## Seaside Dances Stacy Claflin

Dream big. Dance often. Love completely.

Zachary Hunter is no stranger to rejection. After multiple failed efforts to get his novel published in New York, he's counting on a trip home to turn his luck around.

Jasmine Blackwell has big dreams. She hopes her internship as a dance instructor in Kittle Falls will be the stepping stone she needs to achieve her lifelong goals.

After a chance meeting, neither Zachary nor Jasmine can deny their attraction. They fear their aspirations are too big to let a relationship tie them down. Can they have both love and the careers of their dreams?

Seaside Dances is the third book in the Seaside Hunters collection, a series of sweet contemporary romances featuring the Hunter brothers set in the beach town of Kittle Falls. If you like entertaining and heartwarming romances, then you'll love the latest entry in a light, romantic series. Budding romance and great chemistry abound with fully-developed characters that you'll fall for over and over again.

Read Seaside Dances today to satisfy your craving for clean, sweet contemporary romance!

While each book in the series is a standalone, you'll also enjoy reading about the other Hunter brothers:

Seaside Surprises: Jake, the heartbroken son who never left Kittle Falls - Available Now

Seaside Heartbeats: Brayden, the successful cardiologist - Available Now

Seaside Kisses: Rafael, the disillusioned fashion designer - Coming Soon

Seaside Christmas: Cruz, the wild tattoo artist - Coming Soon

### **Brenda says**

A great feel good book !!! Need one every one in a while!!

---

### **Kirstie Ibrahim says**

Another enjoyable read in the series. Zach is such a sweetheart and so is Jasmine. Jasmine didn't have the greatest upbringing but the Hunter family are the ones to give her the kind of family she wanted. Both characters seemed a little lost in life and it was nice to see them grow and find themselves and each other. The storyline kept me interested and I like Stacy's writing.

---

### **Kathy Jo says**

After living in New York for a few years, Zachary feels like he has been chewed up and spit out. His writing career didn't take off like he had hoped, he lost his job at the local newspaper when it closed down and his ex-girlfriend is one of the biggest jerks around. He is in desperate need of a fresh start and decides the best option would be to move back home to Kittle Falls. But with rejection after rejection, he has no clue how to move past it to get himself back on track. Finding love was the furthest thing on Zachary's mind. In fact, after his last relationship, he has sworn off women for good.

Jasmine had one of the worst childhoods. Growing up with alcoholic parents, never having money and having nothing but negativity around her, Jasmine's life could have turned out a whole lot different than it did. She had decided long ago that she would be the one to break the cycle. She graduated high school, went to school to become a dance instructor and was on the verge of getting her certificate. All she needed to do was complete her internship in Kittle Falls and she will officially be an instructor. With so much to accomplish, she doesn't have time for love.

But a chance encounter with each other has both Zachary and Jasmine rethinking their stance on love. Jasmine is just what Zachary needs to face past hurts, inspire him to start his next book and help him take the biggest step in his career. And Zachary is just what Jasmine needs to prove that not all relationships are like the ones that she grew up around. True love, trust and loyalty can be found in relationships, you just need to have a little faith.

The Seaside Hunters is such a fun series! I really am enjoying it. Seaside Dances was definitely a good addition to this series. I really enjoyed Zachary and Jasmine's story. It was believable and I liked seeing the roles reversed a bit. Jasmine being the strong, bold one and Zachary being the shy, nerdy one. I was kind of worried about this working but I'm happy to announce that I was pleasantly surprised. The execution was really done well. I can't wait to read more by Stacy Claflin. She is definitely being added to my favorite authors list. :)

And of course we can't forget my casting... ;)

#### **Dancing and Writing.**

The book reminds me of the song "Could I Have this Dance for the Rest of our Lives?" I love reading this series and catching up with the brothers  
I gave it 3 stars because of editing errors.

