April first, 1891, ten year old Zack Wood and his six year old sister Penny, lay on the grassy bank of the river.

They watched as riders ran the family stock from the corral then set fire to the barn.

Across the river, Harrison and Kate Pascoe stood wide eyed with mouths open as those outlaws burned the Wood's barn. "Come on Kate we got to help um."

Kate wide eyed said, "But Harrison, there's so many of them."

"Yeah but mine and Zack's rifle hold fourteen bullets."

## **LAND RUSTLERS MEET U.S. MARSHAL SHORTY THOMPSON**

People looking to owning their little piece of the pie. The Homestead Act, gave people this choice to settle land in the Oklahoma handle. The Indians who lived their were resettled again by the United States Government, who retook the land from them...treaty or no treaty..remember the tribes that settled that area were the ones who walked the "Trail Of Tears" after they were forced out the Carolinas, Georgia and some of the Seminoles from Florida.

So now what's happening is the big city mobs are looking for expansion out west and they are looking at those land purchases, but they want farms that have buildings on them. What the mob was doing was to amass as many farms as possible whether the farmers sold them or in this case they hired middle men who were familiar with the workings of farms and cattle to make these raids killing, murdering whomever got in the way. Shorty was sent for and with the help of farmers who fought for their homeland they were able to hold on to what they paid for in sweat and tears...forget about the disenfranchise

Indians who were herded off to another unpopulated, unpleasant area to live possibly another reservation controlled by unsavory types of Indian agents..but that isn't Shorty's fault nor was it the settlers who settled the "Indian Territories" which covered Oklahoma area. This is another GREAT adventure involving U.S.Marshal Shorty getting those owlhoots and the "Mafia" out of Chicago making a "cameo appearance." Everyone ride easy until our next meeting on the trail with U.S.MARSHAL SHORTY THOMPSON.

**Another day in paradise with Marshal Shorty Thompson and his colleagues. I have all of his stories and each one gets better than the previous ones. This is a very touching story of what probably actually of occurred in our old western adventures, and Mr. Paul Thompson is so adept at bringing the old west back to life.**

Very worthy of the allowable five stars but that doesn't do justice to this masterpiece of Shorty's continuing protection of his old friends, as well as all of his new ones.

I have been following the Joe Pickett since the beginning and this series is s very comparable. This, in itself, says much about Mr. Paul Thompson's writing abilities. I cannot say enough about the magnificent storylines and selection of the many different characters throughout the entire series.

Most definitely recommend this w, as well as the entire series, to all of you seeking great family oriented western adventures. I can assure you that you will not be disappointed as I haven't read one story that wasn't deserving of the five stars.

**Typical**

Rather wordy, but primarily a good read. It would have benefited from a proof reading to correct obvious errors. Ido not understand why many of these westerns have so many typo errors.
