## Drawing: Figures in Action Andrew Loomis , Walter Foster (Editor)

When you're ready to approach movement in your artwork, *Figures in Action* can help! In this valuable guide, expert Andrew Loomis teaches you the basics of drawing the human figure in action using demonstrations that feature both male and female figures in a variety of poses. He provides a wealth of information for rendering the human form in motion, exploring ways of capturing movement and establishing lines of rhythm with helpful information on proportion and suggesting the 'sweep' of the pose. The author explains a number of drawing methods, including point techniques and brush-and-spatter illusion. This comprehensive guide is a welcome addition to any artist's drawing reference library!
