## **Elfin Blood** Gracen Miller

Scorned by her own kind for her half-breed elf status, Julija lives a lonely existence among her Ivory Elf kin. She is the only one the elves can trust when a magical book in elf lore is stolen. Relegated to steal the Book from the vampire thief, Landau Jamieson, she's surprised to discover he has the ability to walk in daylight. Refusing to be deterred by developing setbacks, she's committed to executing the heist for an Ivory King who grows more desperate to possess the Book. Nothing about the vampire is as it appears and Julija begins to doubt her mission. Worse, she begins to worry she won't have the strength to guard her heart from her sworn enemy.

Landau is fascinated by the elf stalking him and baffled by the potent hunger she elicits after ten thousand years of celibacy. Soon he discovers the lovely sprite is a pawn in a dangerous game--orchestrated by none other than a reviled enemy from his past. While blind-sided by her beauty and her magical powers, the least of which is the spell she casts on his heart, the sinister plot unfolds. What started out as folly to catch a thief, blossoms into a love that casts aside bloodlines and forges all boundaries.

Julija is a common elf that has a talent for thievery , which the Ivory King wants her to use to take back the Ivory Elfin Book of Lore, from a vampire named Landau , that stole it. After being confrontd by Landau , she begins having uncontrollable desires for him. While in his home trying to take the book back he tricks her with a room full of gems , and once again they are face to face and both of them wanting each other. After intense , lustfull , lovemaking , Landau tells her the truth of who he was before and what Royalty she holds. Finding it all hard to believe she confronts the Ivory King for answers of her past , and to let it be known to him that he is no longer her master . All while worrying if the vampire clan will take their word that they soul-blended since they had no witness , and the clan not try to take over his territory.

The Magic , Lust , Distrust , Secrets and Passion filled within the pages of this book makes it irresistible .

Julija had to do what her king told her and she had become a good thief. So when he told her to steal a book she started plotting how and when. Only the vampire that had the book was half elf and stronger then they thought. He was also attracted to her and helped her see who she truly was , but could the other elfs ever except them so far they were both half breeds . I loved the jewels and other parts of her abilities

Hunter's Review

Julija is a really interesting character to read. She's strong willed and capable, a really fun heroine to lead this book. From moment one, Landau stole my heart. He's such a delicious Alpha hero. He's tough about all things except knowledge of his own feelings. One of his first thought about Julija is to question how much her throat would bruise. I like to read vampire heroes who are visceral and he really was.

The chemistry between the two of them sizzles off the page and when they fall in love it's a triumph. I'll admit, I'm a sucker for a hero that really seems to love the heroine and that is what Landau does.

I have to commend Ms. Miller on a job well done. I think fans of paranormal romance and vampires won't want to miss this one. Great work.

Her half blood elf status, Julija lives a lonely existance amoung her Ivory Elfkin. She is entrusted with a job by the Ivory king to steal back the Elf lore book, from the Vampire Thief - Landau Jamieson. Landau can walk in daylight and this puts a deter on Julija's plan, she is planning a heist for the Ivory king, who desperately wants this book and its possession.

Landau is fascinated by the elf stalking him, mesmirized by the effect she has on him, after 10 000 years of celibicy he finds that not only does his mind stray but his hunger awakens - Sexually. He is aroused by her and wants her all to himself, to bed and kill if need be, afterall she is the enemey.

He discovers that Julija is conspiring against him with his enemy from the past, he is mesmirezed by her beauty and her powers and the lust she brings about in him is something they both cant deny. Something grows between them and against all bloodlines and rules, cast aside , boundaries crossed and life and love is at stake.

Julija finds out that diamonds are not only a girls best friend, but Landau's years of celibacy are not the only surprise in store.

Will Julija succeed in stealing the elf lore book for her master or will the growing attraction between Landau defy all odds? Truths become about and lie surface..

Gracen has created a unique world of Vampires, Elves and Magic - a world in which Im sure readers will find not only fascinating but intriguing.

Landau is your alpha - spunk - hotty , interesting and smexy all in one. His demineer is glowling with spunk - hotness - and Im sure all the readers will fall in love with his character from the very beginning. \*\* I know I did \*\* Their's nothing quiet like a vampire that knows what he wants !!!! \*\* He possess the quality in an alpha we all love, strong, willing yet also demanding, and hot as hell in the bedroom scenes. The loving and chemistry between the two main charaters will not only singe your eyelashes, but have you frantically flipping through the scorching scenes that Gracen has written.

The extra tidbits in between the pages \*\* will have you raising your eyelashes and wandering where you can get yourself one of those diamonds. I found this very interesting !!!! Lusty wink ...

