**Pleasure Point** Eden Bradley

**The island always knows what you need...**

Miranda lives in paradise—the exclusive Eden resort, the ultimate in fantasy retreats. Roan, the resort’s dungeon consultant, lives part-time on the island and full-time in the past. When the sexy Dominant and the sultry pastry chef both receive one of the island’s mysterious invitations they spend a sizzling week together in the dungeon suite. They’re left breathless, wanting more... and hopelessly falling. Both have been scarred by loss, both have created a nearly impenetrable shell. The intensity and intimacy of kink might be the perfect recipe to open Miranda’s heart again. But can the man who fulfills her every secret desire ever give her what she needs the most?

## **Dawn Liddle says**

**\*\*I received a free copy of this book to read and review for Wicked Reads.\*\***

Both Miranda and Roan are widowed, they both work for the Eden Resort, they both get a invitation to Eden that brings them together.

Miranda has not played since her husbands death, however she can not resist Roans dominant presence.

This book took me a wee while to get into, I felt for a novella it took far too long to get in to the actual story. I enjoyed the book from around 50% I liked how the story finished and for me the sex scenes saved the book.

---

## **Deborah Camp says**

Quickie novella about a widow and widower who connect at an exclusive resort for kink. They are instantly attracted and that throws them for a loop. Not trusting their feelings, they finally can't deny them. However, can there be a real life for them outside the fantasy of the resort?

Well written and emotional. A nice afternoon diversion!

---

## **Robin says**

I received this book for free in exchange for an honest review. This does not affect my opinion of the book or the content of my review.

Being a child of the 70's, I loved the show Fantasy Island and the idea of having one week to live out your wildest fantasy. The series, Invitation to Eden, is a literary Fantasy Island. The island of Eden is paradise with just a bit of pure magic mixed in. The island always knows what you need and with the help of Master, your every wish will be granted; even the ones you didn't know you had. Eden comes to life through the efforts of multiple talented romance authors who each write one novella in the series.

Eden Bradley's contribution is the highly emotional Pleasure Point. The story is about second chances and healing from loss. Both Miranda and Roan have suffered greatly from the loss of a loved one. Through the magic of the island and Master, they are paired for a week of sizzling hot sex. They seem a perfect match, but it is so difficult for each of them to overcome the pain they have suffered.

Ms. Bradley did an amazing job of creating an emotional story that really tugged at my heart. The pain that both characters felt was so authentic and believable that I found myself just wanting to hug them both. When they made both a physical and emotional connection, I cheered for them. When they allowed their past to influence their decisions, I wanted to scream at them. I always appreciate when an author can draw me into the characters and the story so fully that I am emotionally vested in their happiness.

In addition to being highly emotional, Pleasure Point was erotic and sexually steamy. Miranda and Roan had amazing chemistry and it came across the page. There was a lot of steamy submission that raised my

temperature.

I really appreciate that Ms. Bradley went way beyond the BDSM to provide so much heart and soul in *Pleasure Point*. It elevated the book to another level. This is my first book by Ms. Bradley but with this book as my first impression, it will not be the last. I am also now very curious about the *Invitation to Eden* series. Luckily for me there are a lot to choose from.

### **Jodie Bivins says**

I believe I found my new favorite book by Eden

This story had me from the beginning and I could not put it down. Can 2 hearts that have been torn apart by loss be able to find love again and find the true trust as found in a D/s relationship. Roan lost his wife many years ago but he keeps himself guarded and has never taken another sub on a permanent basis since but he is still hiding something. Miranda lost her Dom and Husband 5 years ago and she is working on the Eden when she receives her invite. Does the island know what is best for the 2 of them if they can just learn to trust their hearts. The passion is intense between the 2 of them as they explore each other in the D/s relationship. I cried, I laughed, I fanned myself more times than I can count a true must read.

---

### **Elizabeth says**

Truly sexy and beautiful. Roan and Miranda are my fantasy come to life. They both experienced true loss but fought to not deny themselves. I would love to experience a true connection with a Dom who would break down my walls. Eden has definitely made me want an *Invitation to Eden*!

---

### **Ruthie Taylor says**

"I received a free copy of this book to read and review for Wicked Reads."

This novella is one in a series written by some of the best known authors of the genre. The *Invitation to Eden* is just for a week, so the stories are speedy and intense. Do look out for the others.

This story brings us two souls badly damaged by being widowed at a young age. One has sought release through his Domly ways, the other suppressed her submission and sexuality. The *Invitation to Eden* is slightly unexpected by them both, as they both work there already. As they come together all manner of issues are revealed and they are both tested to their limits. I love the references to the island magic, and their acceptance that if they agree it is not true, then the situation is for real ... the ultimate in *Catch 22* scenarios. Hot, moving and fun - great story, thank you Ms Bradley

## Angela Goodrich says

I received a free copy of this book to read and review for Wicked Reads.

