The Navigator Pittacus Lore

In this astonishing one-hundred-page companion novella to the New York Times bestselling I Am Number Four series, meet Lexa, a Loric hacker whose unrivaled skills helped her narrowly escape her doomed planet, and who's been hiding on Earth ever since.

Lexa was never part of the Elders' plan. She had no idea the Garde children were being evacuated to our planet. But when the Mogadorian attack began, she used her expertise to get an old spaceship in a museum operational once more and became irrevocably entwined with the Garde's fate. In addition to her friend, a pack of Chimæra, and a Cépan named Crayton, her relic of a ship also carried Ella, the tenth Garde.

With all of their Cépans now gone, the Garde think they are the last of the Loric people. But they are wrong. They have forgotten all about the crew that brought them to Earth. Where have the pilots for both ships been all these years? And why haven't they joined in the fight against the Mogs? In The Navigator, discover the truth behind their escape from Lorien and what happened to them after they arrived on our planet.

SPOILER SPOILER SPOILER SPOILER

Pues había leido por ahí que este era mas aburrido, no se a mi personalmente me ha gustado mucho mas que Los últimos días de lorien. La verdad la historia no es que sea muy original ya que solo es un salir de Lorien y llegar a la Tierra, y poco mas. Pero para mi ha sido una historia activa y fácil de leer. También puede ser que sea porque estoy leyendo un libro que se llama Los magos y me esta aburriendo un poco y es bastante largo por lo tanto meter en medio una historia cortita ha hecho que me enganche. Zophie ha sido un poco pesada y eso que al principio me pareció un personaje interesante pero al final solo lloraba todo el rato. Aunque su muerte me jodió bastante!.Supongo que Clayton y Ella volverán a aparecer y tendrán un papel importante en la historia. Bueno deseando seguir las historias y sobre todo...volver a releerme soy el numero cuatro ya que en su momento me gusto mucho, a ver si sigo teniendo ese sentimiento.

Welcome information

Can't wait for the next . What will i do until then . Glad to get some perspective on Lorien. So good to get this part of the story .

Courtney says

I am not sure how I feel about this short story. I was really hoping for more information on Lexa, but never really got it. Hopefully I will get more information with the next story.

Cami V. Romero says

La verdad es que le iba a dar 2 estrellas, pero con el 'Donde están?' se ganó otra estrellita. Pero en si, la historia se me hizo aburrida... Lo siento David jajajaja

This was a great flashback to the attack on Lorien. These lost file books are too short but give really neat side

stories. I really liked this one. I was being a total dope and didn't realize who the main character was til the last page. I should have figured it out WAY sooner. Will continue to read the series.

OMGods. I've been wary of so many theories about what's gonna happen on The Fate of Ten! It's running across my mind and I'm so freaking excited about how will GUARD would help protect her fellow Loric. It's about to get ferocious out there, Lexa.

P. S. Something to bear in mind. Could it be that Dr. Anu made some attempt to make some experimental genetic manipulation on some traitor-accused Elder be turned into someone who's a hideous Mogadorian Leader who obstruct the fate of his grandchild to be used against the Garde? Or could it be much worse than that? We'll have to find out and fight for Lorien.

Carmen de la Rosa says

Este fue un gran flashback sobre el ataque a Lorien. Estos libros de archivos perdidos son demasiado cortos, pero dan historias paralelas realmente buenas. Realmente me gusta esto. Es una droga total y no me di cuenta de quién era el personaje principal hasta la última página. Debería haberlo averiguado mucho antes.
