Fiddlesticks Beverly Lewis

It's soccer season for the Blossom Hill Blitzers. Shawn Hunter is dying to make the team. But some of the kids call him "Fiddlesticks" because he brings his violin to after-school practice. And because his legs are skinny as sticks. Secretly, Shawn works out at home--but time is running out. Can his cul-de-sac friends help him make the team? Or will the teasing at school mess Shawn up during tryouts?

Mandy J. Hoffman says

This is number 11 in the Cul-De-Sac Kids series. Once again I can say that it is a wonderful book and easy for kids to relate to.

This story addresses name calling and being kind to one another. Shawn Hunter overcomes a bully with kindness and encouragement from his friends.

This is easy to read for older kids or great to read aloud to younger ones.

Mary-Jane says

I found this book difficult to read since Shawn is subject not only to teasing/bullying but racism. I read this aloud to my 6 year old but skipped some of the racist references since I didn't want the book to be a learning tool for ways to be mean to someone who is from a different cultural background. The book introduces the Golden Rule and provides an opportunity for discussion about how to handle a situation when someone is being mean to you.

Joy Gerbode says

While these books are definitely written for younger readers, I especially enjoyed this one, teaching kids not only that name-calling and bullying is wrong, but also how to properly respond to it in order to make the situation better. Loved it!

Lisa says

I love the message that this book sends about bullying and the golden rule. As always, the characters are a hit with any child (or child at heart!) One of my favorites in the series so far.

Mary says

Why does he need a soccer ball to balance while doing violin?
