## Curves by Design J.S. Scott

Pediatric Nurse Molly Whitney is crushed when one of her best friend's older brother, Devon Richards, starts to show a passionate interest in her in spite of her plus sized body and then rejects her. Between the rejection and her mother's constant nagging about her weight; her self esteem hits at an all time low.

Architect Devon Richards has been completely enchanted with Molly since their first encounter, but he misunderstands the relationship between his brother and Molly and is forced to keep his amorous interests in the beautiful nurse to himself. Even though he desperately wants her...she belongs to his brother and he just can't cross that line.

By the time Devon realizes that he misunderstood the relationship between Molly and his younger brother, six months has passed, but she's haunted him continually since their brief encounter. Now that he knows she's free and he can pursue her...she doesn't trust him or his motives. Can he convince her that she's the one woman he's ever truly wanted? He's determined to storm her defenses and get her into his life and his bed...no matter what it takes to achieve that goal.

18+ Only. This is an EROTIC BBW Romance. It includes graphic sex, graphic language and other subjects meant for mature audiences only.

## From Reader Review Curves by Design for online ebook

### Char (1RadReader59) says

For a free read this was a very engaging BBW romance short. The characters were so very likable. Molly & Devon are star crossed alright. So, crossed all the wires are mislabeled. Molly has a mother from HELL who talks in her head even when she hangs up from their awful phone calls. She has her mother weight issue tapes playing in her head that Devon really has his work cut out for him if he stands a chance at winning her affections. This is a book that follows true to life with a HEA.

### Hart's Reader Group says

Again, I had the same problem with this whole series, so here is the copy/paste of the previous two reviews:

This book had GREAT potential, but it was squandered on being MUCH TO SHORT! This book needed to be a novella, at least. There should have been more build up to the BOOM. I liked that the heroine was BBW, and that the super sexy hero was in love with all the curves, but I wanted to see more of the push pull, the building tension. It was just too short for it to feel...satisfying.

#### 4 Stars

**"It had taken the love of a good man to help her see that beautiful was more than just a body or a face. It was a feeling and the way that she felt inside."**

Just like the previous 2 books in this series, this book shows you that beautiful is not always all about outward appearance.

Although this story is beautiful too, but I feel lil bit boring. That's why I only give it 4 stars.

This series is a good choice for people who have low self-esteem like me LOL. Because it will help you to open your eyes (and mind) that everybody has their own insecurities, but when you meet the right person, you'll just forget about your insecurities and accept who you are, because the right person can make your insecurities become your confidence :)

---

### **Brittany Price says**

Loved it!! A romance you can relate to.

---

### **Heather says**

I LOVE Ms. Scott's books. Is great to FINALLY find a author who writes about REAL women instead of model like figures. The heat between Molly & her man is off the charts sexy. I could relate to her misgivings of being with a man with her having such low esteem. But the love he showed her made me smile :)

---

### **C.E. says**

I don't usually write reviews, but I had to say that this book touched me in a way that others book usually don't. I don't what it was, but I really felt something for the characters in this particular J.S. Scott book. This was incredibly well done and incredibly realistic to read. I've gone through similar things so it was hard not to secretly root for the character to stand up to her mother. I loved it.

Once of the most touching books I've read so far this year!

### **Elizabeth Bennet says**

This one was really close to being 2 stars. I always try if I can to get boxed sets when its a better bargain. However, the fact that I got this in a boxed set actually hurt my experience. The books are each dealing with a h that is chubby but reading them back to back all 3 girls were written the same. They all had low self esteem and trouble with the way they looked. This book was great in the respect that the h (Molly) was the way she was due to her mothers constant badgering that the way she looked wasn't good enough. I can believe that a person could have trouble overcoming poor self image when pounded into your head long enough.

Molly was a little different in the sense that she wanted to break free from what she was taught. Devon is the older brother of her friend and at sight the two hit it off, amplified by mutual attraction. They become engaged in a make out scene but are interrupted Dylan (older brother) and Devon misunderstands believing Molly is involved with him. Molly believes Devon is cold to her for reasons her mother has emphasized all her life and so Molly does most of the pushing away. It was frustrating and when Devon tries a different, bold approach I wasn't sure I was on board with him.

Devon is a sexy H as are all of her H's in this series and in the end I did ease up on how he decided to get his gal. The thing that saved this book for me was seeing Molly confront her mother. I totally supported her and was rooting her on along with Devon. I would caution that if one chooses to get this series <https://www.amazon.com/Curves-Collect...>

that you may want to read each books at different times and not all back to back. The similarity with how the characters are written in each story took away from the overall experience. I reviewed each book separately from the boxed set. Enjoy!

### **Amanda says**

I absolutely loved this short story...Molly was continuously told by her mom she needed to lose weight and that she would never find a man because she wasn't attractive. One can only be told things like this so many times before you start believing it.

Devon and Molly met through Devon's brother, and it was love at first sight. Devon caught Molly on the patio during a party and gave into his lust and kissed Molly only to have his brother call for Molly and the kiss got interrupted. Devon avoided Molly the rest of the night because he felt guilty for having feelings for his brothers date. Molly was hurt by Devon avoiding her thinking it was because her weight repulsed him.

Seeing what these two went through to overcome Molly's insecurities was kind of sad...no one should feel the way Molly felt about herself. I can honestly say I hated her mother's character...she is so heartless with the way she treats Molly and I was so happy to see Molly stick up for not only herself, but her relationship with Devon to her mom and finally put her foot down.

---

### **Tanya says**

Again I loved this story. Very hot. Bit too short for my taste.

---

### **?Tonya? says**

#### **3 stars**

This was an average read for me. Very short so the story wasn't very detailed. Moderate steam. Sweet and safe. Pricey (IMO) for the page count.

- no cheating
- no ow/om drama at all
- no violence of any nature
- instalove
- assuming neither had been with others in the 6 months they weren't together but it wasn't actually clarified for certain
- very disappointed that there was no epilogue at all

---

**Ashley Hedden says**

This was another great story by J.S. Scott. I loved that this woman who was constantly told that she was not pretty enough was able to find love. It was a great story about love, determination and happiness. I love J.S. Scott's writing and think everyone needs to read this.

**~Nichole~ Sizzling Pages Romance Reviews says**

Really love these awesome men. JS Scott never lets me down. Short , Sexy and Safe .

---

**Rochelle says**

I loved this little story!

---

**Lissa Smith Reads'~Bookaholics Bookshelf Reviews says**

5 Star Kindle Unlimited Short Read

Alright! Big girl not only got theme hot man despite what trash the mom talked about her weight and figure. Even better, he put ring on honey. Now it time to give the mom the what for because her man loves her just the way she is.
