Joey Peterson works at the River's End Ranch pool during the summer to earn money for college in the fall. His job as a lifeguard is fun and rewarding, although his real dream is to practice sports medicine. He'll get there . . . one semester at a time.

Chelsea McAllister is an Olympic-hopeful swimmer who damaged her knee on a training run. Looking for a place where she can recover while they celebrate their anniversary, her parents book a trip to River's End Ranch, not realizing that Chelsea's ex-boyfriend Joey now works there.

It's been two years since Joey and Chelsea have seen each other, and they didn't part on good terms. Hopefully enough time has gone by to wash the old wounds . . . and that it's all water under the bridge.

#### **Good , but too short.**

This was well -written and I enjoyed the book. Haven't read any other reviews on this , so I'm not sure what others think, but there is a big void here for me! Seemed to me the story was just beginning when it ended. Lots of good character development-- but the ending was too abrupt. For example, we need more romance. What did he really love about her? Did she really resolve her issues? I. Hopp

#### **Another Big hit for Ms. Adams**

What an awesome story about two kids once in love but ended up going in two different directions and one going to another college on a swimming scholarship. The other not knowing what happened and thinking he had lost the meet by sheer seconds to his girlfriend who got the scholarship he needed to attend college. She didn't need it since her family was rich.

A couple of years apart, then she suddenly shows up at the ranch to get in a lot of swim practice and work on an injury that resulted in surgery. But she finds her old boyfriend was the one lifeguard assigned to her private practices.

Both felt like they had been slapped by this reacquaintance.

How will things work out between them or will they?

Get the story and find out. Join in on the fun at River's End Ranch.

#### **Good but needed better ending - ended to quick**

I love this series. This book was good except the ending. While the ending was a happy one it was really sudden- felt very rushed. I also wanted the couple together more. I suggest the author add more to the book or at least add an epilogue....just an epilogue would of moved my rating to at least 4 stars.

Still recommend this series. Get kindle unlimited and binge read them all...I even recommend reading this one.

### **Lucky lifeguard**

Wow a fun and teaching tale about growing up and finding what is important in life! How things can change and plans need to stretch and maybe take a different direction Making choices is sometimes difficult and the greatest and sometimes hardest direction is to follow your heart.

**Thi.**

This book hit the nail on the head. Having ardently followed the river's end ranch series, i had been wondering if the books were losing their spirit. But it's all back with this one. The book continued to pull me in with the explicit emotional portrayal of Chelsea and Joey.

#### **SLOW MOVING ROMANCE.**

Two people reunite for a second chance at love after several years have passed. She is recovering from knee surgery and needs to make decisions regarding her future in sports and he is struggling to fulfill he told as an employee of Rivers End Ranch.

**Ugh**

Once I think the authors are trying to change things up, I'm let down.

Yes, there are different elements in this book compared to the others in the series. But boy oh boy was she so repetitive with the stretching and swimming chapter after chapter.

And true to form, no transition from friends to I love you.

#### **A young love returns for Joey & Chelsea.**

Joey the Lifeguard at River's End Ranch is reunited with his ex girlfriend Chelsea an Olympic swimming hopeful. Old love reunited. Sweet story that is a fast read.

### **Joey & Chelsea**

This is the story of awakening and growing in to the person you are meant to be. What happens when a young girl realizes she is living her parents dreams and not her own and not being true to herself.

### **Reviewed at Romance Is Ageless**

Lucky Lifeguard brings us a story of the younger set, two college aged people who once dated, parted suddenly and now life has brought them together once again. Second chances or ships in the night, only Joey and Chelsea can decide that... with a touch of help from the fairies.

Guilt makes us do incredibly stupid things. And there's not much worse than a break up that you have no idea why or what happened to change someone's feelings about you. Joey and Chelsea dated, seemed to be having a wonderful life together... yet Chelsea got the scholarship for the women's swim team with Olympic hopes very much alive. And Joey, although the better swimmer, did not. A simple reason, the school was looking for members for the women's team not the mens. But that knowledge weighed on Chelsea. Her family was affluent, could better afford her college tuition, Joey worked several part time jobs in order to save for college. It wasn't fair... but her ambitions, and her parent's need for bragging rights overshadowed her decision. In the end she broke off their relationship.

Now, Chelsea is facing a potentially Olympic hopeful career ending injury. She's at River's End Ranch with her parents, their anniversary and her recuperation coinciding. Since Joey is working as a life guard at River's End he has been offered the additional job of being her life guard as she takes over part of the pool for her recovery. As he is alternating college semesters as a pre med student with a goal of sports medicine, every additional penny saved is needed. Neither are exactly happy with the arrangement. But life moves on... except when the emotions are still very much alive and the regrets are far too real.

Although Lucky Lifeguard is geared toward a younger generation, it's message is loud and clear. Often children make life choices based not on their own dreams and desires, but on the expectations of their parents. This is especially true for Chelsea as she has some life altering decisions to make. when faced with what might be her future. Their light romance is touching and the reader is aware that it will build to much more off page as their years go by. There comes a time when the child must become the adult, and make choices that matter only to them. Chelsea has reached that point now she has to decide what her future will hold.

Like all the many and varied River's End Ranch stories, this one will touch your emotions. I'd recommend these stories for any Romance reader who still has that magical belief in love... and maybe fairies.

I read this title through my Kindle Unlimited subscription.

I love RER and all of the books set there but this one ended very abruptly. I'm used to at least an epilogue to give us a wrap up but this felt kind of unfinished. Still a great story and I enjoyed it,

Part of a Series: bk28

Hero: Joey- lifeguard Heroine: Chelsea -Guest

plot/storyline:4.5\* she was his ex and an olympic hopeful til a knee injury.

Ending-4.5\*- A sweet HEA. 1

Reading Enjoyment:4.5\* I enjoyed this book on second chance on love. I would expect some repetition on the 28 th book or even after the 20th book but not in this series. This book has lots of surprises and some tense moments all wrapped up in a sweet romance. As always it's fun to catch up with old friends like visit to Jaclyn and a trip to the diner!!

Overall rating:4.5 -

(out of 5\*)
