*Nana Malone*

**Cheeky King** Nana Malone  
What good is a King without his Queen?

Sebastian...

I never wanted the crown, but now it's mine.  
Instead of my freedom—instead of her.  
But even though she's not mine to keep, I can't seem to stay away.

Penny...

The moment he became king, I knew we were over.

Now I've returned home some kind of conquering hero.  
If only they all knew that we'd both lost our hearts.  
If only I could stay out of the royal bed.

What good is being cocky if you can't get what you want?

## From Reader Review Cheeky King for online ebook

### Isha Coleman says

It's been a long time coming. Cheeky Prince issued an invitation, Cheeky Royal set the stage and Cheeky King is the final chapter of the diary of Sebastian and Penny's forbidden romance. Nana Malone has created an adventurous tale of dangerous treachery, heartbreak loss and undying love. The life of a Prince is never ordinary, but in Sebastian's case can prove deadly on so many levels. I don't say this often, but the Royals Undercover series, should really be read completely and in order. There were many red herrings on display in Cheeky Royal and Cheeky King finally reveals all. Their's was a romance years in the making, but the King finally gets his Queen.

---

### Felice Foster says

This was such a good book and conclusion to Penny and Sebastian's story. I wasn't sure what to expect after the explosive ending to Cheeky Royal. Penny and Sebastian had fallen in love and even though I knew there would be fallout from the King's death, I wasn't prepared for all that followed.

Cheeky King is more suspenseful than Cheeky Royal. Many more secrets are revealed and a dangerous plot is exposed. Through it all Penny's love (although painful for her) for Sebastian remains. Keeping him safe is her number one priority until it becomes deadly for her. Even though Sebastian was trying to punish her for the deception, I liked how Penny didn't let me get away with anything. I also appreciated those closest to him also letting him know he was not off the hook for treating Penny like crap, and pushed him to get it together.

In the end, love conquers all and his gesture and willingness not to give up was rewarded. Such a good ending for this couple.

ARC received in exchange for an honest review.

Hero: King Sebastian

Heroine: Penny

*"I received a complimentary copy of this book and have volunteered to leave a review."*

Long live the King! Although he did whatever he could not to be the King himself, Sebastian was meant to be for this role. After his dad's unexpected death, Sebastian is confronted with many responsibilities and also, has to deal with his risen mixed emotions. Pain, regret, anger, hate, love are the feels he is not capable to settle down yet. He is torn in two. The one half is over Penny. The girl who has stolen his heart. Who had lied to him, who had saved him. The other half is over being the righteous, capable King for his people. Oh, and Penny isn't royal.

I love mature Penny. I admire how loyal to her family and to Sebastian is, despite all the difficulties she has to encounter, after she was returned to the island. However, I missed her talkative self...What I enjoyed more in new Penny is how in sync is with Sebastian's desires. How fast she melts on his hands rather shielding herself from being hurt. How she handles herself when inside she is a shattered shell. I truly, truly love her more!

'I think you mean Your Majesty.' OMG!!! Sebastian, the Cheeky King himself, has the attitude of the boy next door but if you take a stand he would really put you in your place. I fell in love with him and Penny easily. Although they drove me crazy through out the storyline with their indecision to face their real feelings, I truly enjoyed all these twists and turns on their relationship. Nana Malone has the ability to tangle with the most confusing way her storylines yet in the end delivers one of the most heartwarming, delightfully swooning romance stories to date. I am impressed with her writing every time; easy to read, fluent, fast paced, suspenseful. I finished 'Cheeky King' in one sit; I wasn't capable of putting it down...I had been invested in what will happen next. And it so worth it!!! Until next time, enjoy your free time reading great books with the most unforgettable stories.

??????STARS.

ARC BOOK REVIEW

Release Date-30/4/18

I bloody adored "Cheeky King".

I clicked and connected more with this instalment than I did with the previous one, which I also enjoyed immensely.

This surprised me considering how hot and cold this pair run.

In fact, I felt that first Sebastian spat his dummy out and basically threw a royal brat tantrum and when he seemed to eventually stop fighting the inevitable it was basically Penny's turn to have a pop.

This pair were actually exhausting to keep pace with at times so up and down were their moods.

But despite there bi-polar antics I really did enjoy the hell out of this couple.

They had insane chemistry and I got to admit I do have an old soft spot for royalty romance it's a bit of a guilty pleasure of mine.

"Cheeky King" was such an easy read, with plenty of action as well as romance occurring throughout.

It was told in dual POV and delivered on all fronts.

An intensely satisfying light romantic read that I really enjoyed and am happy to recommend.

Thank You to the Author for providing me with an ARC of "Cheeky King (Royals Undercover, #2)" of which I have reviewed voluntary.

All opinions expressed are entirely my own.

## **Sofia Lazaridou says**

I don't know why, but I got an arc for this book and not for book one. I decided not to buy the first book and I began reading this one. I did not feel like I had missed something because from what I gathered, the story is the usual deception one. The characters have left the States and they are back in their country. Sebastian knows the truth and he is not happy. Penny is trying to salvage the whole situation and continue working as a guard.

