## **Holiday Mischief** Francine Pascal

The Sweet Valley Middle School choral group goes to Washington, D.C., at Christmas for a school competition. It's the perfect chance for the twins' friend Anna to find her long-lost sister--but Leslie is not quite what they expected.

More reviews and book-ish content @ Club Book Mobile

Holiday Mischief by Francine Pascal was a Super Edition which apparently just meant the girls went on a trick. Y'all, this one was just a little too outlandish - even understanding the audience. The girls' friend Anna wants to go on the choir trip, so she can go to DC and meet her long last sibling. Um, what? A foreign embassy is involved, the girls sneak out of the hotel (y'all, they're 12), and it was just a little much. Well-intentioned, but it was just too many "Wait, what?" moments for this me.

---

### **Alex says**

This was my first time reading this one!

With a name like "Holiday Mischief" I expected this to be Christmas related, but it's not at all. The twins see a Christmas tree at the White House and go caroling, but that's about it. Still, this was a fairly cute book, even though it was even more far-fetched than usual.

Also, Jess and Liz are amazing singers in this somehow, even though they are well known for being absolutely tone-deaf by the time they reach high school. Well, we all know that continuity has never been Sweet Valley's strong suit!

Oh, and CLEARLY Anna's long-lost sister is really Enid. I mean, come on, look at her on the cover!

---

### **Sheila Read says**

I remember the cover but just not the story

---

### **Katrina says**

Read this when I was in my elementary years. Loved it from the start until the end. 'Til now, I never get tired of reading it over and over again.

---

### **Mandy says**

I loved these books growing up, and was very excited when my daughters chose this for a family read. As an adult, I see the book is filled with mistakes (characters change names etc.), not to mention the inaccurate description of our nation's capital (i.e. the Smithsonian is one building). The plot and characters are weak. I guess it might encourage children to read. Fortunately, my daughters already enjoy reading. I'll try to steer them to better literature.

### **Tara Calaby says**

The Wakefield twins are so amazing that they can even star in national singing competitions now! The thing that bugs me the most about this book is not that it's completely unrealistic (it really is - there's a bona fide spy to catch) but rather that the ghost writer chose to put Ellen into the choir instead of Lila, when Lila is the one who's the choir's star soprano in Sweet Valley High. The little things bug me a lot.

### **Marian says**

The absolute best thing about the book, aside from the cover that always makes me think "Enid, what are you doing in a SVT book; you didn't move to the Valley til High School?" is the complete and utter lack of continuity.

In about 90% of the various Sweet Valley books, Liz and Jessica aren't known for their singing voices. Depending on the author, their voices range anywhere from "passable" to "street fighting cats." Yet for this book not only are they good, they're so good that they win national awards for their voices.

Which I could accept if not for Lila being left out, because she actually *\*is\** supposed to have a lovely singing voice.

Oh. And there's a foiled spy plot at the Australian embassy.

### **Massie Block says**

It was a great book! One of my faves next to the Sweet Valley Twin's "Class Trip". See my review from <http://www.claytonpl.org/teens/books/>... below:

Clear your voices and get ready for Sweet Valley Twin's "Holiday Mischief"! The story forms when Elizabeth and Jessica join the school chorus. The chorus gets to travel to Washington D.C. When Elizabeth and Jessica's adopted friend finds out her long lost sister is in D.C., they have to sing and travel at full force to help their friend meet her sister. They capture crooks, go sled riding, defeat a bully, and sing their hearts out in "Holiday Mischief"! The journey starts in the book!

Dull in D.C.:

The twins can sing now, /  
Do not ask me why the fuck. /  
Leslie is a guy
