Redemption of the sword J. Jones , Jeff Jones

Enemy armies ravage the kingdom of Remada leaving a trail of death and destruction in their wake.

After surviving the slaughter at Vangor, Teren Rad, now reunited with his son Eryn, resumes the search for Eryn's fiancée. Abducted by slavers she has been taken to the eastern deserts, home of the treacherous Salandori.

When Teren is captured and made to fight in the gladiatorial pits, Eryn and his companions are forced to continue the search without him.

But they discover an even greater threat is stirring in the east. Determined to reclaim the ancestral home of his people, the Narmidian king has amassed an army so huge that it is drinking the rivers dry.

With time running out the friends must choose between rescuing Teren and returning home to warn about the impending invasion.

It is a time for heroes, for courage and for redemption.

Stacy says

Finally able to read again after suffering headaches every time I tried, this was the book I was itching to read and I wasn't disappointed! An amazing second part to the story, Mr Jones delivers a fast-paced fantasy that reads like a historical-fiction. Following on from the first book, Teren Rad and his son Eryn journey through war torn Remada and the vast land of the Salandori in pursuit of the slavers that kidnapped Eryn's fiancée Tayla. On route, Teren himself gets captured and Eryn must make a difficult choice. Filled with war, battles and characters that draw you in, this book kept me gripped from start to finish. A definite must read in my opinion... I'm off to read book 3! :-)
