Rise of the Beast Kenneth Zeigler

Following his defeat in the War in Heaven, Satan and his minions have fled to Earth where they fight to establish a worldly kingdom and end the dominance of humankind.

Satan, in the guise of a New Age holy man, has created a new faith based on world unity and peace. But his real goal is to bring about a new dark age where he is worshiped as god. He manipulates humanity and its politics to place a man loyal to him, the Beast, in charge of Europe's government.

The Beast is opposed by the Christian community. Among those standing in his way are Christian evangelists Chris and Serena Davis. Only with them out of the way can his ambition become reality.

Journey along in this exciting and fascinating story as Chris and Serena fight against spiritual, physical, and emotional challenges every step of the way.

Like the last 2 books in this series, it keeps you turning the pages. A really incredible story, until the very last page!

YOU NEED TO READ & SHARE!

This is the 3rd book I've read in the series and I cannot say it any more strongly than this-A MUST READ! This series is a rare chance to be totally entertained while being inspired. Yes, this book was impossible to put down-as were the first 2 "Tears of Heaven" books I read. Yes, I've come to closely know and love all the characters...including a push to be closer to the greatest One. Most of all though, this series may be your opportunity to share the truth with those around you. This book does make you stop and think, it does give you an idea of what the future may hold and may possibly be a wake up call. As soon as I finish crying my good tears I'll be off to read book 4.

I will recommend this book-highly recommend this book-to everyone! I dare you to read it and not be touched by it-impossible! :D

HIGHLY RECOMMEND!!! :D

Like its predecessor, "War in the Heavens" this book is spellbinding and keeps you turning the pages all the way to the end. It reminds me a lot of the prophecy spelled out in Revelation, and makes it into an interesting story. A must read for lovers of science fiction and the supernatural.

Whew! I made it through book three! This series is just impossible to put down once you start, but books of this size will wear you down. Rise of the Beast tells of the coming of the antichrist and the first 3 years of the Tribulation. Serena and Chris have a ministry traveling all over the world healing and bringing more and more people to Christ, even as satan is fooling the masses. The comet Wormwood wreaks havoc and the planet is in horrible shape, but still God reigns! I need to take a break and read something a little easier, but then I'll be back on this series and starting the forth book, The Children of Eternity.

Your choice....life or death

This series of books is like reading Revelations, only it's my life and yours, no matter how or what you believe. I'm so grateful for writers who process the skills of turning truth into readable and understanding words. Scenarios you can visualize. Truths that will resonate within your heart, if you are open to receiving these truths. Thank you Jesus for being my SAVIOR.

Wanda says

Satan has been locked out of Hell, and is on Earth trying to get his revenge on Serena and Chris Davis and those who would stand with them. He also intends to take millions of humans to Hell with him when he is once again able to travel there. There are those who stand in his way though, those determined that they'll die if that's what they have to do to keep Satan from ruling the angels in Heaven or Hell.

Daphne says

Kenneth Zeigler is an excellent story teller. He knows how to captivate the reader from start to finish.

Jennifer says

Part of the trilogy...loved them all.

The Beast

He did it again!! All characters are concluded while it opens your heart to God and salvation. He causes you to weigh your life to the actions and thoughts of living according to the way of God and you come up wanting. Wanting to do better to seek deeper into the things and ways of Christ. This book takes us to Revelations and it gives us another chance to repent and seek His kingdom first. A great and wonderful read just as the previous books were!!! An absolute must read!!!!

Phillip Tucker says

Another great book in the Tears of Heaven series. Highly Recommend! You can see things in this book happening all around us right now.

Vicki Carbee says

I could not put it down. I just can't believe that this series is not on the Bestsellers List. I sure hope they are all made into movies. Truly unforgettable!

Tanya says

I have binge-read this series the past few days & it's so good. The author's unique twists on spiritual warfare, the end times, etc make for such a thrilling story. The author definitely pushes the envelope on some theological issues, but as I'm no expert & also, not God, I've just enjoyed this book as a great fictional tale based on possible outcomes of the future. I think there will be a lot of things that will surprise us about how things turn out in the end.
