Ghostwalker

Ben Cassidy

Ghostwalker Ben Cassidy

Kendril is a Ghostwalker, a man who is dead to his former life and bound by a solemn vow to seek penance for some mysterious dark sin in his past. When a chance encounter in the forest leads him to inadvertently rescue a woman named Jade, a woman who claims not to remember anything about who she is or what has happened to her, Kendril becomes her reluctant guardian.

But after a gang of ruthless bounty hunters comes after Jade, Kendril finds himself thrown into a deadly game of cat and mouse where one wrong step will be his last. Now he must use every ounce of daring and cunning he has to escape with his life and to protect the woman he is growing to love, a woman with no past.

But can he trust Jade, or will her secrets lead to his undoing?

Ghostwalker is an action-packed novel of suspense set in the fantasy world of Zanthora. Filled with dark humor and a cast of diverse characters, it is the first book in the Chronicles of Zanthora, the relation of the Fourth War of Despair.

Connie Bocci says

LOVE LOVE this series!! I discovered Ben Cassidy by downloading Ghostwalker, a free 1st book in the series. Well this free book grabbed me on page one and I continued downloading one after the other and stayed glued through Book 6, Redemption! I'm anxiously awaiting Book 7, The Raven in the Sea. Mr. Cassidy has richly developed every character to the point of absolute believability. The story is fast paced, exciting, edge of your seat gripping and a great way to forget reality...at least for awhile. What a great author! I'll be waiting Mr. Cassidy!! Get well...you have years and years of awesome writing to do!!

Trenton Haynes says

A fun read

I really did enjoy this story. I like the character Kendril, the vow, the strictures that puts in place. It is an interesting twist on a familiar road. I'm less enamored with Maklavir, although I see how he fits into the formula.

I think my only criticism is that the story end feels abrupt. I would have liked a more elegant, and perhaps elaborate, ending.

Barbara Pesta says

Enjoyable

The story was exciting and I couldn't put it down. I'm looking forward to reading the next installment! Loved it.

Bonnie Holland says

You felt like you were there.

Book made you feel like you were right there the whole time with all of them on the journey. I just wish that once the Royal Army came to her rescue that she would have came back and thanked the guys who had risked everything to keep her safe. It just didn't feel right that once she realized who she was she never came back and gave the guys a reward or anything it just left it a weird ending.

Jessica Leibrant says

Perfect

It ended so perfect, the plot was perfect, the characters where so well done, such an original story, and I love the mystery and suspense...

Hannahlyndsey says

Just what I needed

There is nothing better than a quick fantasy book that has me hooked from the very first line.

Great characters, fast paced story, and continuous humour.

Toni White says

I really enjoyed this adventure. Good clean action and the promise of romance. I appreciated the willingness of each character to put their life on the line for the strangers they encountered on this journey. Looking forward to the next book. I recommend this book to the young and old alike.

I really enjoyed. this adventure. Good. clean action and the promise of romance. I appreciated the willingness of the characters to risk their lives for the strangers they just met. not a long reading, but kept my interest. I recommend this to the young and old alike. I will read the next sequel.

Pat Raab says

A woman kidnapped, her savior a magnificent swordsman who took a strange vow, a diplomat in a purple cape, and a mule named Simon. A strange little group, struggling to get away from a band of bounty hunters, but things just keep going south ...

Volpot says

4 stars. Good book

Sherri Munson says

Good clean read

if your looking for a good read with a lot of action then give this a try in a time where it's so hard to find books that are not filled with smut. it was nice to sink into this one I will be reading the rest of the series as soon as I down load them

Bob Hall says

I had just got my kindle for xmas so what to get for one of my first books, I chose Ghostwalker the first book from the chronicles of Zanthora by Ben Cassidy. I am so glad I did, this whole series is up there with the best and as I understand it this man is still publishing these books himself. The Ghost Walker, has everything you could want from a fantasy novel. There is action, drama, romance, intrigue, and magic what more do you need. It is fast paced, easy to read, and keeps you turning the page. Do not take my word for it read it and see, it is a shame that I can only give it 5 stars it deserves more. I have just finished the sixth book in this series, and can not wait for the seventh. Bob.