If you ask me, whatever romance you could get from Penny and Sebastian's story, you are going to get it from the first book. In this one, you will get mostly cold and hot behaviors and it drove me crazy. First, it's Sebastian the one who is cold and wants nothing to do with Penny and then it's Penny. I was not very happy with that. The characters didn't spend much time romancing each other. The ending was good, but it didn't feel like the royal fairytale couple. The epilogue was sweet and my favorite part of the book. It will also kind of fun.

## **Marcia says**

OH MY GOODNESS!! What a great conclusion to Penny and Sebastian's story!! Cheeky King picks up right where Cheeky Royal left off...so, if you haven't read Cheeky Royal STOP right now and go read it!! This is not a standalone. If you want to the full royal treatment read Cheeky Prince, the novella, as well, before you read Cheeky Royal. Cheeky King takes us back to the Winston Isles where Sebastian is preparing for his coronation as King and all that comes along with it. However, Sebastian cannot seem to get over his feelings for Penny or the fact that she lied to him...and that leads us into the roller coaster of a ride that is the conclusion to Penny and Sebastian's story.

Cheeky King is a fun and enjoyable story that is filled with treachery and mystique, and extremely witty banter that will take you on a ride so filled with twists and turns that you will not be able to solve the mysteries that continually pop up through the story until Nana Malone reveals each solution, and even then the suspense does not stop. On top of all of that, Cheeky King is every girl's fairy tale love story, and I loved every single minute of this beautiful tale that Nana Malone has crafted for her readers. Let me just say, Cheeky King has some of the most wonderful and lovable characters you will ever meet in a story starting with the two leads, and although there were times where I wanted to shake some sense into Sebastian I understood his predicament. And Penny, there is no one more lovable or likable than she is with all of her awkwardness and beauty. I absolutely loved Roone, Sebastian's best friend and member of the Royal Guard, and Lucas who met in Cheeky Royal. And let me just say the parents, especially the moms, in this story are awesome!!

So, go out and grab your copy of Cheeky King, but remember Cheeky Royal comes first, so that you can hop into this wonderfully enchanted world of the Winston Isles that Nana Malone has created and reconnect with the Cheeky Royal gang, especially with Ariel, Penny's awesome best friend!! Oh, and you will also get to be reunited with some very special characters from other Nana Malone stories.

## **Happily Mary After says**

Cheeky King is an AMAZING end to the FUN, romantic, and SEXY Royals Undercover duet. Sebastian and Penny are perfectly matched with fan-yourself-worthy chemistry and a captivating rapport. Sebastian is dealing with a lot now that he is king, including some intrigue and suspense, and he and Penny have a few things to sort out from the previous book. (I am trying to keep spoilers out of this!) They do so without a lot of overly dramatic angst and shenanigans, which makes their feelings and actions believable. Of course, readers will fall hard for Sebastian—royal doesn't get better than this!

**See my recommendation of Cheeky Royal on USA Today's Happy Ever After on April 17, 2018.**

## Natalie The Biblioholic says

I'm so in love with this couple. Even though they drove me bonkers with the way they ran hot and cold, I was a total fan! Sebastian and Penny are at odds because of the lies they told and truths they omitted. Not the best timing as Sebastian could really use Penny at his side while he navigates life as the new king. Then again, the law is the law and these two can't be together... even if they wanted to. But maybe... just maybe... the new king can change the laws to suit himself.

Loved them! As Sebastian tried to reconcile duty with the deep love he felt for Penny, she was trying to figure out exactly where she wanted to be in her life. An artist? Part of the royal guard? What she knew was that as much as she wanted to spend her life with the king, it wasn't meant to be and being around him was its own special brand of torture.

Insane chemistry, a royal family, and a devastating mystery made this story into an intensely satisfying read. It was fast-paced drama with touches of intrigue, bitter rivalries, secrets and betrayals. But at its heart it was a sweet love story that made me laugh and swoon with how immensely I loved these characters.

## Anteres Anderson Turner says

OMG!!!!!!! I couldn't put this down once I started!!! Cheeky King picks up where Cheeky Royal leaves off. If you loved Sebastian before, be prepared to hate him for most of the book. Penny, has grown and progressed that's to the events in New York. She goes from being Calamity Penny in everyone's eyes, to a hero... It's too bad she doesn't see herself like that. It doesn't help that the one person who has the ability to make it all better, is the same person making her life hell: Sebastian. Meanwhile, our Cocky King Sebastian is grieving the loss of his father, his relationship with Penny/Len, and coming to terms with his feelings about all of the lies surrounding these people in his life. Luckily with all of this depth and drama we have Ariel, the best friend everyone should have!!! There are heart pounding plot twists and greater development of Lucas and Sebastian's best friend Roone. I can't wait for more!!!!

I was provided an advanced reader copy for this very honest review.

## Siobhan says

Cheeky King brings Nana Malone's Royals Undercover duet to a close, and it was a great second book. The moment I finished the first I was desperate to dive into this second book, and I gladly completed it in no time at all. I needed to see how everything played out, and I was more than willing to power through the book.

