Marrying an Asshole: Dirty Fckers MC Sam Crescent**

Come and party with the Dirty Fuckers MC...

We guarantee great sex, variety, and, above all, fun. Interested? Come in and party.

Pixie is used to women falling at his feet, begging him for his cock, or anything he can give them. He was happy with that, using his brother to deal with the ones that clung too long. Then he met a fiery red-head named Suzy, and nothing has been the same. She wants nothing to do with him, and she thinks he's a total asshole. She's not wrong.

When Suzy caves to Pixie, she doesn't want anyone else to know, and so demands he keep their one-nighter a secret. One-nighter? Yeah, right. She's under his skin, and Pixie can't stand the thought of being with anyone else. He hates the thought of another man touching her, and so he sets out a plan for her to fall in love with him without anyone else knowing about it.

Pixie fears Suzy will leave him, so he takes the next step to securing his future with the woman he loves. If she's pregnant, she won't go anywhere, right? At least that's what he's hoping for. When it's too late for Pixie to realize his mistake there's no time to fix it. Will Suzy still love him even after learning his deception, or will she push him away? Is there any way to love an asshole?

Same story again

I am now giving up on books by Sam Crescent. Every storylins is the exact same in every single book.

Rosy says

Love that Asshole!!

I love the sweetheart Pixie truly is.

Suzy is Pixie's perfect match just as he is hers!! I wanted to be so mad at Pixie but he just like Suzy i love him too much!

Suzy is just plain awesome... Hand over the friendship application I want to submit mine lol!

Love the DIRTY FUCKERS MC and can't wait for the next book!!!

Victoria Craig says

Awwww !!!

I so loved this one !! Pixie went from being a complete ass to a really big sweetheart !! At least as far as Suzy was concerned. It was so great !! Not to spoil anything, but when you get to a certain part of the book you'll see why I headlined Awwww !!! Looking forward to more Sam !!!

I really enjoyed Pixie and Suzy. Things start off really heated and we are in for a ride with these two. While the title kind of makes you think they are married most of the book that is wrong.

The author did an amazing job at invoking Suzys inner struggle with weather or not to keep seeing pixie. I

liked her because she isn't your typical heroine in regards to size and attitude.

Pixie was just wrong at the start. The first words out of his mouth made me not like him but he slowly grew on me. I like that he felt guilt. It made him seem more real in retrospect.

The plot was low angst, with the hero, he had a lot of internal struggle about the things he's done. I loved seeing the dynamic of the motorcycle club.

What are the things that bothered me was it was a lot more than just Pixie and Suzys story. We have a lot going on throughout the story and it times it was a little hard to keep up. I liked the MC was clean, they weren't into drugs or running guns and that nature.

While I was annoyed at all the other people that got the spotlight, I am looking forward to seeing what this author has in store for some of the other characters.

Overall I really enjoyed the story, it was a hot read, felt real, and had a happy ending. I really hope we get some more books soon from the MC. 4 stars #2OCCJD

Not a review!!! Just a note why I won't ever read this author's books again.

All this author's books are so predictable.

Heroes are manwhores.

Heroines are virgins and plus sizes.

Books are too expensive for a 100 or more pages.

Heroes talk about their sexual past when they're having sex with the heroines.

See predictable.

Of all the MC books I've ever read, this was the funniest, sweetest version.

I enjoyed it

good - funny scenes

Sam follows a formula in her writing...and I like it. Suzy won't go public with Pixie because with his past, she's just waiting for him to be bored and drop her. Events happen and the couple are outed. Pixie does something stupid and the couples future is in jeopardy....

Fatimama says

I'm in an mc-lite phase so this book hit the spot. Pixie (H) was an asshole manwhore who fell like a ton of bricks for Suzy (h). The whole book was about Pixie pursuing Suzy and trying to have a serious relationship with her. I liked how intense Pixie was. The whole trying to get her pregnant thing was kinda ok for me coz the book really made me believe that they were in love with each other but just scared of being dumped by the other.

This series gets better and better. Pixie and Suzy were a great couple after they ironed out their connection. Great ending too!

5 satisfying stars! *****

ARC received in exchange for an honest review

I keep saying this about this author. But I love all her books, especially her MC books

I mean Big Bad Alpha Bikers and then they meet the women they fall in love with and they just become this sweet alpha males who want to just take care of their women

Suzy and Pixie got together one night and all they wanted was one night together. But Pixie couldn't get enough of Suzy and wanted more.

But Suzy knew that Pixie was not one for relationships and knew that it was just time before he moved on to the next sure thing

But Pixie started falling in love with Suzy, and now all he had to do was prove to her that he was in it for the long haul

We also got to meet Teri's sister Sky and Teri is busy with some match making.

Annmarie says

No cheating, it was in the line of all the other books in the series. Pixie and Suzy are together in this book but Suzy is just waiting for pixie to drop her for over a year. She has no confidence in him or them. He hasn't been with anyone else since he's been with her. Still, his past puts him in a bad light. They work it out but then pixie does something shady to try to keep her forever and it puts a wrinkle in things for a minute. All in all it was good. I like this author so it's a one click automatically. HEA with a ring and something else ;)