---

### **Judy Pflueger says**

Zachary Hunter returned to his parents' home in Kittle Falls when he could not get his book published and his relationship was over. Jasmine Blackwell was in Kittle Falls to do an internship at a dance studio. They literally run into each other at the gym and soon develop a friendship. Something about Jasmine inspires Zachary and fuels his writing ability. Jasmine realizes she is falling in love with him but also wants to pursue her career as a dance instructor. Things are turned upside down in her life when her mother turns up on her doorstep and literally turns her life to ashes. Jasmine wants to help Zachary with his career but does something that makes him wonder if he can trust her. They have to overcome their lack of trust due to their pasts to have a future together. This is another very good book of The Hunters series

---

### **Katie W says**

I've really grown to love the Hunter family through reading this series. Yes, they have their ups and downs and are nowhere near perfect, but they really watch out for one another and are there for each other.

This story shows us the life of Zachary (not Zach). He's an author and a dreamer and has just returned home from the Big Apple, after trying to make it big as a writer. He's a little disillusioned and down on his luck. He's one good looking nerd and is more into his stories than he is into real life. A chance meeting with Jasmine leaves him impressed, but he's not one who is going to go after her--especially since he's also recovering from a broken heart.

Jasmine comes from a tough upbringing and is doing everything she can to break the cycle. She isn't one to shy away from going after what she wants and that includes getting to know Zachary better. She is the one making moves and in a way, it was refreshing to see a woman take charge of the relationship without being overbearing. Her forward approach is exactly what Zachary needs to get out of his rut--until she pushes too hard.

Zachary is quite sensitive and dramatic, yet totally likable. I really enjoyed the personalities that seemed to jump off of the pages, as well as the way the relationship developed at a quick, yet natural pace. The setting is incredible and I adore the characters. I'll definitely be reading the rest of this series!

Content: mild romance (kissing); talk of death, drugs, alcohol in an informative way (about a character).  
Clean!

\*I received a copy in exchange for an honest review\*

#### **Three down...**

This is the third book I have read in this series and I have enjoyed them all. I am looking forward to reading the next one.

---

### **Rosemary Hughes says**

Zachary is the brother that has always wanted to be an author, but being rejected in LA, he has come home, dejected and broke, moving back into the bedroom at his parent's home, that he used to occupy. Brayden convinces him to go to the gym with him, where he works off some of his frustration on a punching bag. Leaving the workout room, he literally runs into a person who is about to turn his world upside down. Jasmine is doing an internship at the dance studio, housed together with other activities, such as karate and gym. She would have preferred a larger establishment to intern at, but her friend Kate had wanted to work at Kittle Falls for the summer and both of them had secured work. Although Kate pulled Jasmine out most nights to the concerts on the sand, Jasmine wasn't interested in that scene. Finding the handsome guy who had run into, sitting reading from a digital reader, had her interest quirked. He seemed shy, although his good looks would normally have made him one of those shallow guys, that were full of their own self importance, talking to him proved this not to be the case.

Okay, I have given you enough of the story, to show how different it is from the norm. You need to read the full story, to fully understand how wonderful and romantic this little tale is.

### **Rachel Aoslin says**

Wow, what a story, I have read the 1st two books of this series and absolutely loved them and didn't think they could get any better, but boy was I wrong.

Stacy Claflin is an amazing author and the books just keep getting better and better.

Jasmine is on an internship from her dance school and will be graduating after her summer in Kittle Falls. Zachary comes back from New York feeling like a failure he cannot get a book published, he's now single, broke and living with his folks can things get any worse for him ?

Bullied into going to the gym by his brother Braydon he literally bumps into the most gorgeous girl in the hallway of the gym !

He had said no more women after his last girlfriend but he cannot get Jasmine out of his mind, unknown to him Jasmine cannot get Braydon out of her mind.

Is this Love, lust or strangers in the night?