I SO loved this book! Miranda and Roan are both employed by the Eden resort – Miranda as a full-time pastry chef who lives on the island and Roan as a consultant who visits the island every few months to make changes to the dungeon and its equipment as needed. They both like sex with a power exchange, clear D/s roles, and, as their story reveals, a bit of edge. They also belong to that exclusive club no one really wants to be a member of – the widow and widowers club. With so many things in common, it's no surprise that the Island puts them together for the week.

While *Pleasure Point* is full of steamy scenes of submission, it is ultimately a second chance love story. Both Miranda and Roan loved their spouses deeply, and five and ten years later (respectively) they are still feeling the loss of their love. They agree to the week together in an effort to help one another take the next step in the healing process. I found their emotional responses during the week to be authentic to their characters' pasts as they dealt with fear, anxiety, a resurgence of grief, pain, anger, attraction, desire, trust, and, eventually, love. Yes, they fell in love in less than a week, but it wasn't instant, they fought it, and it came with the earning of one another's trust. The relationship development felt real because they were able to overlook one another's emotional upsets due to their shared widow/widower status.

Despite being set on a fantasy island, I found *Pleasure Point* to be a believable tale of a couple's second chance at happiness. I like my contemporary romances to have a happy ending after a believable storyline and Ms. Bradley did an excellent job in delivering it. The journey she takes Miranda and Roan on is an emotional one and I enjoyed getting to tag along for the ride – even if I did have to break out the tissues at one point. I look forward to reading more of Ms. Bradley's work and was excited to learn that I actually have book two in her San Francisco Doms series in a box set I purchased – now I just have to fit it in to my reading schedule.

## N. Kuhn says

I love these Eden books. This one wasn't my favorite, but it wasn't awful. It was sexy and hot. But, the plot just wasn't something I was really into. I couldn't figure out if Killer was a bad guy or a good guy. The ending felt SO rushed that it didn't sit well with me. Maybe if it were a paranormal, their relationship could go that quick, but for me, being a regular story, I wasn't a fan. The sex is hot though!

---

## Trish-Sunshine Reads says

Short but awesome! They both have past issues and secrets but nothing too outlandish or silly like some books. The connection the two main characters have with each other pulls you in. Their insecurities are understandable. Hot, emotional, and extremely well written it's everything you want in a romance

---

### **Paige Turner says**

I like second chance love books and *Pleasure Point* doesn't disappoint.

I liked both Miranda and Roan. Both are dealing with pain from losing their loves but they are ready to move on.

Initially they are together because of their kink but they find quickly that they want to share more.

I know that this is a series with novella length stories but I could have read more about this pair. There were storylines that just touched the surface.

I have received a copy of this book from Novel Reviews for an honest review.

### **S.M. Harshell says**

**\*\*I received a free copy of this book to read and review for Wicked Reads.\*\***

Miranda Royce hasn't played since she lost her husband. She hasn't had the desire or the need until she gets an invitation to Eden. She didn't realize she missed that life until it was presented to her again. When she walks into Club Sin she doesn't know what to expect but it surely isn't Roan Abrams.

Roan Abrams is a Dominant. There is no doubt about that, the way he carries himself, the way he speaks, his movements all point to the fact that he is a Dom but he has a past, a past he is trying to not think about.

Miranda feels a draw to him immediately. She doesn't know if she is ready for the emotion Roan seems to pull from her. Is Miranda ready to face her fears? Is Roan? Can they work together?

I enjoyed this read. It was sexy and emotional. It's a quick read but you can easily fall into the story. This is my first read by this author but I will definitely keep an eye out for other titles.

---

### **Bookerina Lovington says**

Pretty good book. I liked that it wasn't one of those stories where the hero is this perfect, always strong alpha male with nothing left to learn/get over. While the time frame paired with the amount of issues both characters had to get over was a bit hard to believe, it was still a decent story.

---

### **Tina says**

Roan is Hot!! Miranda is sweet and sexy!

They both have tragedies that they need to overcome. It both brings them together and pushes them apart.

They can relate to the other's issues, but their fears hinder their relationship.

I liked the book, but parts were sad. Considering what they were dealing with, it fit the story. Loved the

HEA!

---

### **Amber says**

It took me a bit to get into this one. It was a good read but I just didn't connect to much with it.

I found some of the BDSM stuff interesting. I didn't know some of the rules that they talked about in this. So it was neat to learn a bit more about it.

I liked both of the characters. At times they were frustrating but they fit together really well. They both had a lot of baggage and were widowed. The sex was very hot!

So I liked this one but didn't love it. If it was a longer story and not a short maybe it would be more believable for me. But overall still a decent read.

---

### **Johanna Sawyer says**

Thanks for a free book to read and review for Wicked Reads. What a lovely cover! While I like the theme of these books, this one was a little hard to get into. Both characters have lost a partner to death which kind of dulls things for me. I'm all about getting into a book but they both had a thing about failure to commit. The island brings these two together, and they learn how to get back into play together. Overall entertainment is three stars.
