Let Me Whisper In Your Ear Mary Jane Clark

There are some things nobody can possibly know...and others that nobody should dare to guess...

A pair of thrill-seeking boys crept into Palisades Park after dark to ride the Cyclone. When the roller coaster returned to the station, it was carrying only one child. What happened to the other would remain veiled in secrecy for the next three decades...

As a rising *KEY News* producer, Laura Walsh prepares video obituaries of famous people whose deaths seem imminent. But the macabre guessing game, and an eerily pre-taped obituary, plunge Laura into a chilling nightmare when one of her famous colleagues unexpectedly tumbles to her death from a Manhattan rooftop. Now Laura must delve into the dead woman's secret past-- a past that holds a shocking connection to her own, and to a missing boy. Desperate to uncover the truth and unmask a cunning killer, Laura soon realizes with growing dread that the next obituary she should be writing is her own...

Julie says

Very good as this author's books always are. Edge of the seat. I didn't figure out who done it until Clark wanted me to and only a little bit before the heroine did.

I wish I could give this more like 2.5 stars... But I can't give it 3. It was definitely not poorly written, but I felt like there was very little character development - maybe because there was SO many characters. I enjoyed the story line; I think it was perfect for this genre. However, the conclusion was so rapid that I didn't feel like I had enough time to comprehend what happened or even WHY it happened - and I feel like the "why" is so important to the murder mystery genre, at least for me. Surprising, yes. Page-turner, yes. But fantastic? Nope.

Ewa says

Similar to Mary Higgins Clark - rich famous people with their problems in huge apartments and with huge bank accounts. But basically quick read, relaxing. And I had fun with the way author misspelled "oplatek" and repeated it so many times.

Susan says

Enjoyed the story. Didn't figure out the villian, complete surprise. Looking forward to more by this author.

Debbie says

This is a "can not put it down book". What a great story line and edge of your seat action.

Linda says

I am so enjoying this author's books....so suspenseful with a fast moving plot as well as subplots. I really like the informative tidbits she includes about places and historical items. Real page-turners that are hard to put down. High on my list of favorite writers.

Once again, Mary Jane Clark delivered. This is the fourth book I've read and for the fourth time, I wasn't disappointed. Clark adapted the multiple suspects formula and the way she connected the characters relationship with each other was really effective.

From her other works I've read so far, the heroine in this book was different because she wasn't a broadcast reporter but a back office producer. Her writing obituaries even before the person has died was really fascinating and creepy at the same time. With her stories and heroines, Clark gives us an idea of what goes behind the glamorous facades in a broadcast media network. Bosses were really heartless bastards who only care about the ratings. Sometimes one can't draw the line being a professional or a human.

There were a lot of characters involved, subplots, multiple murders and mysteries to be solved and it all boiled down to a great story with no loose ends.

I love suspense books. It's just getting harder and harder to find one with good suspense. Unfortunately, this is another one of those that has good promise, but doesn't deliver.

However, you'll keep reading just to find out what really happened to the missing kid and how Laura's father was involved. But in the end, neither the killer nor the missing kid story line carries much umph.

There were quite a few typos in this book which surprised me since it was published by St. Martins Press. That's not something I hold against the author. That's the editor's mistake. Maybe if Mary Lane Clark hadn't been the daughter-in-law to Mary Higgins Clark the editors might have taken a bit more care with her book. But when you know you're going to have a bestseller based on family, why bother when you have a ton of other books to edit?

This was my first Key News thriller. I might try another only because I like Ms. Clark's Piper Donovan mysteries. Hopefully the next Key News thriller I read actually is more thrilling.

For those interested, this is a very quick read with short chapters. There is also very little cursing and no sexual content.

Heidi says

Mary Jane Clark's writing style is very similar to that of (her former MIL) Mary Higgins Clark, so if you like one, you'll probably like the other. This is a pretty standard formula murder mystery with a small touch of romance, offering both a present-day killer to be unmasked as well as a 30-year-old cold case that becomes news again. The number of characters keeps the reader guessing all the way through, but a cheesy and sanctimonious ending had me rolling my eyes. I would actually rate this 2.5 stars, but I just couldn't give it a 3 because of that ending.

Babete says

Como os anteriores é um romance policial muito bem escrito! Lê-se de um só fôlego e apetece mais. Segundo a crítica devido à sua experiência como produtora e guionista criaram uma nova categoria: os media-thrillers!

O nome não é coincidência, ela já foi casada com o filho de Mary Higgins Clark, mas o mérito da escrita é todo seu!

Sandi says

great 3rd novel - still on the right track with suspense, characters, and storyline!

Misti Pittman says

Mukhtar Abubakar says

Massanutten Regional Library says

Linda, Elkton patron, August 2018, 5 stars:

MJ Clark is a super mystery writer. The book reads well and it is just like the rest of her books. It is fast paced and it keeps you interested.

Carmen Rodriguez says

This was a great thriller and Mary Jane Clark did not disappoint. It was a great page-turner! I had no idea who the killer was. I enjoyed the intricate connection between the characters. Loved the short chapters too!
