Esma Tezgi says

Güzel ba?lad?, güzel bitti. Özellikle Envy'nin ba??na gelenleri severek okudum. Serinin çarp?c? ve farkl? yönlerini seviyorum sonu hem iple çekiyorum hemde gelmesin istiyorum.

Sylwia (Wish Fulfillment) says

- At this point everything is building up to this huge ending and I still don't know anything about the main villain's motivation.

Pinkerton says

Ancora spazio alle seconde linee, che pure questa volta non deludono :)

Michelle (In Libris Veritas) says

4.5 Stars

Caroline says

I'm starting to feel bad for characters that I'm meant to hate. Also I'm getting really concerned for the safety of all the characters I love because I know they can't survive forever and that makes me sad. Oh god. It makes me really anxious when the brother's are separated so I'm just waiting for them to be reunited but also I'm glad that we get some really great information from their different journeys.

Hannah Belyea says

A mysterious portal has opened and may be the only way for Edward and Alphonse to regain their bodies, but what happens when a large transmutation circle below ground is finally completed? Arakawa readies the world for extreme shifts in power in this entry to the "Fullmetal Alchemist" series. No one is prepared for the road ahead!

Fortunately, Edward is back). Winry meets Rose, and Al knows the truth behind Hohenheim. But still there

is a problem with promised day? what is it? Maybe it is the day the gates will be opened.

Cel Red says

En realidad todo este volumen es un preludio para "el día prometido". Me encanta cómo se mandan los mensajes en secreto y cómo todos empiezan a prepararse por su cuenta para ese día.

Otras cosas que me gustan son el cambio de Geeling y el asunto de Oivier y su familia.

Amanda Setasha Hall says

This volume is really good. There's a lot of "in the shadows" story going on. I really appreciated more homunculus story as well. The art is amazing - especially the Chapter 81 art. I MEAN OH MY GOD IS THAT AMAZING.

Anastasia Antonova says

Swati says

Things have slowly been getting more and more serious over the past couple of volumes, it's still funny but I can tell that I'm reaching the end of the series :(

Oh God! I can't believe there are only 7 more volumes!!!! D:

N?rmin says

Envy in a trap, Greed in the team! Al meets father Hohenheim and Winry with Rose. And Edward just being Edward.)

There is cliffhanger; what is the promising day?

Thainwyn says

"The hero comes always last". I love it how Arakawa plays with clichés and sometimes turns them around. Sometimes, they come and hit you on the head (with a wrench)! Needless to say, I really love the extras at the end of every manga.

TheGracefulReader says

THE GOOD

Lin/Greed: These two I swear.... they can't make me love them anymore. Also that roundabout way Ed got him to their side by agreeing to be Greed's henchmen. That'll be interesting.

Izumi, Mustang, Riza, Havoc etc: everyone working together now, eh? This is going to become one hell of a power struggle.

THE BAD

Gorilla and Lion: Im not even gonna bother with their names. While I do appreciate what these two have done for Ed, I do not trust them as far as I can throw them. Which from the size of them wouldn't be very far....

?????? ????? says

All the ants started gathering to fight against the giant monster. At first they take out Envy with a deadly bite. Even though Envy is down, he still is not out. On the other hand Greed starts having internal conflict with his split personality. The reckoning promised day is revealed at last. All the chess pieces start to move for the final move. Will it be a checkmate or a stalemate that needs to be found out. Among all the bad news, the only good news for Elric brothers is that they might have a chance to get back their bodies on The Promised Day.

Kirsten Simkiss says

Honestly, this volume seems really out of the blue if you haven't picked any of these up in a while. While there are a menagerie of recurring characters, the lines are getting blurred between friends and foes as it

approaches the end of the series. This volume hints mostly at things to come. Other than that, it doesn't seem to have much of a lasting impact on its own. It's definitely more of a volume dedicated to the overall plot of the series.

Becky says

Every now and then, in the midst of genocide and tragedy, Ed and Al say, "but what about our original bodies?" and I roll my eyes so hard it hurts.

Mr. Tally says
