get over her justifiable fear to accept a decent, supportive man. Sex comes at the end, not as an afterthought, but as the final element in a passionate healing process. It's the kind of warm, humane portrayal we've come to expect of Ray.

### **Ariana says**

I liked the book but Dominique was annoying. Her little pity party she kept having was annoying. I don't see how she thought Trent wouldn't be upset finding out her last name. She basically lied about who she really was.

### **Hinal says**

Francis ray is a talented author that has a knack for keeping a reader unable to put a book down. I have read a few of her books and have yet to be disappointed.

Great romance. What more can I say? It's an easy read and a story you can get through in one sitting.

Break Every Rule:

This last book of the saga is about Domonica Falcon, she's just returned from Paris and wants to start her business in town.

Trent is a guy who got a break from a trucker who know trusts him and his wife with their decisions, business and on the house front. He is the supervisor for her store.

Interesting to learn about the trucking business.

Others in the family have a bit of time in this book also.

Her photography business can't seem to get off the ground and he offers to help with a business plan and introductions to others at a dinner party.
