Kensey McDuffie thinks that her relationship with her ex, Roc, is buried, the same way that he should be. Kensey has started over with Mac, but shocking skeletons fall from her closet one after the other and threaten her sanity. Like the true friend that he's always been, Mac is there for Kensey, but even some of her secrets may be too trying for their relationship to survive.

Unbeknownst to Mac, he has some unfinished beef in the streets of Durham. Not one to get caught slipping, he won't rest until he has eliminated any enemy that crosses his path. Not much surprises Mac, but when he learns about the secret that Kensey has been hiding, even he may not know how to handle it.

Mac and Kensey aren't the only couple facing drama. Face just can't seem to shake the ghost from his past that is Marsla, and Poppa is finally on his way home from prison, but will things end the way Bellina wants them to?

## **Book 4**

I liked Mac and Kensey's story as well as Face and Ahnesti. I want to know if Kensey grows closer to her son, if she tells him the truth and if she hears from her cousin. Stasia needs to stop trying to be like everyone else and stop looking for someone to take care of her. She is pathetic!

## **Yes yes yes to a book about Poppa and Bellina**

It was a cliffhanger regarding Poppa and Bellina and Stacia. I would love a book about them. I enjoyed the entire series. I'm glad that Prospect got it together. I knew the main couples would be just fine. Face surprised me but I liked him the most out of all the male characters in the series. I hope there is just one more for Poppa and Bellina

??

Stasia just can't keep a man but the problem is she trying to get a man for the wrong reasons... Prospect has grown up it looks like and the only people that looks like they don't have issues are quasim & kaliya

## **Damn good read**

All I know is you play too much. Yes, we need one more installment. I was so glad ROC got what was

coming to him. I didn't like how they killed his child's mother, but those Haitian boys ain't one to play with. I loved Face and Ashenti. I really enjoyed all the couples. Mac was a savage in the streets but a sweet heart at home. Love, loved it.

I like how each book focused on a different couple. Poor Anastasia didn't find her a man yet but she was only worried about financial gain. I wouldn't mind Bellina and Poppa's story, and maybe include Kaliya and Quasim's wedding. Great job I enjoyed it, you deserve more than 5 stars.

#### **Not sure**

I'm not sure why the titles had the names of the characters the book was suppose to be about because the books were about all the characters. It didn't matter to me because the books were still good. I do recommend!

#### **Great Installment**

I love the fact that this series each installment is about a different couple but you still give insight to the other couples and each installment. I don't know if I'm that interested in Poppa and Bellina for an installment. I am however interested to see if Anastasia actually does find love. Great work

#### **This can't be the ending**

I loved this book from the first page. I hope that it doesn't end here. We need Kaliya and Quasim to get married and maybe have a little drama at the reception. Please don't let this be the end.

#### **Loved them**

I loved this installment. Kelsey and Mac were a good couple. Stasia need to sit her thirsty ass down. Sad because there really are women out there like her. Tyler got caught up, chewed and spit out smh

---

### **Latoya says**

#### **Please add another installment**

Please let Bellina be pregnant by Poppa while in jail but come home to him with the ex officer, then allow her to find someone new. Poppa should realize the ex officer isn't about shit and want Bellina back and she shouldn't take him back.

#### **Bellina and Poppa story?**

Enjoyed this book. I feel that all was justified in this book. I'm happy for Face and Ahnesti. I'm also happy for Mac and Kensey. I'm looking forward to a story on Poppa and Bellina...

#### **It's still an unfinished work keep writing**

Thanks for your hours of hard work. I want more. Poppa and Bell deserve a complete ending. Then there is still more to be said about Prospect, Mac, Jean and Blaze could have a book of his own. The questions left to be answered are Bells time in and after her six months, Does Face tie the knot with his baby mama, and does Anastasia ever get over leeching and worrying about Prospect and Genesis. Other than that this is a quick read as well as a good read.
