**The Executioner brings his unique brand of warfare to the home of American muscle**

Ever since he began his one-man war against the Mafia, Mack Bolan has dreaded the day he would take on Detroit. The driving engine of the American economy, Detroit is run by the most stable mob outfit in the country. In other cities the Executioner has played different factions of organized crime against one another, letting them do his bloody work for him. But Detroit is a dictatorship of crime, and the only way to bring it down will be to slip in beneath the radar.

While preparing to infiltrate, Bolan encounters Toby Ranger, a beautiful undercover operative who has done him favors in the past. One of her “Ranger Girls” is missing, kidnapped by the grisliest villain in organized crime. When Bolan’s war against the city turns personal, Detroit is going to pay.

## From Reader Review Detroit Deathwatch for online ebook

### **Timothy Boyd says**

An excellent men's adventure series from the 60s, 70's and 80's. The first 38 books are outstanding but then the series is taken over by a bunch of new writers writing under the name of the original creator and they take the series into a new direction I did not care for. The first 38 books are very recommended

### **Brad T. says**

Lots of action

---

### **Jake says**

This one was okay, it was nothing groundbreaking like some of the others in the series have been.

The end was a bit gruesome. I was a little annoyed with the fact that the Turkey Doctor was excused in the New Jersey issue. He got his dish in this one, but it was certainly bitter for us the reader. That might not make sense right now, but if you've been following this series, you'll understand by the end of this book.

### **Davidus1 says**

The series is excellent. A must read if you are into this type of book.

---

### **Monica Willyard says**

Mac Bolan decides it's time to take his war against the mafia to the city of Detroit. It is a well-funded, well armed group of people he's up against. This faction is known for being heavily involved in human trafficking, and Bolan decides it's time to put a stop to that. While infiltrating the organization, he joins forces with an undercover federal agent trying to track the disappearance of a female agent Who had befriended Bolan in the past.

### **Davidus1 says**

A good read. I liked the storyline in Detroit!

---

**William Bagley says**

**One good book, keeps you on edge most of the time. You stay involved**

Waiting for the next turn of events. The author made the this book change by adding a females character as a gun toating mob hunter.

---

**James Hein says**

This one was a step up from many earlier ones. The story was a bit longer and better developed.
