I am so excited to give this to my husband, a diehard Night Before Christmas fan, for Christmas, it's a bit silly! This is his jam, and I am tickled to gift a coloring book he may actually be into while I whittle away at my own coloring obsession! Thanks to Disney for sending us a copy for review--I am so impressed with how fantastic it looks!

A title that easily straddles the current holiday and the next (if you skip turkey day, that is) without even breaking a sweat...or a leg...this crafty coloring book may be aimed at adult level talents, but with the familiar images of Jack, Sally, and his pals, it easily invites the whole family to put their own personal artistic stamp on things. Between the full page images of your favorite characters to the mind-boggling patterns, there's a little something for everyone to enjoy, to indulge, and otherwise get their Halloween creative juices flowing!
