Flawless Sienna Parks

Life can change in the blink of an eye. No one knows that better than Lily Tate.

A chance encounter with a tall, handsome businessman, throws Lily's organized world into disarray. After witnessing her dad's murder when she was fifteen, she keeps men at a distance, reluctant to love or be loved – scared that she wouldn't survive another loss. Tormented by nightmares, and racked with guilt, Lily struggles with the onslaught of emotions that accompany this enchanting stranger.

Alexander Rhodes is the whole package – intelligent, gorgeous, and wealthy. From the outside looking in, his life is perfect, but he learned the hard way not to expect loyalty or love from those around you. Success comes at a price. Xander is determined not to make the same mistakes again, but a breathtaking beauty forces him to throw caution to the wind, and win her love.

A chance encounter; two broken souls; explosive consequences.

Will Xander and Lily be able to heal each other's wounds, or will their past spill into the present, extinguishing any chance of a future together?

Flawless is a sexy, sassy, and elegant take on a classic fairytale – the endearing knight in shining armor, intent on conquering the heart of his fair maiden... no matter the cost.

Allie says

Okay

This was definitely a mushy cliché book, but it was a decent read. I love my males to be alpha, but a romantic with their women. I felt Xander was just too cliché and too perfect if that makes sense, so ultimately his character was very one-dimensional. Lily was just there. Her character never popped for me. If you're looking for a cliché mushy book then this is for you.

Heidi Dickinson says

Wow! For a debut book this one sure did blow me away! I loved everything about Lily and Xander's story...from their first meeting, to how Xander absolutely knew Lily was the woman for him, to all of the obstacles thrown in their path on their journey. Sienna will definitely be a automatic one click author for me! I can't wait for Addi and Carter's book next!

Mspraise50 says

This book is the first by this author. I was asked to review this book.

Considering this is the first book by this author I thought it was a great read. This is Xander and Lily's story. They both have their baggage but they both want true love too. This is like a fair tale kind of romance, which is my kind of romance. Almost over the top. I loved how Xander treated Lily and how he tried to ensure that all times she knew she was loved. He did mess up a couple of times but only because he was trying to protect her. The story was engaging and fast moving. I am looking forward to reading Addie and Carter's story.

Definitely worth the read and its available on Kindle Unlimited.

5 stars - Reviewed by Gemma on behalf of Your Next Hot Read

Eeks, where do I begin with this story? This is one book that I struggled to put down. I'm a slow reader but I did devour this book. It kept me reading into the night and has a few twists and turns up its sleeve.

We follow Lily Tate, an early twenties girl who is about to graduate from Columbia with her best friend Addi. She is closed off to most people with good reason and doesn't have much faith in men as her past experiences have left her doubting their intentions. She literally bumps into her knight in shining armour and boy do the sparks fly from the instant they meet. Xander Rhodes is everything a knight needs to be; tall dark and extremely panty meltingly handsome (a mouthful I know but he soo is!). He always gets what he wants

and he has set his sights on Lily. He has also shut himself off from the female population but something in Lily seems to bring him back to life.

As their fairy tale begins to take shape, people from both Lily and Xander's past start to crawl out of the wood work to destroy the happiness they have found in each other. Is love really enough in this modern day to keep too people together?

Oooh secrets and lies are a plenty in this book and I don't want to spoil the rollercoaster ride that is their love story. Sienna's writing is top notch and although the majority of the book is from Lily's POV, I love the little chapters that are from Xander's. They are very well written and placed exactly in the right spots for the story to flow. I could easily gush about this book all day but what I will say is that I highly recommend this it to all hopeless romantic readers out there like me who love a HEA, a strong and feisty leading lady with a broody yet sensitive leading man. I cannot wait to read Addi and Carter's story in the next instalment to the Manhattan Knights Series.

Ashley Gibson says

I absolutely loved this book! It's probably one of the most romantic books I've ever read. Xander and Lily's relationship is both steamy and heartwarming. Lily is innocent, yet strong willed. Xander is an alpha male with a generous personality and a heart of gold. This story will take you on a wild ride of love, passion and heartbreak. It has all the feels.

Xander is the type of man that will do anything for those he cares about. Not everyone always has your best interests at heart and in most cases, for Xander, love is definitely blind. Having had his heart broken once before, can he just this new ray of sunshine, Lily, with his heart or will she be the one to shatter it for all who come after her?

Lily has had heart break herself. Love of any kind has never gone well for her. A despairing loss keeps her from getting close to anyone except one person. Having struck out one love so many times before will Xander be able to show her what real, true love feels like?

Lily was a breath of fresh air for me. She's one of those people who genuinely cares about others. Sweet and kind people are sometimes the most breakable. Lilly loves with all she has. When one of the greatest loves shes ever known is stolen from her, she can't help but break. But broken people can still love, though not without fear. Lily makes you want to get to know her, be friends with her. You can't help but like her and want to help her.

Xander is hot! He may be a billionaire, but her doesn't let her money go to his head. His dirty mouth would have even the most stubborn woman melting in her hands, me included.

This is the first book I have read by Sienna and it won't be the last. My only problem is that her writing makes me wish that the characters were real and not just amazing creations from her mind.

