The Paint Brush Kid

Clyde Robert Bulla

The Paint Brush Kid Clyde Robert Bulla

Uncle Pancho is about to lose his house...Gregory and his friends love Uncle Panch. He isn't really anyone's uncle--he's their friend. So when he begins to tell the story of his life, Gregory has an idea. He will paint a story of Uncle Pancho's life. A gem of a book! The story goes straight to the heart. Reading level 3. Black and white illustrations.

Melanie says

The boys liked it. I liked that it wasn't as predictable as it could have been. :)

Josiah says

I was very happy to see that a sequel to "The Chalk Box Kid" had been written, as it would allow me to see more of Gregory! Clyde Robert Bulla didn't let me down, as he never does. I did prefer the original, but I was grateful for another chance to read about Gregory, and to see what Clyde Robert Bulla had in store for him so many years after he had written "The Chalk Box Kid". Another good story from a good writer.

WSL Library says

Teaqueen says

Loved this book! Clyde Bulla is one of my favorite children's authors and this book shows why he is a top notch writer for children. I grew up in the 1960's reading his books like Old Charlie and Ghost Town Treasure. Now I'm re reading old favorites and new titles (to me). This was a sequel to an earlier book, although it is also a stand alone book. Looking forward to my continued Hunt for all things Bulla.

Maggie says

This makes me want to read the first book, The Chalk Box Kid...

Rebecca says

A continuation of The Chalk Box kid, enjoyable story of a young boy who tries to help a neighbor through his art.

Heather says

This was a little weird for me. Gregory and his friends decide to paint Uncle Pancho's house during the summer, because Uncle Pancho (an elderly neighbor) cannot do it himself. Some of the story is a

little...stilted? I'm not sure what's wrong with it. Maybe, as an adult, I want to know why the adults in the story get mad, or say "Go away" or something. Maybe children are more accepting of this behavior, and chalk it up to crazy grown up stuff.

Kristine Hansen says

I really like Gregory and his creative spirit. The idea of putting murals on a house is such a neat idea, and using the stories of the man who lives there to do it makes it all perfect. I love how there are no cliche endings, but there IS a happy ending. Realistic and brave and interesting - I highly recommend this book.

Rufus G. says

I really did not like it because I just think the story is strange and weird.

Verona Sanders says

The book was cute for its intended audience but the thought of having some kid using my house as a canvas is a bit far fetched. It had some endearing parts to it and a great message of community and helping your neighbor in need.

Tara says

Boys thought it was OK.

Memory Toast says

A pleasant story about a respectful, thoughtful kid who likes to do kindness and create art.

Recommended for those who like simple, realistic stories about kind kids from a small town (somewhere in the story one of the adults mentions that they live in a big city, but I don't think that the children would be allowed to walk around so much by themselves in a big city?).

Steph says

Super outdated and I'm not sure what kind of a message it is sending that they end up pulling his house to a new spot. Lots of kids lose their houses or move for one reason or another and I don't think it's realistic to have this idea conveyed.

M. Ronan says

this book is a great fifth grade level book.Gregory the main character has alot of good traits i relate to.I like how Gregory does not give up.you should totaly read this book!
