Elizabeth says

I won this book in a giveaway. I'm very excited about trying all of the recipes and techniques. Easy to understand and execute, this is perfect for anyone who enjoys entertaining with flair! Definitely worth the read!!

Rollinlog says

I really like this book. It is similar to other books written by Jason Logsdon in that it explains the basics of modernist cooking without getting into too much detail. And the recipes are awesome. I have already picked out three recipes to prepare for my next party. If you are an adventuresome cook and like to delight your guests – I believe this book would be good for you too.
