Love Slave for Two: Beginnings

Tymber Dalton

Love Slave for Two: Beginnings Tymber Dalton

Tyler Paulson came to America with a scholarship and a dream of becoming a writer. With an unsupportive mother and a father who abandoned him, he makes close friends and tries to build a new life for himself in his adopted country. Unfortunately, a series of heartbreakingly betrayals makes him doubt not only truths he once held about himself, but shatters his trust in others.

Thomas Kinsey wants to carry on his father's legacy and become an architect. His family and upbringing couldn't be more different than Tyler's, but he hides a secret he's afraid to admit for fear of testing his strong family bonds.

Thomas knows Tyler is the man he wants to spend the rest of his life with...if he can convince Tyler to forget the ghosts in his past and have faith in their future together. Read the scorching prequel to "Love Slave for Two!"

Julie B. says

3.5 stars. I'm an instalove kinda girl but this was quicker than that if that's possible. I liked learning the history though as I've already read the rest of this series.

Christy says

After having read 'Love Slave for Two', which featured Thomas, Tyler, and Nevvie, I was excited to find this prequel. The author must've gotten so much love about the two men, she decided to go back and write their story. I, for one, am happy she did. I wanted to see them meet, and fall in love, and become the strong couple who I fell for.

The author began this book with Tommy starting college, and Tyler moving to America to accept a scholarship to study. The beginning portions, i.e. Tyler's marriage and divorce, and Thomas's dad dying, were addressed but not fixated on, which was good, in my opinion. The author gave me enough background and detail for these first years of their respective lives, to give me a better understanding of who these men are, and how their experiences shaped who they became. My heart broke for Tyler as his wife rejected him, and when he finally discovered he was submissive and enjoyed taking care of someone, he was thrown away, again. It explains so much about his future responses.

I loved seeing Tyler and Tommy meet for the first time, when Tyler was doing an author reading at a local bookstore. The sparks were definitely there! Tommy figures nothing is going to come from this meeting, since why would Tyler be interested in a broke grad student? Ah, Tommy, you're everything Tyler needs, and you're the one to give him the love he so desperately wants. It was so freaking adorable to watch Tyler take Tommy on a date to a hockey game...since Tyler knows nothing about hockey. *grins* I adored watching these two men fall in love.

Thank you, Tymber, for this lovely prequel which gave me a wonderful look at how it all began.

NOTE: This book was provided by Siren Publishing for the purpose of a review on Rainbow Book Reviews.

Kawtar Morchid says

I hated this shit. That's not the kind of read i was anticipating. Another BDSM aghhhhhh....

Judith says

4.5 out of 5. This is where it all began ... an architectural student and a famous writer--two men who had dated and certainly were attracted to women, but who found that their attraction to one another superceded

anything they had ever experienced. This story has been written because the fans of their "marriage" later on in their lives wanted to know how these two got together. It is a really wonderful M/M love story and one that makes the subsequent stories of how their "family" came together so much more meaningful. These two guys are separated by age and certainly are two totally different personalities, but their love for each other bridges all the gaps and overcomes all the challenges. It is really a delightful love story.

Daffodil says

Loved this so much more than 1 & 2.

Marina says

This was a really enjoyable series.

I ended up not leaving home for 2 days so I could finish it.

The characters have a way of creeping into your heart and all the sexy times they had sure wasn't a hardship to get through! This one being especially sexy

There were times I loved them individually and together and others where I wanted to take turns and slap them.....hard (there may have been some swearing involved)but I thoroughly loved it.

I was sad to finish and hope there will be more!!

Melanie♥ says

4 1/2 stars =)

Loved the first two in the series and it was so enjoyable to revisit the characters in this prequel about Ty and Tommy. By the end I was ready to re-read the first two!

Steph says

Loved these two boys! Would'a liked the book to flow a bit differently, but I'm glad I started the series with this book. Looking forward to reading more of the series real soon.

Kukko says

I loved the first book I read of this series - . But as I read the follow-ups....I slowly fell out of love with the series.

