## **Sweet Surprise** C.M. Steele

When Amelia arrives at work, she doesn't expect anyone but the owner of Sweetheart's Treats Bakery to be there. However, the sexy man in the kitchen is definitely not Carly. As the daughter of the sheriff, I call the cops like I've been trained to do. Running would be another, especially when she's spotted. Oops, frozen in place, she's caught.

Blake is trying to figure out how to hold down the fort until his little sister gets better. She's been hit with the flu and he wants to help. What he never planned for is to be immediately taken by his sister's employee. Unfortunately, nothing worth having comes easily. And Blake knows Amelia is worth everything.

Cupid's arrow seems to live inside Sweetheart's Treats Bakery. This is the first novella in the new series.

This was a fun, sexy and sweet story to the new series that C.M. Steele has started :) <3 I can't wait for the next stories and I hope it's Amelia's dad and Tracy and guess what!?!... C.M. Steele has already announced that Carly's story will come out on March with the hot doctor that attended to Blake when... well, go read this and find out ;)

This was a fast paced story but the chemistry between Blake and Amelia from beginning to end was electrifying ;) <3

It's a great start to the new series, "Sweethearts Treats" and I can't wait for more <3 <3

Sweet and romantic and totally safe. Virginal heroine and celibate hero. I loved his jealousy and possessiveness. So hot! I can't wait for Carly's story.

DNF at 50%. Writing was too juvenile, younger feeling than even YA writing to me.

What a nice insta love novella. Amelia is a baker, and when she gets to work one day her boss is out sick. And what she stumbles on is a hot sexy alpha male. What she didn't expect was for Blake to claim her as his future wife the minute they met. But Amelia's dad is a sheriff and no man has gotten past him. And not just her dad, but she has a stalker who can't except that she doesn't want anything to do with him. So is Blake up for the challenge.

First book in this series and it was a sweet, sexy romantic story. Hope Carly's story is next?

Amelia loves her new job at Sweetheart's Treats and the name fits her boss, Carly, perfectly. When she arrives one morning to start her shift, she's understandably hesitant when she sees a man inside. She calls her dad, the Sheriff, and tells him what's going on, but as she's still looking inside, her eyes meet that of the intruder and it's no longer fear she feels.

Blake loves his sister, Carly, and will do anything to help her, including running the bakery for her while she's sick. He's inside, waiting on her employee and the cleaning crew to scrub the place down when his eyes meet those of his future wife. Yes, it sounds weird to think that about a woman he's never spoken to, but he just knows it's the truth.

Blake and Amelia are quickly able to straighten out the misunderstanding, but the tension between them is now due to something else entirely. The attraction is intense and mutual, yet Blake knows he has to be careful as Amelia's boss, and friend, is his sister. As for Amelia, her dad has a history of running off any guy interested in her. Though she never cared before, she doesn't want the same to happen to Blake.

While Blake and Amelia begin getting to know each other, there's someone that isn't happy with their growing relationship, and that person wants Amelia for himself.

Can Blake keep Amelia safe? What happens when Carly gets better and Blake must return to his own life? Will Blake and Amelia get their future? Or will it be taken away from them? Who will get their story next? Carly and her mystery man? Or the Sheriff and Tracy?

One-click now and follow along as a man finds his forever sweetheart.

Fast and sweet. Good read. I loved the storyline. Little choppy. Still a good read. Loved they were together the whole story. Little om drama, but from a stalker, not an ex. Definitely worth a read.

Sweet Surprise by C.M. Steele was a fun and sweet read! I found myself devouring up the pages of Amelia and Blake's insta- love story. I was hooked from the very first page and couldn't put the book down. Their story was sweet, sassy and romantic with plenty of exciting moments that kept me on my toes waiting to see what would happen to this couple. Amelia is Blake's sister's coworker at the new shop called "Sweetheart's Treats". Carly fell ill and Blake went over to cover for her and when Amelia came in to work- she runs into Blake and its love at first sight. There are several issues that come up which impact this love at first sight couple. One including a stalker for Amelia, a sheriff dad who believes there isn't anyone good for his daughter and the worries of Blake when he goes back to his real job...who will protect Amelia then. Oh plus two other couple were introduced in this safe read ( the sheriff and his introduced possible love interest plus Carly and her love interest) This was a sweet treat Valentine's Day read that will get your pulses racing with the steamy sizzling heat between Blake and Amelia. This is one book you must read for Valentine's Day!! It's a winner!

My Rating: 4.6 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

I was lucky enough to receive an ARC of this delightful holiday book from C.M. Steele. This is the perfect book to read for Valentine's Day if you love insta-love and OTT Alpha males. Amelia lives in a small town in Texas where she attends college and works at the only bakery in town. She's worked at Sweetheart's Treats for a little over a month and she loves her boss, Carly. One morning she gets to work and sees a strange man inside the bakery so she immediately calls her Dad who is the town Sheriff. Blake Reynolds works at his family's company in Houston but his little sister, Carly has a bad case of the flu so he's helping out at her bakery. As soon as Blake sees Amelia he knows she will be his wife and the mother of his children someday soon. Blake introduces himself to Amelia and speaks with her concerned father over the phone. He wants Amelia and he'll do whatever he has to in order to convince her they're meant to be together. Amelia is still a virgin and she's used to her father chasing off boys that like her but Blake is all man and he won't back off even for the Sheriff. This was a short but o so sweet V-day story and I'm looking forward to reading about Derek and Tracy and Carly and the hot doctor.