With Cheeky King, so much is brought together. We were introduced to so many aspects in the first book, and I was a bit fearful the second book would be unable to bring together all the loose ends. My fear was

unfounded, though, as the details came together beautifully. Everything we were introduced to in the first book came together in this one, giving us resolution to all the things we had questions about. With more of the characters loved so much in the first one, and plenty more drama, *Cheeky King* will please anyone who enjoyed the first book.

I will be honest and say the ending did seem a bit rushed to me, though. I feel as though events came together rather easily and didn't quite have the depth they could have had, considering everything that went down in the first book and in the first half of the second. It was interesting, it certainly ensured everything was tied together well, but it did not have quite the impact it could have had. It did not ruin the duet for me, not at all, but I did feel as though things were a bit too easy for my liking. I think, in part, this is a reflection of my preference of high-octane thrills in my books, and this was not to the standard I prefer (which, I can understand, as it was not that kind of book).

Overall, though, I loved the *Royals Undercover* duet. I had so much fun with the characters and the events, and I'll be diving straight into the spinoff duet Nana Malone has given us with Lucas as a main character. After enjoying *Royals Undercover* so much, and falling in so deep with the characters, I'm more than eager to see what comes next.

### **Beneath The Covers Blog says**

#### **Suspense, enchantment, and devotion infuse the pages in this spectacularly royal love story!**

*Cheeky King* was everything I wanted and more for the conclusion to Sebastian and Penny's story! The storyline is so intriguing with its mysterious who-done-it and the yearning for a HEA. The intricate storytelling designs the author exhibits in this book is beyond fantastic; the woven narrative between duty and love, between betrayal and forgiveness, and between sabotage and loyalty gives the book a climactic feel that leaves readers on the edge of their seats. And the unstoppable love that saturates the story makes this book an irresistible must-read!

After reading this book, I STILL WANT MORE!!! A complete royal wedding novella, a royal honeymoon novella, a royal baby novella, a royal life novella, and more royal baby novellas....that's not too much to ask for, is it?? \*wink\*

I could not put this book down! *Cheeky Royal* and *Cheeky King* both delve into the lives and hearts of what it means to be royal. It showcases the true burdens and sacrifices people make for the greater good. And it enhances the emotional connections people share when they see beyond the look of a person, but to the character they are underneath all the glamour.

5 Magnificent Stars!

### **Gloria Herrera for As You Wish Reviews says**

Life is definitely different for Penny and Sebastian now. Once he realized he was King, the weight of the

responsibilities made him realize it was time to grow-up. With that also comes the need to follow the rules and traditions established in his country. Plus, how can he forgive Penny for lying to him.

Poor Penny now is the one that has to deal with her emotions and Sebastian being downright mean to her. This is an impossible situation when Sebastian is still the love of her life and she knows he will never be hers.

This is the conclusion of this amazing duet. So many mysteries yet to be uncovered and resolved. One by one, all our questions are answered and secrets are revealed. But wait for it... the drama is not over yet. There are more surprises ahead before you finish reading this book.

I am voluntarily reviewing this book. Thanks to the author for sharing a copy with me.

---

### **Tanaka K says**

In Cheeky Royal, I told myself that I will fall in love with the second book. I also told myself that I am going to get sweet, sexy and tantalizing moments in the second book. Boy, did it deliver. My heart was ripped with enormous cliffhanger from Cheeky Royal that made me freak out and curse a lot lol. I was not happy but I wanted to read Cheeky King pronto. I was absolutely happy when I got to read Cheeky King. There is a saying : **good things comes those who wait.** And good things came in a enchanting and electrifying romance. Cheeky King just tied everything together and gave such satisfying and impressive ending that made my heart melt. Absolutely incredible.

Cheeky King is the anticipated conclusion to the Cheeky Royal duet. I SALIVATED. I was HOOKED. I was CAPTURED. I was TRANSPORTED. Cheeky King absolutely made me swoon and literally swept of my feet. I was spellbound and hopelessly carried to a royal romance full of fun and heat to quickly envelope and take you on a ride. Nana Malone's romances are designed to steal your heart sentence after sentence. Cheeky King truly stole my heart. Every page just singed and seeped of love, seduction and a touch of elegance with a vibrating story line to wake up my soul. Nana Malone wrote Cheeky King with so much conviction and she hits you with an exciting and blinding mystery. I enjoyed every moment. I devoured every page. Charming. Reverberating. Passionate. Cheeky King gave a perfect and scintillating package full of secrets, drama, angst with twists and turns to keep a reader on the edge.

Penny and Sebastian, from the beginning have been one of my favourite couple of my 2018 reads. The sexual tension was beyond steamy. Their witty banter and cute moments absolutely sparkled. Although they frustrated me with their hot and cold but you could see the love and affection they had for each other. In Cheeky Royal, Penny was an awkward and clumsy woman but in Cheeky King, she transformed into a sassy and strong woman . My oh my Sebastian just got a lot more hotter in Cheeky King. Cocky. Sexy and Swoon worthy with plenty of drool from me.

Thank you Nana Malone for this pleasurable and indulgent read. Fully loved it. If you being swept of your feet, you need to read the duet.