Montzalee Wittmann says

Ghostwalker (The Chronicles of Zanthora #1) by Ben Cassidy is a book I have had for a while and I forgot about. I found it and dove in. I thought it was a ghost story but it was not. Although I would have normally been disappointed, this story was good too. It is in a world of black powder guns, swords, inns, Dukes, bandits, rescuing girls in distress, and "Ghostwalkers". A "Ghostwalker" is someone that part myth, part man. There were lots of stories about Ghostwalkers and part of those were very crazy and part of them were true. The truth was they were good fighters and normally feared. The guy of the story is hero and a Ghostwalker. It is a fun story with adventure, action, and sprinkled with humor. I enjoyed it and would love to continue the series.

Chrisette Trevino says

When Kendril finds a woman bound & bleeding in the forest, his life is changed forever. Upon rescuing her, he finds his damsel in distress unable to remember who she is. In trying to bring her home, he gains two more travelers who try to help. The whole story is more complicated by the fact he is a ghostwalker, unable to fight with a long blade, back away from a fight, or care for a woman as long as he lives. Definitely a swashbuckling story, fast paced with a heroine who needs protection.

Jadzia says

Unfortunately, while "Ghostwalker" has a lot of potential, the execution just isn't there.

For example, there are plenty of characters that could have been engaging if they had been given the depth to reach that potential, and while I get the sense that the author had plans of revealing more and more throughout the series, what he offered here wasn't enough to make me want to read on. Why would I invest my time and money into a story with only a hint of a promise that later on it might get interesting? I suppose I'm just not the gambling type.

A large part of the reason I had so much trouble investing in the characters was that I felt their actions didn't always align with the kind of person they were supposed to be, which had me questioning who I could trust. This part is tricky to explain without spoilers, so I'll leave it very general, but there was a large portion of the story where I didn't know if I was dealing with an unreliable narrator or just some sloppy handling of information.

Speaking of narrators, I like the way we are shown each scene from multiple perspectives; I think it adds a nice layer to the more action-based scenes and generally adds some much needed depth to the story. However, the handling of the shifts in perspective is abysmal and leads to a lot of confusion, making each of the fight scenes feel uncomfortably disjointed.

My final thought is a remark on how little I actually thought. I read so much because I want to explore new worlds, experience life with interesting characters, and be challenged and/or invited to think differently about my own life and impact on the world, not just to kill time. It took me about three days to get through "Ghostwalker" (it's been a busy weekend), and between reading, I didn't think about the story once. I would even forget the story entirely until I got a line or two back into it.

While it wasn't bad, it was very disappointing, and because of that, it's not something I would recommend.

Chandra says

SENSUALITY RATING: NO Profanity; NO sexual encounter

GENRE: Adult Fiction; YA; Fantasy World

SETTING: Howling Woods forest

CENTRAL FEMALE CHARACTER: Jade – suffering from amnesia; attractive young woman; a caring person.

CENTRAL MALE CHARACTER: - Kendril – a man with a secret; a protector and fighter; fearless; an enigma.

SYNOPSIS: She was found tied to a tree and could not remember even her name. He freed her and set off to get her to the nearest outpost. Problem? The bounty hunter and his gang are going to hunt her down, deliver her and get paid. A great plot of adventure, trust and danger. Swords, arrows and pistols.

WHAT I LIKED: When will Jade find out who she is or will she.

WHAT I DID NOT LIKE: While the book was fraught with danger and every corner, one could get weary about the escapes from almost impossible situations.

OVERALL RATING: (5) stars because great for YA and Adult. I am an “older” adult that loves a Fantasy World like our world but not quite. Lots of action and adventure. A break from romance