Keep reading for the most amazing novel of family, good friends laughter and some love thrown your way. Another brilliant novel from Stacy Claflin

## **Emily F says**

### **Sweet**

This was sweet, with great personal growth from both characters. The conflict was realistic and the characters were relateable. A great beach read with depth! Sweet, clean, I'd rate it PG.

---

## **Texas says**

The Hunters Boxed Set - All the stories of the Hunters Series are good. I've read several more of the eight besides the boxed set.

Seaside Surprises #1 - Pleasant surprise! Since this was my first book by Ms. Claflin, I was surprised. The author did great job with her writing, characters, and plot, which immerses the reader into the story. It's refreshing to read a decent book without explicit sex and profanity and stupidity. I'll be reading more of Ms. Claflin's book. She ranks with Maeve Binchy.

Seaside Heartbeats #2 - Intriguing. Another well written, funny romance with heartwarming characters that are real and a twisting plot giving suspense to the story. The Hunters are a good family and each story is fresh, no repeats.

Seaside Dances #3 - Little sad. A well written, intriguing romance with a couple of not so happy characters and all the rest of characters in this series. The plot twists from a sad, slow beginning into fast moving happiness. Not my favorite book of the Hunters series, but still an interesting read.

Seaside Kisses #4 - Heartwarming. A well written, interesting romance with well developed characters with realistic dialog and a good plot. The Hunters' stories may end the same way, HEA, but getting there is different for each Hunter and soulmate. Ms. Claflin does not disappoint the reader with these eight books.

Seaside Kisses - Unpleasant surprise. The author did a great job writing this book until the main characters went stupid. Why do many authors have their main characters stop believing the people they love and trust the word of people they don't know personally and know those people are usually scum/trouble? It was an unpleasant surprise, when one of my favorite authors did this near the end. A smart, successful woman goes stupid and insecure, instead of doing the right thing. But Ms. Claflin did take the heads out of the nether regions and put them back on the shoulders of the woman and the love interest. This was still a good book and the author is still one of my favorites.

Bayside Promises #8 - A heavy but with humor story. A well written, intense romance with interesting, believable characters. The heaviness of the father's destructive behavior towards his family damages his daughters, but they still have a sense of humor, although love is difficult. I didn't like the father, because of his destruction, but not everything is sunshine and roses. This book is kinda like watching Die Hard when it first hit the screen, it involved your emotions too hard when the causes were exposed to the girls' thought processes. It is a good story and worth reading.

Bayside Destinies #9 - A heavy but heartwarming story. A well written, intense romance with an intriguing dilemma for the main characters. The characters, all known to us from the rest of the series, are still

interesting and appealing. The dialog is realistic and the plot immerses the reader fully. The book is full of humor, even with the dark subject material. Another hard to put down book by an author who can write an interesting story without vulgar language and sex.

Bayside Opposites #10 - Heartwarming romance. A well written, lighthearted romance with two wonderful characters, actually three including the great state of Texas. The well thought out plot and developed characters keep the reader in suspense until the book ends, which is way to soon since the story is so good. Ms. Claflin never fails to deliver a good story and I look forward to reading more of her books.

---

### **Nati says**

Zachary is back home from his dream of becoming a successful writer in New York, living with his parents again and with no money. He is still grieving the death of Sophie, the youngest of the siblings. When he bumps into Jasmine in the gym, they feel an instant connection. Jasmine is trying to have a life of her own as far as possible from her broken family. Can they heal each other and have a future together? Lovely couple.

---

### **Marlys says**

This is the third book in the Hunter trilogy. It did not disappoint me. It was a great story.

---

### **Paula says**

Jasmine and Zachary both have pasts that they are trying to overcome. A very sweet clean romance with real life issues. Love this series.

---

### **Elsbeth says**

A story about a writer struggling to get his book published. A story about a dance instructor trying to get away from her past. But mostly a story about another Hunter-brother finding the love of his life.

Another wonderful story! I couldn't stop reading!

I received a copy and chose to review it.