\*\* Afterall - they say diamonds are a girls best friend \*\* and in Julija's and Landau's case this adds extra heat to their sensual love scenes and her powers that she possess. After all Elfs love a few gems, and when Julija is surrounded by them she is taken to another world !!!

Julija's character is strong willed, kick arse and definelty capable of many things, her sexuality is not a secret being the elf that she is ,, she is in overdrive and needs that extra lovin, but hey who cant complain when a hotty like Landau is their to help :O) Willing and certainly able ! Im sure that the reader will not be disspointed in the chemistty created between these new characters..

All secondary characters very limited throughout but also needed to give the story the twist..

The overall storyline was present, chapters fluently flowed from one to the next, keeping the reader intrigued with all aspects becoming in the storyline. Very different from any other vampire book out there, and I'm sure that this alone will keep you intrigued.. I read this book in one sitting, a fast paced, short read but capable of leaving you wanting more ... and keeping you certainly in thoughts well after .. \*\* wink wink \*\*

An erotic read , with an interesting and unique storyline, that will leave you not only gasping at the smexy, smoldering sex scenes , but also captivate your interest. It's always great to read a story that is not like the others being shelved, and honestly elves are not really my thing, but this book was an eye opener for me. I enjoyed it !! Yes the story is filled with hot sex, to die for Alpha hero and kick arse female character but it also has a storyline to boot, romance was not over the top and the rest flowed smoothly creating a story I'm sure will keep you entranced till the end.

---

Gracen has created a tantalizing world, filled with fantasy, fantasies, Vampires, Elves and magic that will leave you reflecting upon this read - in a completely different light. Maybe you will find an urge to go and buy the sparkliest diamond you can find . \*\* grins \*\*

Elfin Blood by Gracen Miller is HOT! The story line is entertaining and the characters are reach-out-and-touch-'em real. If you don't find yourself crushing on Landau by the time you finish this book, then you need to check your pulse. This is a fantastic story! (And full of great tips ... where can I get one of those diamonds? \*grin\*)

Julija is an elf, part Ivory and Wood Elf. She has grown up being shunned by other elves because she wasn't pure, only being recognized when her skills are needed. She is known as a thief by her people. The Ivory King, Alberic, makes sure to use that to his advantage when the "Ivory Elfin Book of Lore" is stolen by the Crimson Elf (Vampire), Landau Jamieson.

Landau Jamieson is a Crimson Elf who lives among humans and walks in the daylight, thanks to the "Ivory Elfin Book of Lore". He is also shunned and looked down at because he was turned into a vampire. He escaped with his life when the Ivory Elves' decided to eradicate his kind. Landau has been a vampire for thousands of years and he has built a new life for himself, with one small problem he can't have sex...

When Julija first meets Landau, face to face, sparks fly and Landau feels passion for the 1st time since his Ivory Elf days. Julija feels the pull but is disgusted that she would feel anything for this vampire and tries to concentrate on staying out of Landau's reach, getting the book back and keeping King Alberic from abusing her further.

Will Julija be able to get back the book before she loses more than her pride... like her heart and can Landau learn to trust someone again after the betrayal of his people.

This is a very Erotic book. If you like a mixture of Fairies, Vamps and magic then this is the book for you. It has unexpected twists and turns that keep you wanting more. Its a great read for a cold dark night :)

Gracen Miller has written another awesome book. If you like this review please check out her other books Pandora's Box and Fairy Casanova. You won't be disappointed!!!

An elf thief and vampire elf-kin, brooding mansions replete with gargoyles, and a snooty twenty-thousand-year-old king who thinks he calls the shots; Gracen Miller creates an interesting cast of characters in Elfin Blood, and fills their world with delightfully intriguing surprises.

The vampire leader's more sex-lost than sex-addicted at the start, and Landau's reawakening with Julija is portrayed in powerful detail. From dance-floor kiss to coffee-shop chaos, to... well, you get the picture... these two are surely "going to be a problem."

Tortured alike by their bodies' betrayal and lustful imaginings, the two protagonists simultaneously spend the first part of the book avoiding each other and seeking each other out. But all is revealed, in history, forest and bedroom, and elvish soul-blends demand far more than the locking of lips and eyes.

The writing rises above the occasional typo, pulling the reader into a perfect pooling of passion and desire. Very nicely done Gracen, and definitely not your granny's or granddaughter's romance.

### **Nichelle Gregory says**

This is NOT your typical vampire book! Gracen, does an amazing job of blending new elements to this widely popular genre. Landau, is a Crimson Elf, and he hasn't had sex for over ten thousand years! He hasn't felt the urge to bed a female until he meets Julija. She's feisty, sexy and a rare-blooded elf.

