*Michael Prescott*

## **Final Sins** Michael Prescott

A decade ago, artist Peter Faust murdered a woman and was found not guilty by reason of insanity. Today, unrepentant and living in L.A., he's become a cult celebrity among the radical fringe. When one of his fans appears to be stalking him, he hires rogue security consultant Abby Sinclair for protection. Unfortunately for Abby, her longtime adversary, FBI agent Tess McCallum, also gets drawn into the case. Both are about to discover the true meaning of evil.

## **From Reader Review Final Sins for online ebook**

### **Leslie says**

Michael Prescott is an author I discovered in the last year or so and I am still reading through all his books. This was well written, good suspense, interesting and developed characters, etc. etc. etc. I truly enjoy this author.

---

### **Lin says**

While I enjoy Prescott's books/plots/characters, I get frustrated with his poor use of language. Overabundance of passive voice, past progressive, and repetition of descriptors bog it down for me. This one was also a little too predictable for me.

---

### **Teresa says**

Abby Sinclair and Tess McCaulum are too much alike to be friends. They get the job done, reluctantly together. This book is refreshing and fun. I appreciate these ladies, their intelligence, and their intuitiveness. I recommend this book for a quick read. There's no mystery here as you know all along what's going on and what's going to happen next, but it's still fun.

---

### **Kris - My Novelesque Life says**

4 STARS

"A decade ago, artist Peter Faust murdered a woman and was found not guilty by reason of insanity. Today, unrepentant and living in L.A., he's become a cult celebrity among the radical fringe. When one of his fans appears to be stalking him, he hires rogue security consultant Abby Sinclair for protection. Unfortunately for Abby, her longtime adversary, FBI agent Tess McCallum, also gets drawn into the case. Both are about to discover the true meaning of evil." (From Amazon)

I did not know this was a series so have read two books out of order but I still enjoyed this suspense thriller. It is great seeing women in lead roles of good guy and baddie.

---

### **Heather Snowman says**

another in the Abby Sinclair series, not bad, but not my favorite either. The villain, as often is the case with Michel Prescott, is sadistic and drags out the torture and killing of his victims. Not something that I need so much detail on...

## **Arthur says**

### **Final Sins (McCallum & Sinclair book 3)**

Abby and Tess take on true evil in the character Peter Faust. Faust, a psychopathic serial killer is being hunted by both the LAPD and the FBI, but can't connect the dots. Aided by a tip from a rouge FBI Agent, Abby is hired by Faust to get rid of a stalker (in reality, another rouge agent, old partner of the tipper) after his latest female friend and lover. What follows, you'll have to discover on your own to see how Abby and Tess resolve and eliminate Faust. Thanks for another great read.

## **Amy says**

mystery / thriller

Kindle

Another fast-paced, believable thriller from Michael Prescott. His characters are likeable and unlikeable, therefore they are realistic. I liked his 2 strong females.

---

## **makida says**

**The most awesome author ever.**

Awesome as always!!!!!!! You can never go wrong with a Michael Prescott book! Keep up the GREAT WORK dude!!!!!!! Excellent writing...

---

## **Carolyn says**

I really would like to give this book 3 and a half stars. It really was better than mediocre, I just found myself skipping through details at times. Abby and Tess are wonderful together as they try to bring down once convicted and now cult hero, Peter Faust. Prescott did a great job of portraying Faust as a Hitler-like/evil incarnate type of character. Interesting subplots around all of the characters. I'm changing my rating to four stars. I did like this book.

---

## **Jen says**

This book was a fast read. The characters were full of uniqueness and the story moved along well. I can't say I "liked" it. Maybe I wasn't thrilled reading about a proud, self-absorbed, convicted murderer.

---

**Gemma says**

I read this in a day! I would describe this as an easy to read thriller - basically, the plot is not too complicated, it flows well, the characters are well described and there aren't too many of them either so it's not too confusing. One problem - it is difficult to put down!

The plot had lots of twists & turns, and I didn't necessarily guess the whole ending only part of it which was a nice surprise. I would read more by this author, and I would recommend this book.

---

**Tyler says**

Mediocre fiction thriller. Nothing special but wasn't horrible either.

---

**Stephanie Hill Alexander says**

abby and tess never disappoint, but they did surprise me with their role in this book. will be waiting for another book with these characters.

---

**Carolyn says**

Some one left some books in a common room at work, I picked it up hoping I could find a new author. That did not happen.

The author let on way to soon, that Hauser was dirty. Abby, and Tess hunting him in the end and killing Evil. Not impressed with the book at all.
