## Psychology and Work Today, 10th Edition Duane P. Schultz , Sydney Ellen Schultz

For undergraduate-level courses in Industrial and Organizational Psychology, Business Psychology, Personnel Psychology and Applied Psychology. *Psychology and Work Today* provides an invaluable foundation for anyone entering today's global business and industrial world. This informative, sophisticated, and entertaining text teaches students about the nature of work in modern society. By focusing on the practical and applied rather than the scientific ideal, the authors demonstrate how industrial-organizational psychology directly impacts our lives as job applicants, trainees, employees, managers, and consumers.

## **From Reader Review Psychology and Work Today, 10th Edition for online ebook**

### **Mike says**

Finally. The corpse is at my feet. A Pyrrhic victory, though, as I'm left a mere husk of a man.

Corporations may be people, but they're the dullest of people.

Someday this book is going to transmogrify into a human being. I don't know how and I don't know when, but when it does I will hunt it down and kill it.

First 4 chapters or so are a review of stuff you've reviewed ten thousand times. They do this to make you feel even worse for spending \$110 on yet another superficial overview of what might have been at least somewhat interesting if treated in greater depth.

---

### **Joey Pinell says**

Every corporation should hire an I-O Psychologist. After reading this book, I could pinpoint so many things that needed to be "fixed" in my former office that would help retain their employees and foster their work ethics.

---

### **Ömrüm Hoca says**

commitment

---

### **Tariqul says**

its very helpful.