I loved the premise of the story and these characters will draw you in for a scorching hot fast-paced read. Read with caution! The sex scenes in this book will burn your fingertips! I promise, you'll never look at jewels...especially diamonds, the same again!

Bring on the sequel!

I don't know if there is anything that Ms. Miller can't write about. Her details and expertise is immense. This story is about Julija, a half breed elf that is in search of Landau a half breed vampire. Landau has stolen the most important book of all time, the Ivory Elfin Book of Lore. This book holds all secrets and magic to the

Elfs and it's in the wrong hands. He can actually walk in the sunlight. Julija being the best thief in town is the only one that can steal it back and return it where it belongs. Alberic is the one that wants that book and all the power it holds. She has no choice but to retrieve the book for him or suffer his wrath as she has for many years. Landau is fascinated to have this half breed following him. He's been impotent for 10,000 years but she has awoken his member . Something no one else has been able to do. Is there a connection between them? Is Julija going to be able to get the book back or is her heart going to be connected to Landau? Can Landau keep the book away from her or is his soul going to be connected to her as well? This is another of Ms. Miller's books that kept me up all night reading. She is a perfect writer.

WOW!! I am totally speechless at how riveting and breathtaking this book is...

Elfin Blood such is a great book; full of hot steamy passion that fills the reader with loads of desire and aches for the couple of Landau and Julija. This story line contains new and interesting twists to the fey and vampire lore that is out there today and it had me glued to each and every page, swallowed up by the intriguing lives of our main characters. Landau and Julija are so unique that as you are drawn in, connected to each of them, you are enticed and mesmerized so that I read Elfin Blood in one sitting easily! I just couldn't put it down until I found out everything that had happened...

If you love a story that will get your pulse racing filled with action, suspense, seduction, and most of all scorching hot sex...Then get Elfin Blood now!! HIGHLY RECOMMEND!!

I started this book last night and I could not stop until I finished it!! It was so well written, granted it was so hot it made my teeth sweat but it has just the right amount of raunchy so that it reads perfectly! The characters are so creatively thought out, each bringing something unique to the story. The story itself flows perfectly! I can't even remember the last time I picked a book up and had to finish it before I could make myself put it down. I'll definately be adding more of Gracen's work to my library :)

### **Beth Wright says**

18+ read Holy Fuck :D God what a combo sexy elf-vampire \*drool\* add on vibrating gems and watch your world rock :D God I so want to read this book over and over again. The sex scenes will sure make you drool and beg for more along with the characters. Then add on the awesome story line and you have one hot read :D God help me I need to stop thinking about it 0.0 A must read, a shame there is no more to it :(

\*\*\*Not for the faint of heart. You have been warned. This is erotica, folks. And damned good erotica.\*\*\*

So HOT I had to put it down. Seriously. Super sizzling. SCORCHING. From page one, these characters grabbed my attention and affection, and had all my senses tingling.

This is a story where the players are so well written, so alive they practically jump from the page. They grab hold, drag you into their chaotic embrace and fully envelope you. You feel everything they do, as vibrant and electrifying passions splash and clash from scene to scene.

Julija and Landau are each entralling on their own. Together, they are explosive. Their backstories and history are fascinating. I love the twist on vampire lore and the history among the two races.

What an incredible world Gracen Miller has built for **ELFIN BLOOD**.

Blending Fae and Vampire lore, forbidden love, betrayal, and deceit, Gracen embraces the taboo and makes it beautiful. And so very sexy.

The intensity is constantly building in this mulit-layered paranormal romance. Much is at stake for all. Much has been lost, stolen, and taken away. And much more can be gained. But at what cost?

**ELFIN BLOOD** is an amazing story with clever twists and stunning detail. Gracen uses elements of the magical world in a way you've never experienced before. Some of it may shock you, but I guarantee it will thrill you.

I absolutely loved this starcrossed lovers tale and only wish it hadn't ended so soon. Bravo, Gracen. Bravo. Once again, I have fallen under your well crafted spell.

WOW...This book as put a whole new twist and perspective on Fey and Vampires. I was totally spellbound and glued to this book from beginning to end. I couldn't put it down. This book, like all other work from this author kept me suspended and craving to know more. It's a freshly invigorating story full of steamy scenes that made me crave to have a romantic relationship like Landau and Julija. These two make the book worth reading over and over again. This author has always had a way to reel you in with her writing and this book with it's phenomenal twists and turns are no different. It's not like all the other Vampire/Fae stories out there. No, this story has its own personal stand on two remarkable species that you will not forget and will want to read more of. I highly recommend this story to 18+. A MUST READ!!

CAUTION: READER DISCRETION IS ADVISED.
