## **Gay Witchcraft: Empowering the Tribe** Christopher Penczak

When Christopher Penczak was introduced to Witchcraft, he found a spiritual path that honored and embraced his homosexuality. Now he has written a book of clearheaded theory and practice that is bound to become a classic. With *Gay Witchcraft*, Penczak joins the ranks of his forebearers in spirit, gay writers who have taken a tradition and made it home. This is a complete book of theory and spiritual practices of Witchcraft for the gay community. Penczak's writing will make it much easier for gay, lesbian, bisexual, and transgender people interested in practicing any form of Witchcraft. Exploring the history of Paganism and offering a compendium of spells, meditations, ceremonies, and affirmations that will enrich both the novice and the experienced practitioner seeking out new views of myth, ritual, and healing.

## **From Reader Review Gay Witchcraft: Empowering the Tribe for online ebook**

**Braydan says**

**Definitely Helpful**

Me being a gay male Witch myself, I instantly connected with this book. I did Craft the Protection Potion twice now. Both times with herbs instead of oils. Herbs work better in my case. This second time, I did add three tiny tumbled quartz pieces. Awesome power!!!

---

**Montrell Wilkerson says**

It is a good book to begin with, the information is set up as introductory with an LGBT theme

---

**Izzy Strazzabosco says**

BEST OCCULT BOOK OF ALL TIME

---

**Alan D.D. says**

A good introductory book on the subject, easy to understand and follow. The healing-related chapters were amazing!

---

**Partially Void says**

This book starts off on a bad foot by using the term tribe and I might review it further if there's anything that pisses me off enough when I'm finished.

---

**Nayff says**

A really lovely introduction to Wicca and its relationship with LGBTQI individuals, a look at the relevance of magick and Wiccan lore to the community.

---

**misha says**

I was looking for a book on how queer witches combine witchcraft and being queer, which is sadly not what this book is about. I guess I'm still not very much interested in practical magick, more in the ideas behind it. It does have interesting meditation exercises though.