Jessica says

Ehhhh

This book read like a young adult book with adult sex scenes. I found myself skipping a ton of pages because the interactions between the main characters were very high school and I don't know ANY guy that talks like the guy in this book - Kind of ridiculous

Jaime Fertal says

Lily is a Woman who goes about life trying to live it as best as she can after all the stuff she lived through as a teenager. One day she literally runs into this Man who is perfect but she is not willing to give him a chance as she doesn't think he is right for her. Xander a Man who is Rich and has the looks that could get him anyone he wants but when he runs into the perfect woman who lights up his world with just a touch of her hand he knows he has to do everything in his power to get her to give them a chance to see how great they could be together.

What I enjoyed most about Flawless is watching two people who have went by in life with just living but not fully living until they get together and see the world through new eyes. Seeing Lily start to heal from the things that happened as a teenager due to a strong man that makes her feel safe again since her father, Xander coming around to the fact that not all women are like his ex and there is proof in that in Lily and how they are the perfect match.

This book is AMAZING and it was hard putting it down to take care of everyday stuff. This book has a woman Lily who wants to be a writer but she is finishing her school degree and doing all the steps in order to get it with no distractions, until one day a huge distraction comes along in the form of a Perfect man named Xander, Xander a man who is known and Rich with everything he could ever want except a woman to share it all with, a love story! If you like stories like this, then Flawless is a must!!

Bernice Hudnall says

If you are looking for a true story full of love and romance then Flawless is the book for you. Flawless tells the love story of Alexander "Xander" Rhodes and Lily Tate. Xander may seem like a billionaire bad boy but sometimes looks may be deceiving. Lily is in her last year of college and is just trying to get by. Something horrible and tragic happened to her in her childhood and it shaped her into the person she is today.

When they bump into each other, their worlds change but only Xander is willing to accept it at first. He is willing to work hard to win Lily's heart. When Lily finally opens herself up to the idea of love and Xander, something beautiful is created. Now this story is not without drama and let me tell you there is drama, and there is something that happens that will put fear into your heart. But luckily, Xander is not willing to give up....

They each have a best friend, Carter, and Addi, who are each more like family to them. And they seem to have a complicated relationship with each other. I can't wait to see what is going to happen in book 2.

ARC provided for an honest review.

Jessica says

I received this as an Arc for my honest review. This story between Lily and Xander had me hooked from the beginning! The instant chemistry between them had me wanting more. This love story was steamy and romantic all at once! I thoroughly enjoyed every minute of their story! I can't wait for the next chapter in this series! Well done Sienna Parks! Your story was amazing!

Lindsey says

DNF'd at 58%
I just can't anymore.

Why 3 stars if I DNF'd, well because it isn't the writing that made me want to give up. It was the damn characters, they were just not for me, at all. Very 1 dimensional.

**I will add that this author can sure write some steamy love scenes!

Ligia says

Fast forward

Virgins that know and do more than two married woman put tougher. Just plains stupid. Like the man , although a little bit of a wimp. These books are for teenagers with no brain's and just horny.

Patti says

I voluntarily reviewed an Advance Reader Copy of this book.

This is an amazing story. It is a feel good, love conquers all type of book. Everything about it is...flawless. The story is well written. All of the characters are developed and interact with each other with revelance. There is friendship, love, suspense and even a little bit of hatred, something for everyone.

Sometimes the stories where the main characters are recent college graduates lack an authencity and seem forced into their situations. This is not the case with Lily and Xander. They are such a great couple. They seem more mature than their ages would dictate. They work so well together. You get sucked into the whirlwind romance and feel every emotion Lily and Xander feel. And, their feelings run deep because they have had some difficult times in their pasts that have shaped who they are today.

There is something truly special about the way a writer can so vividly depict the depth of feeling between two people that you become invested in their happiness. Thank you Ms. Parks for that gift.

I highly recommend this book. I look forward to Addi and Carter's story.

April Symes says

This is an amazingly sweet and beautiful romance story. This story is about two people that need love but there are things from their past that prevent that from happening. Xander & Lily-- Lily wasn't looking to meet her Soulmate as she had just finished doing her thesis on campus when she ran into him on her school campus but fate brought Xander into her life with push , shove and a flurry of papers. Xander a wealthy man knows that Lily is special from the moment they meet, and does everything he can to get her attention. Xander is NOT a man known to have to make a woman look twice at him but that is what he has to do with Lily. She is innocent yet very independent. Xander is so alpha and dominant yet he is so kind and considerate and he really wants to show all this to Lily. All this this new to Xander, especially after suffering thru heartbreak in his life . He never thought he would want to be in love again and what he feels for Lily, it is love.

Lily is so refreshing. She cares about others, looks out for those she cares about and worries about them. Lilly loves with every fiber of her being. She suffered greatly in her past and had a terrible heartbreak in her past which hinders her present and possibly her future. Thing about people who are broken- they can love but they love with total fear in their hearts. Will Lily be able to let go of that fear and open her heart completely to Xander and love him completely without fear?

The passion between Xander and Lily is hot and sizzling. Their chemistry is well written and engaging. This is a wonderful and beautiful love story that kept me hooked. The author wrote a fabulous male character who

is so sexy and has a deliciously dirty mouth that he has he wishing he was real. This is a new author , one whom I look forward to reading more from. She has a special way of writing that immediately draws you into what she has written. I loved her book and didn't want this story to end. I highly recommend this book & I look forward to Addi and Carter's story

My rating: 4.8 stars ****

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***

Nate says

I voluntarily reviewed an Advance Reader Copy of this book. I really enjoyed Lily & Xander's story. Loved the suspense...it kept me wanting more...Great book. Really enjoyed this new author to me.
