## Forbidden Love Lucia Jordan

"Olivia wants to get the information for her magazine article and get out – until she meets Master Dean and is shown a new way of life."

Olivia is by no means shy or afraid of the darker side of herself. However, when her boss sends her to a local 'alternative' club to gather information about the lifestyle for an article she has to write, Olivia is intimidated and overwhelmed. When a Dom, Master Dean, takes an interest in her, she's thrust into a world she never knew existed. It's exciting and it awakens her in a way she didn't know was possible. But when Dean asks her to become his sub, she must make a choice: tell him the truth about why she was there in the first place and risk him never speaking to her again. Or she keeps her secret and indulges in a new, exciting world with Dean as her guide.

This ebook contains very hot descriptions of romantic activity. Only mature readers should download this book.