The first book was great because Nevvie was super sweet, and the perfect addition to Tyler and Tommy's relationship. The second book was all about medical emergencies with the guys, Nevvie was still sweet but she had turned into a bit of a nag, and her a-hole ex-boyfriend, from the first book, had somehow wormed his way into the second book. The third book was about a road trip across America, Nevvie was super annoying, there were more medical emergencies, and again her a-hole ex-boyfriend had somehow snuck into the story.

This is the prequel to the series. Basically, two-thirds of it is Tyler's story, and the rest is devoted to the unremarkable start of Tyler's relationship with Tommy, and their subsequent introduction to Nevvie. There was very little about Tommy and the couple's relationship is glossed over, much to my disappointment. It's not a bad story...it's just not great. I think "knowing" the characters definitely made this book more enjoyable than it would otherwise have been, so I would recommend at least reading the first book of the series, before reading this one.

There is a fourth book , but I currently have no intentions of reading that one. I can't see myself enjoying any more stories about Nevvie, the aging threesome, and their growing brood.

"Physically he'd climaxed, and his cock thanked him. His ass hadn't weighed in with a decision yet, but it was quickly heading in the direction of what the fuck were you thinking?...."

A??ela W. says

I loved reading this series and I finally got around to reading how Tyler and Tommy met. This was the beginning of the series "Love Slave for two" Tyler came from England on a scholarship to USF he also taught at the school. Tyler also realized that he is attracted to males and females. Tommy also went to USF although him and Tyler didn't run into each other. In this book we find out all of the things that Tyler went through his experience with BDSM and his marriages to One and Two and his relationship with Marcus who we met in one of the books. This was a well written book like all of Tymber's books and I loved reading it and although I read this book after I read the serious I still loved to read about what happened to Tyler and how he came to the US and how Nevvie became their housekeeper.

Chappy says

This was a wonderful look back at how Tyler met Thomas. What a great steamy love story.

Tyler had a rough time finding someone to love who could really appreciate his submissive nature. His 2 female wives were horrible and his experience with Marcus was troubling.

I really enjoyed Tyler's exploration of the BDSM culture. He meets a few nice people (Ray, Oot and kitten) but they aren't interested in any commitments.

I kind of melted a little when Thomas falls head over heels for Tyler...so sweet.

Rating overview

Writing: ★★★

Story: ★★

Characters: ★★★

Overall: ★★★ (2.66)

~~~

I'm afraid this will be it for me and this series. I really looked forward to learning more about Tyler and Thomas but, whilst book 1 in this series was drawn out, this one tried to do far too many things in far too little space - it really seemed like Dalton wasn't sure whether to focus on BDSM, love, or drama and that made the plot incredibly difficult to follow.

### **Kristinmarie says**

I came to this series after it had been written for a while. I can tell you, I love this book. I fell for Thomas and Tyler quickly. Like any good love story you go through the good and bad times with them. I can't wait to start the next book and see where they go in life.

### **Luvflix says**

As we all have our own personal favourites in the mm genre, I hesitate to give this such a poor review as this was definitely not my cup of tea, but I'm sure one that many in the mm romance group could enjoy. For fans of this author, please don't continue reading this, as I know you won't like it, but I'll keep my review as much as possible to the writing style not the content.

I felt that if the author were wanting to explore m/m with m/m/f then it should have been done with a little more depth, rather than the two brief encounters which I felt were haphazard.

Also, if the author wants to change POV, between the two main characters, I would have preferred it to be done consistently, rather than touching on Tommy's character in the beginning and then leaving him for most of the book and re-introducing him near the end.

I can't say that the BDSM did anything for me, as it didn't enter as part of the intimacy of the relationship between the two main characters, but played as a background for the hurt that Tyler experienced. Although I am not a keen reader of heavy BDSM and probably not the right person to ask, is this really what people want to demonstrate of this lifestyle?

Unfortunately the story as a whole did not flow for me, there were some details thrown in without any follow through which left the reader saying "what the..." as to the relevance of such side stories.

**? BookAddict ↗ La Crimson Femme says**

This is where it all started ... Thomas and Tyler. This back history prequel to Love Slave for Two was enlightening. I like Thomas and Tyler even more. I felt badly for Tyler with his crazy ex-wife. It was a nice beginning.
