Winter Tidings Kristiana Gregory

The harsh winter brings more trials than snow for Nessa Clemens. She is forced to tell Reverend McDuff that she doesn't want to marry him, but she isn't able to tell him what is closest to her heart.

It is December 1865, and Nessa feels safe and at home in Prairie River. But when on a blustery night Reverend McDuff arrives unexpectedly at the Lockett's door, Nessa's hopes of leaving her past behind are shattered. Only Ivy and Mrs. Lockett know her secret - her reason for fleeing Independence. Now she fears the town will judge her and revoke her position as schoolteacher. Furthermore, her dear friend Albert had promised to warn her if the McDuff headed west, yet no word. Nessa's sense of self is shaken. In what promises to be a long and fierce winter, Nessa must be stronger than ever.

Kenzie says

This is a really good book. I normally don't buy books unless I absolutely love them, and this is one of those books. I own the entire series. I would definitely recommend this book to anyone who likes historical fiction. Although this book makes more sense if you read the first two books before it.

Zimma says

Nessa is feeling at home at Prairie River until Reverend McDuff, whom she has fled, arrives to marry her.

Terralyn says

Sigh... there's only one book left in the series and still so many things unresolved!
